## 5. SETUP & INSTALLATION

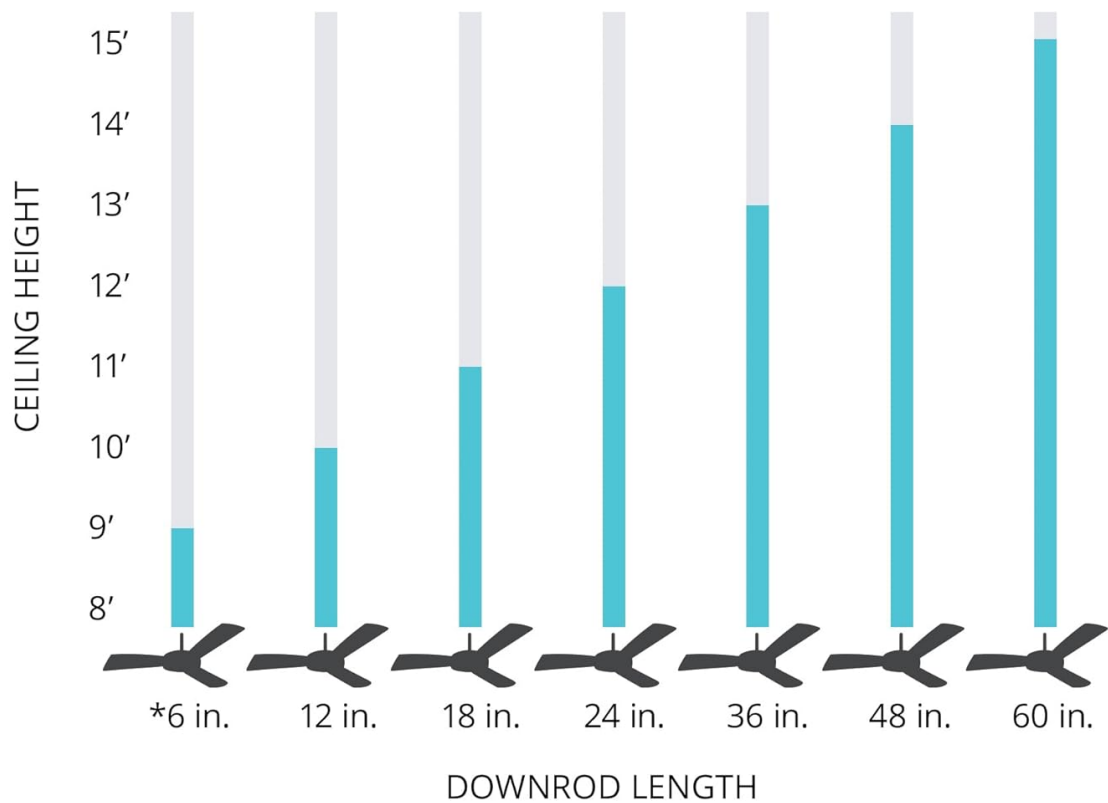

### 5.1 Mounting the Fan

Ensure the mounting location can support the fan's weight. The fan includes a 6-inch downrod and a slope ceiling kit for ceilings up to 30 degrees. For slopes between 32-45 degrees, an optional XF-SCK Slope Ceiling Kit is available. Longer downrods are sold separately if needed for higher ceilings.

# HOW TO CHOOSE DOWNROD HEIGHT

## 5.2 Electrical Connection

Connect the fan's wiring to your household electrical system according to the provided wiring diagram in the included manual. This fan operates on 120 Volts AC/DC. Professional installation is recommended to ensure proper and safe wiring.

## 5.3 Blade and Light Kit Installation

Attach the five fan blades securely to the motor housing. Install the 2700K LED light kit. An optional cover is included to conceal the luminaire if desired. Ensure all connections are tight before restoring power.

## 6. OPERATING INSTRUCTIONS

### 6.1 Remote Control

The fan comes with a battery-operated Bluetooth remote control and a wall cradle for convenient access. Use the remote to adjust fan speed (6 speeds), turn the LED light on/off, and dim the light. The remote also allows for changing the fan's direction for summer (downward airflow) or winter (upward airflow) operation.

## 6.2 Mobile App Control

Download the free Modern Forms app from the iOS App Store or Android Play Store. The app allows you to control fan speed, light brightness, utilize smart features like breeze mode, adaptive learning, create groups, and set schedules to reduce energy costs. The fan is Bluetooth compatible for improved range and control of multiple fans.

# 7. MAINTENANCE

---

## 7.1 Cleaning

To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these may damage the finish or electrical components. Ensure the fan is completely dry before operating.

## 7.2 LED Light Kit

The LED luminaire is replaceable. Refer to the detailed instructions in the full product manual for guidance on replacing the LED light kit when necessary.

# 8. TROUBLESHOOTING

- **Fan does not operate:** Check power at the circuit breaker. Ensure all wiring connections are secure. Verify remote control batteries are functional.
- **Light does not turn on:** Check power. Ensure the LED light kit is properly installed. Verify remote control batteries.
- **Remote control not working:** Replace batteries. Ensure the remote is within range and paired correctly with the fan.
- **App connectivity issues:** Ensure your mobile device is connected to a 2.4 GHz Wi-Fi network. Re-pair the fan with the app if necessary.
- **Fan wobbles:** Ensure all blade screws are tightened. Check that the mounting bracket is securely fastened to the ceiling.

## 9. WARRANTY & SUPPORT

---

Modern Forms offers the following warranty for this product:

- **LED Module:** 5 years
- **Motor:** Lifetime
- **All other parts:** 1 year

For technical support or warranty claims, please contact Modern Forms customer service. Refer to the official Modern Forms website or the included manual for contact details.
