Lucande 9624568

Lucande LED 'Myron' Pendant Lamp Instruction Manual

Model: 9624568

1. Introduction

Thank you for choosing the Lucande LED 'Myron' pendant lamp. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting fixture. Please read these instructions carefully before installation and retain them for future reference.

Figure 1.1: Lucande LED 'Myron' Pendant Lamp.

2. Safety Information

- Installation must be performed by a qualified electrician in accordance with local wiring regulations.
- Ensure the power supply is disconnected at the main fuse box before installation, maintenance, or cleaning.
- This product is designed for indoor use only (IP20 rating). Do not expose to moisture or extreme temperatures.
- Do not modify the lamp in any way. Unauthorized modifications may void the warranty and pose safety risks.
- The light source in this luminaire is not replaceable; when the light source reaches its end of life, the entire luminaire shall be replaced.
- Keep packaging materials out of reach of children.

3. Package Contents

Please check that all components are present and undamaged before proceeding with installation.

- Lucande LED 'Myron' Pendant Lamp (Model 9624568)
- Mounting Bracket
- Installation Hardware (screws, wall plugs)
- Instruction Manual

Figure 3.1: Overview of included components.

4. Installation

Important: Ensure power is disconnected before beginning installation.

1. **Prepare the Mounting Location:** Identify the desired ceiling location for the lamp. Ensure the ceiling can support the weight of the fixture (approx. 1.49 kg).
2. **Attach Mounting Bracket:** Secure the mounting bracket to the ceiling using the provided screws and wall plugs. Ensure it is firmly attached.
3. **Electrical Connection:** Connect the lamp's electrical wires to your household wiring. Follow the standard wiring color codes (e.g., brown to live, blue to neutral, green/yellow to earth). Ensure all connections are secure.
4. **Mount the Lamp:** Carefully attach the lamp's ceiling canopy to the mounting bracket, securing it with the appropriate fasteners.
5. **Adjust Suspension Height:** The lamp's suspension cables can be adjusted to your desired height (between 1100mm and 2100mm). Press the small button on the cable grippers to slide the cables up or down. Ensure the lamp is level.

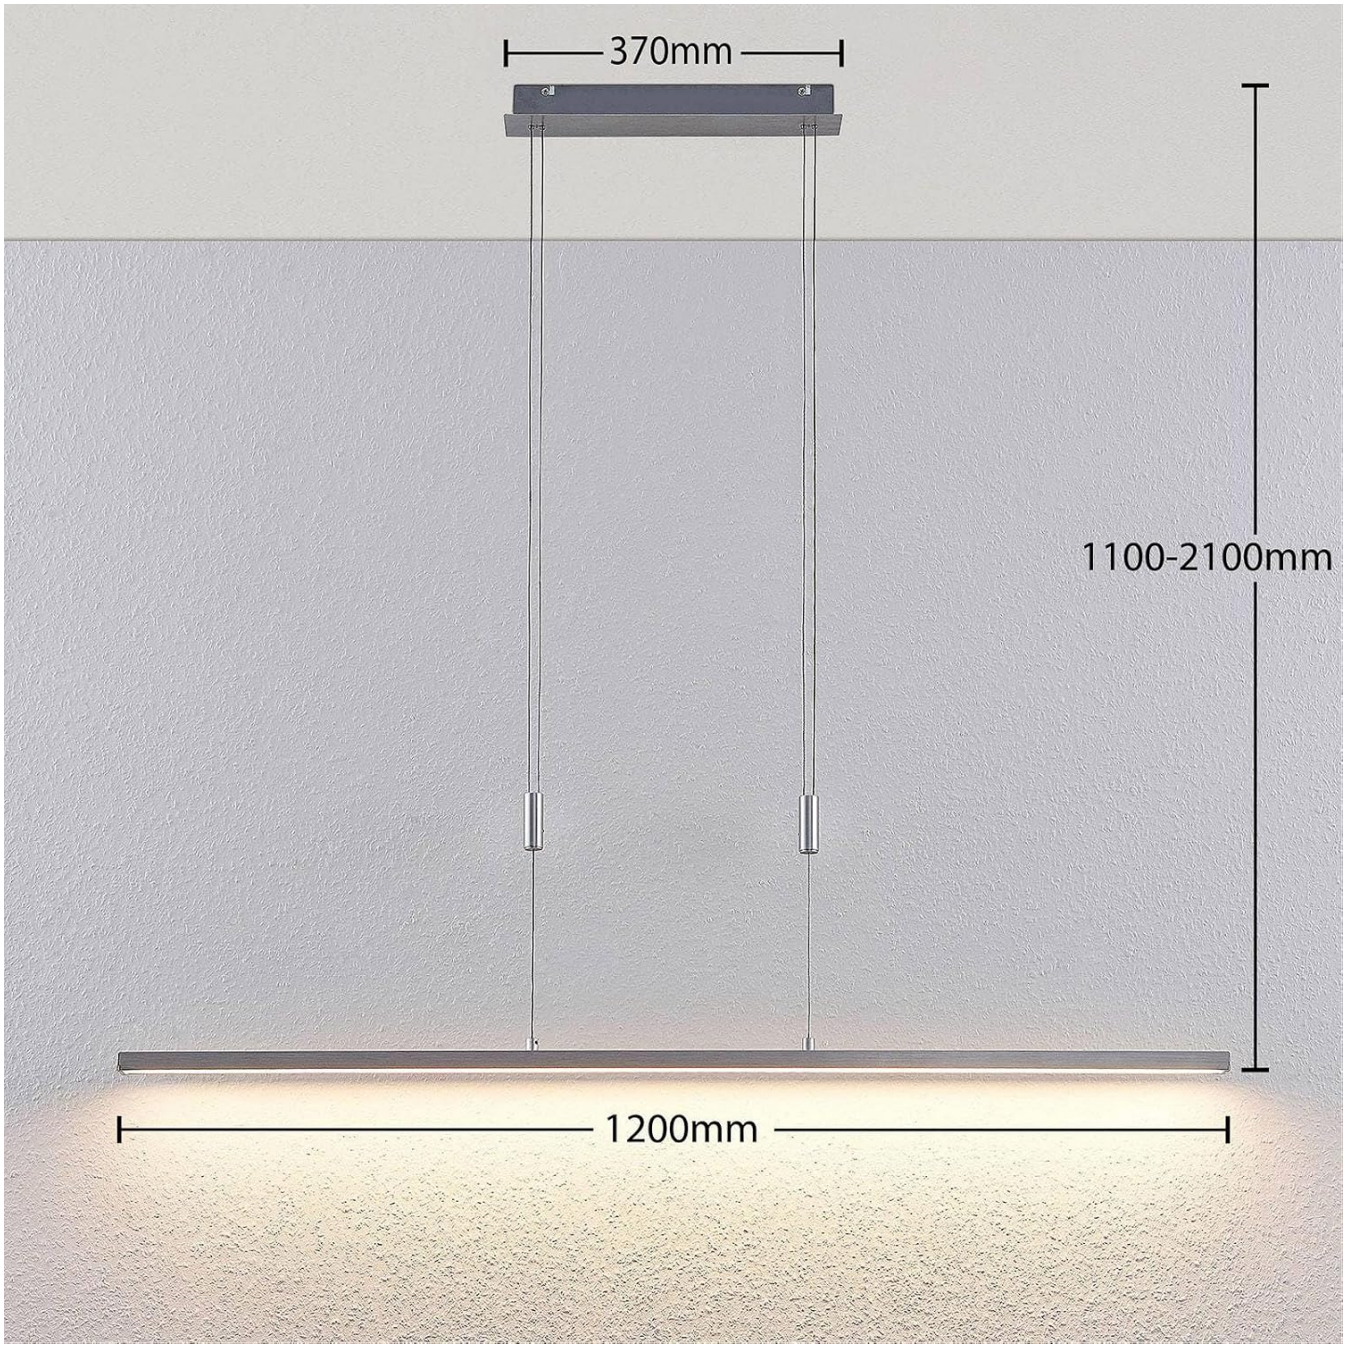

Figure 4.1: Lamp dimensions and adjustable suspension.

Figure 4.2: Suspension cable adjustment detail.

5. Operation

The Lucande 'Myron' pendant lamp features an integrated touch dimmer for convenient control.

- **Switching On/Off:** Briefly touch the sensor button located on the lamp bar to turn the light on or off.
- **Dimming:** To adjust the brightness, touch and hold the sensor button. The light will gradually dim or brighten. Release the button when the desired brightness level is reached.
- **Color Temperature Adjustment:** Briefly touch the sensor button multiple times to cycle through different color temperatures (e.g., warm white, neutral white, cool white).

Figure 5.2: Examples of adjustable brightness and color temperature settings.

6. Maintenance and Care

- Always disconnect power before cleaning.
- Clean the lamp with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- Do not immerse the lamp in water or spray liquids directly onto it.
- Regularly check for any loose connections or signs of damage. If damage is found, discontinue use and consult a qualified electrician.

7. Troubleshooting

Problem	Possible Cause	Solution
Lamp does not turn on.	No power supply. Loose wiring connection. Faulty switch.	Check the main power supply and circuit breaker. Verify all electrical connections are secure (consult an electrician). Test the switch functionality.
Lamp flickers or dims unexpectedly.	Unstable power supply. Loose connection. Internal component issue.	Ensure stable power. Check wiring connections. If problem persists, contact customer support.
Touch dimmer is unresponsive.	Sensor obstruction. Electrical interference.	Ensure the sensor area is clean and unobstructed. Try turning off and on the main power to reset.

If you encounter issues not listed here or if the problem persists after attempting the solutions, please contact Lucande customer support.

8. Specifications

Brand:	Lucande
Model Number:	9624568
Product Dimensions:	120 x 3.5 x 2 cm (Length x Width x Height)
Weight:	1.49 kg
Material:	Aluminum Metal
Finish:	Brushed Aluminum
Style:	Modern
Voltage:	230 Volt
Wattage:	24.2 Watt
Luminous Flux:	2420 Lumen
Light Type:	Integrated LED
Special Features:	Dimmable, Touch Switch
IP Rating:	IP20 (Indoor Use)
Energy Efficiency Class:	E (New EU Energy Label) View EPREL Database

Answered questions about this manual

The maximum height of 1100mm for my Lucande 9624568 Myron pendant lamp is still too low; how can I raise the lamp further?

According to the Lucande 9624568 'Myron' instruction manual, the suspension height is designed to be adjustable between 1100mm and 2100mm. If your lamp is currently at the 1100mm level (which is the shortest/highest setting...
