Water Resistance

The Marea B59002/5 is waterproof. However, avoid prolonged submersion in water, hot water, or steam, as this can affect its seals. Do not press buttons underwater.

Battery Care

To prolong battery life, avoid extreme temperatures. Charge the watch fully when the battery is low. If storing for an extended period, charge it periodically to prevent deep discharge.

TROUBLESHOOTING

Watch Not Turning On

Ensure the watch is fully charged. If it still doesn't turn on, try connecting it to the charger for at least 30 minutes.

Pairing Issues

Check if Bluetooth is enabled on your smartphone. Ensure the watch is within range. Try restarting both the watch and your smartphone. Reinstalling the app might also resolve the issue.

Inaccurate Health Data

Ensure the watch is worn snugly on your wrist, not too tight or too loose. Update your personal information in the app for accurate calculations.
