## 1. PRODUCT OVERVIEW

---

The Marea Smartwatch B59003/4 is a connected device designed for men, offering a comprehensive suite of features for health monitoring, activity tracking, and smart notifications. It connects seamlessly to your smartphone via a dedicated application, providing real-time data and convenient controls.

Figure 1: Front view of the Marea Smartwatch B59003/4. This image shows the smartwatch with a vibrant red silicone band and a black round casing. The digital display shows "16" in large white font, "THU 09" in smaller white font below it, and "45" in large yellow font. Battery and Bluetooth connection icons are visible at the top of the display. The watch face features a subtle patterned background.

## 2. INITIAL SETUP

---

### 2.1 Unboxing and Charging

Upon unboxing, ensure all components are present: the Marea Smartwatch B59003/4 and its charging cable. Before first use, fully charge the device. Connect the charging cable to the watch and a compatible USB power source. The watch display will indicate charging status.

### 2.2 App Installation and Pairing

1. **Download the App:** Search for the official Marea Smartwatch application in your smartphone's app store (Google Play

Store for Android or Apple App Store for iOS).

2. **System Requirements:** Ensure your smartphone meets the minimum operating system requirements: iOS 9.0 or higher, or Android 5.1 or higher.
3. **Enable Bluetooth:** On your smartphone, navigate to settings and ensure Bluetooth is enabled.
4. **Open the App:** Launch the Marea Smartwatch application on your phone. Follow the on-screen instructions to create an account or log in.
5. **Pair the Device:** Within the app, select the option to add a new device or pair a smartwatch. The app will search for nearby Marea Smartwatch devices. Select "B59003/4" from the list. Confirm the pairing request on both your phone and the smartwatch if prompted.
6. **Complete Setup:** Once paired, the app may guide you through initial settings such as personal profile, notification preferences, and health goals.

### 3. OPERATING INSTRUCTIONS

---

The Marea Smartwatch B59003/4 offers a variety of functions accessible through its touch screen and side button, in conjunction with the companion mobile application.

#### 3.1 Health Monitoring

- **Heart Rate Monitoring:** Continuously records and displays your heart rate. Data can be viewed on the watch and in the app.
- **Blood Pressure:** Provides estimates of blood pressure. For accurate medical readings, consult a healthcare professional.
- **Electrocardiogram (ECG):** Supports ECG measurements. This feature is for informational purposes and not a substitute for professional medical diagnosis.
- **Blood Oxygen (SpO2):** Measures blood oxygen saturation levels.
- **Sleep Monitoring:** Tracks sleep patterns, including deep sleep, light sleep, and awake times.
- **Water Intake Reminder:** Can be configured to remind you to drink water at regular intervals.

#### 3.2 Activity Tracking

- **Steps Counter:** Records the total number of steps taken throughout the day.
- **Distance Traveled:** Calculates the distance covered based on your steps.
- **Calories Burned:** Estimates calorie consumption during physical activity.
- **Sedentary Reminder:** Alerts you when you have been inactive for a prolonged period, encouraging movement.
- **Chronograph:** A built-in stopwatch function for timing activities.

#### 3.3 Notifications and Smart Features

- **Call Notifications:** Receive alerts for incoming calls on your wrist.
- **Message Notifications:** View incoming SMS messages.
- **Social Media Notifications:** Get alerts from your connected social media applications.
- **Alarm Function:** Set alarms directly from the watch or through the app.
- **Remote Music Control:** Control music playback on your smartphone (play, pause, skip) from the smartwatch.
- **Remote Camera Control:** Use the smartwatch as a remote shutter for your phone's camera.
- **Find My Watch:** Use the app to locate your watch if it's within Bluetooth range.
- **Find My Phone:** Use the watch to make your phone ring, helping you locate it.

## 4. CARE AND MAINTENANCE

---

- **Cleaning:** Regularly clean the watch casing and band with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance:** The device has an IP68 protection level, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. However, it is not suitable for hot water, saunas, or diving. Avoid prolonged exposure to water.
- **Charging:** Use only the provided charging cable. Do not expose the charging contacts to water or corrosive liquids.
- **Storage:** Store the smartwatch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Avoid Impact:** Protect the watch from strong impacts or drops, which can damage the internal components or screen.

## 5. TROUBLESHOOTING

---

Problem	Possible Solution
Watch does not turn on.	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Unable to pair with smartphone.	<ul style="list-style-type: none"><li>• Ensure Bluetooth is enabled on your phone.</li><li>• Make sure the watch is within Bluetooth range (typically 10 meters).</li><li>• Restart both the watch and your smartphone.</li><li>• Check if your phone meets the minimum OS requirements (iOS 9.0+/Android 5.1+).</li><li>• Try unpairing and re-pairing the device through the app.</li></ul>
Notifications are not received.	<ul style="list-style-type: none"><li>• Verify that notification permissions are granted to the Marea app on your smartphone.</li><li>• Ensure the watch is connected via Bluetooth.</li><li>• Check notification settings within the Marea app.</li></ul>
Inaccurate health data.	<ul style="list-style-type: none"><li>• Ensure the watch is worn snugly on your wrist, but not too tight.</li><li>• Clean the sensor on the back of the watch.</li><li>• Note that these readings are for reference and not medical-grade.</li></ul>
