Innova Smartwatch-Innova-Square-Full-Touch-Swc8Ft User Manual

Model: 8436034142607

INTRODUCTION

Welcome to the user manual for your Innova Smartwatch-Innova-Square-Full-Touch-Swc8Ft. This guide provides essential information on setting up, operating, maintaining, and troubleshooting your new smartwatch. Please read this manual thoroughly to ensure proper use and to maximize the features of your device.

WHAT'S IN THE BOX

- Innova Smartwatch-Innova-Square-Full-Touch-Swc8Ft
- Charging Cable
- User Manual (this document)

SETUP

1. Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the provided charging cable to the charging port on the back of the watch and plug the other end into a USB power adapter (not included) or a computer's USB port. The watch screen will indicate charging status.

2. Powering On/Off

To power on, press and hold the side button until the screen lights up. To power off, press and hold the side button, then select the power off option on the screen.

3. Pairing with Your Smartphone

Your Innova Smartwatch connects to your smartphone via Bluetooth.

1. Download the companion application for your smartwatch from your smartphone's app store (e.g., Google Play Store or Apple App Store). Refer to the packaging or quick start guide for the app name.
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the companion app and follow the on-screen instructions to create an account and pair your smartwatch. The

app will guide you through the pairing process, which typically involves selecting your device from a list of nearby Bluetooth devices.

4. Confirm the pairing request on both your smartphone and smartwatch if prompted.

Note: For optimal performance and to receive notifications, ensure the companion app is running in the background and has necessary permissions enabled on your smartphone.

OPERATING YOUR SMARTWATCH

This image displays the Innova Smartwatch, a black square-faced device with a black strap. The screen shows icons for Sports, Alarm, Music, Weather, Timer, Stopwatch, Find Phone, and Settings. Additionally, floating panels illustrate features like Step tracking, Message notifications, Sleep monitoring, and Health tracking (heart rate). Below the watch face, fitness data is shown: 15121 steps, 2.3 Km, and 368 Kcal.

Basic Navigation

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and screens. Tap to select an option or open an application.
- **Side Button:** Typically used to return to the home screen, wake/sleep the screen, or power on/off the device.

Key Features

- **Sports Tracking:** Monitor your physical activity including steps taken, distance covered, and calories burned. Access this feature via the 'Sports' icon.
- **Health Monitoring:** Track your heart rate and sleep patterns. The 'Health' icon provides access to these metrics.

- **Notifications:** Receive alerts for incoming calls, messages, and app notifications directly on your wrist. Manage notification settings through the companion app.
- **Alarm:** Set alarms to wake you up or remind you of important events.
- **Timer & Stopwatch:** Utilize these tools for precise timekeeping during workouts or daily tasks.
- **Music Control:** Control music playback on your connected smartphone (play, pause, skip tracks).
- **Weather:** View current weather conditions and forecasts (requires connection to smartphone and internet).
- **Find Phone:** Use this feature to locate your paired smartphone by making it ring (if within Bluetooth range).
- **Settings:** Customize watch faces, adjust brightness, manage connections, and access other device settings.

MAINTENANCE

- **Cleaning:** Wipe the watch screen and strap regularly with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- **Battery Care:** To prolong battery life, avoid exposing the smartwatch to extreme temperatures. Charge the device regularly and avoid letting the battery completely drain for extended periods.
- **Storage:** When not in use for a long time, store the smartwatch in a cool, dry place.
- **Water Resistance:** While the device may have some resistance to splashes, avoid submerging it in water or exposing it to high-pressure water jets unless explicitly stated otherwise in the product specifications.

TROUBLESHOOTING

Problem	Possible Solution
Smartwatch won't turn on.	Ensure the device is fully charged. Connect it to the charging cable and a power source for at least 30 minutes.
Cannot pair with smartphone.	<ul style="list-style-type: none">• Ensure Bluetooth is enabled on your smartphone.• Make sure the smartwatch is within Bluetooth range (typically 10 meters).• Restart both the smartwatch and your smartphone.• Clear Bluetooth cache on your phone or forget the device and try pairing again.• Ensure the companion app is updated to the latest version.
Notifications are not received.	<ul style="list-style-type: none">• Check notification settings in the companion app and on your smartphone.• Ensure the smartwatch is properly paired and connected.• Verify that the companion app has permission to access notifications.
Inaccurate fitness data.	<ul style="list-style-type: none">• Ensure the smartwatch is worn snugly on your wrist.• Calibrate the device through the companion app if an option is available.• Restart the smartwatch.

If problems persist, consider performing a factory reset on your smartwatch (refer to the device's settings menu for this option). This will erase all data and settings, returning the watch to its original state.
