## BAGSMART BM0108003AN

# BAGSMART Toiletry Bag Instruction Manual - Model BM0108003AN

Your guide to using and maintaining your BAGSMART Toiletry Bag.

## INTRODUCTION

---

This manual provides detailed instructions for the proper use and care of your BAGSMART Toiletry Bag, Model BM0108003AN. Designed for efficient organization of personal care items, this bag is suitable for both travel and home use.

## PRODUCT FEATURES

- **Water-Resistant Material:** Constructed from durable, water-resistant fabric to protect contents from splashes and spills.
- **Spacious Capacity:** Available in medium (10.6"L x 3.9"W x 6.7"H) and large (12.2"L x 5.5"W x 7.5"H) sizes to accommodate various toiletries and accessories.
- **Multi-Functional Design:** Features multiple compartments, including a main compartment with elastic straps, internal mesh pockets, and external zippered pockets for organized storage.
- **Separate Compartments:** Includes a front waterproof pocket for separating wet and dry items, and a back pocket with elastic bands and zippered sections.
- **Dual Zipper Design:** Equipped with dual zippers for easy and wide opening, allowing convenient access to contents.

- **Elastic Straps:** Internal elastic straps are designed to hold bottles upright, preventing leaks and maintaining order.
- **Portable Design:** Features a sturdy handle for easy carrying and portability.

## COMPARISON OF BASIC AND STANDARD VERSIONS

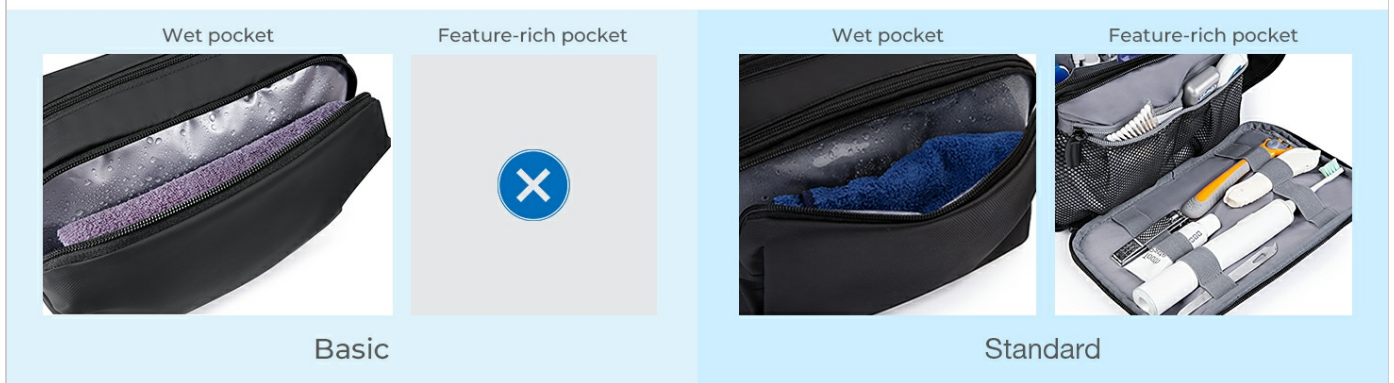

Image: Visual comparison detailing the advantages of the standard version's dual zipper, elastic loops, and mesh pockets over a basic single-zipper design.

## SETUP AND INITIAL USE

Upon receiving your BAGSMART Toiletry Bag, unpack it and inspect for any damage. The bag is ready for immediate use without any assembly required.

1. **Unpack:** Remove the bag from its packaging.
2. **Inspect:** Check all zippers and compartments to ensure they are functioning correctly.
3. **Ventilate (Optional):** If a new product scent is present, allow the bag to air out in a well-ventilated area for a few hours.

## OPERATING INSTRUCTIONS

The BAGSMART Toiletry Bag is designed for intuitive organization. Follow these guidelines for optimal use:

### Organizing Your Items

- **Main Compartment:** Utilize the elastic straps to secure bottles (shampoo, conditioner, lotions) in an upright position.

This prevents spills during transit.

- **Internal Mesh Pockets:** Store smaller items such as toothbrushes, toothpaste, razors, and small cosmetics in the mesh pockets for visibility and easy access.
- **Front Waterproof Pocket:** Use this dedicated pocket for items that may be wet or could leak, such as a wet washcloth, travel-sized liquids, or a damp toothbrush. This keeps them separate from dry items.
- **Back Zippered Pocket:** Ideal for flat items like combs, small mirrors, or documents. The elastic band can help secure specific items.

## Accessing Items

The dual zipper design allows the bag to open widely, providing full visibility and easy access to all contents. Simply pull both zippers to fully open the main compartment.

# EASY ACCESS ITEMS

Double zipper

Ours **VS** Others

Single zipper

fully open

Can't stay open

## CARE AND MAINTENANCE

Proper care will extend the life of your toiletry bag.

- **Cleaning:** Wipe the exterior and interior surfaces with a damp cloth and mild soap. Do not machine wash or tumble dry.
- **Drying:** Allow the bag to air dry completely before storing or repacking to prevent mildew.
- **Stain Removal:** For stubborn stains, use a gentle fabric cleaner and follow the product instructions. Test on an inconspicuous area first.
- **Storage:** Store in a cool, dry place away from direct sunlight when not in use.

## Water resistant

Image: Demonstrates the water-resistant property of the bag's material, showing water droplets on the surface.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Zipper snagging	Fabric caught in zipper teeth; zipper not aligned.	Gently pull the fabric away from the zipper. Ensure the zipper is aligned before pulling. Apply a small amount of zipper lubricant (e.g., wax) if needed.
Contents not staying upright	Bottles are too small for elastic loops or not properly secured.	Ensure bottles are placed firmly within the elastic loops. For smaller items, consider using additional pouches or wrapping to secure them.
Unpleasant odor	New product smell or residual moisture.	Air out the bag in a well-ventilated area. Ensure the bag is completely dry after cleaning.

## PRODUCT SPECIFICATIONS

---

- **Model Number:** BM0108003AN
- **Material:** Water-resistant fabric
- **Dimensions (Medium):** 10.6 inches (L) x 3.9 inches (W) x 6.7 inches (H)
