BELLA 14-Oz. Personal Blender Instruction Manual

Model: B084HPW5R5

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed, including the following:

- Read all instructions before operating the blender.
- To protect against electrical shock, do not immerse the motor base, cord, or plug in water or other liquids.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use, before assembling or disassembling parts, and before cleaning.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- The use of attachments not recommended or sold by the manufacturer may cause fire, electric shock, or injury.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Keep hands and utensils out of the container while blending to reduce the risk of severe injury to persons or damage to the blender. A scraper may be used but only when the blender is not running.
- Blades are sharp. Handle with care.
- Always operate the blender with the lid in place.
- Do not blend hot liquids.

PRODUCT COMPONENTS

Familiarize yourself with the parts of your BELLA Personal Blender before use.

Image 1: The BELLA 14-Oz. Personal Blender showing its main components: the motor base, the blending jar with measurement markings, and the lid. The power/pulse button is visible on the front of the base.

1. **Lid:** Secures the blending jar during operation.
2. **Blending Jar (14 oz capacity):** Transparent container for ingredients, with measurement markings.
3. **Blade Assembly:** Integrated within the blending jar, made of stainless steel.
4. **Motor Base:** Houses the motor and control button.
5. **Power/Pulse Button:** Controls the blending operation.

SETUP AND FIRST USE

1. **Unpack:** Carefully remove all components from the packaging.
2. **Clean:** Before first use, wash the blending jar and lid in warm, soapy water. Rinse thoroughly and dry. Wipe the motor base with a damp cloth. Do not immerse the motor base in water.
3. **Assemble:** Place the motor base on a clean, dry, and stable surface.

OPERATING INSTRUCTIONS

This personal blender features a single speed setting for efficient blending.

Image 2: The BELLA 14-Oz. Personal Blender with its jar filled with fresh fruits like strawberries, blueberries, and kiwi, ready for blending. Additional fruits are shown next to the blender.

1. **Add Ingredients:** Place your desired ingredients into the blending jar. Ensure ingredients do not exceed the 14 oz (400 ml) maximum fill line. For best results, add liquids first, then soft ingredients, and finally harder ingredients or

ice.

- 2. **Secure Lid:** Place the lid firmly onto the blending jar.
- 3. **Place Jar on Base:** Align the blending jar with the motor base and twist clockwise until it locks securely into place.
- 4. **Plug In:** Plug the power cord into a standard electrical outlet (240 Volts).
- 5. **Blend:** Press and hold the "POWER + PULSE" button to begin blending. Release the button to stop. For continuous blending, you may need to hold the button down. Use short pulses for controlled blending or to break up larger pieces. Do not operate continuously for more than 60 seconds to prevent motor overheating. Allow the blender to rest for several minutes between cycles if blending for extended periods.
- 6. **Finish Blending:** Once desired consistency is reached, release the button and unplug the blender from the outlet.
- 7. **Remove Jar:** Twist the blending jar counter-clockwise to unlock it from the motor base, then lift it off.
- 8. **Serve:** Remove the lid and pour your blended creation.

MAINTENANCE AND CLEANING

Proper cleaning ensures the longevity and hygiene of your blender.

- 1. **Unplug:** Always ensure the blender is unplugged from the power outlet before cleaning.
- 2. **Clean Jar and Lid:** Wash the blending jar and lid immediately after use. They can be washed by hand with warm, soapy water and a non-abrasive sponge. Rinse thoroughly. The stainless steel blade assembly is integrated into the jar; exercise caution when cleaning around the blades.
- 3. **Clean Motor Base:** Wipe the motor base with a damp cloth. Do not immerse the motor base in water or any other liquid.
- 4. **Stubborn Residue:** For stubborn residue in the jar, fill it with warm water and a drop of dish soap, secure the lid, and pulse for a few seconds. Then rinse thoroughly.
- 5. **Storage:** Store the clean and dry blender in a safe place.

TROUBLESHOOTING

If you encounter issues with your blender, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Blender does not turn on.	Not plugged in; jar not properly secured; power outage.	Ensure the power cord is securely plugged into a working outlet. Make sure the blending jar is correctly aligned and locked onto the motor base. Check your household circuit breaker.
Ingredients are not blending smoothly.	Too little liquid; too many ingredients; ingredients are too large.	Add more liquid. Reduce the amount of ingredients. Cut larger ingredients into smaller pieces. Use the pulse function to break up stubborn ingredients.
Motor smells or overheats.	Overloaded; continuous operation for too long.	Reduce the amount of ingredients. Do not operate for more than 60 seconds continuously. Unplug the blender and allow it to cool down for at least 15-20 minutes before resuming use.

SPECIFICATIONS

Brand: BELLA
Model: B084HPW5R5
Capacity: 14 Fluid Ounces (approx. 400 ml)
Product Dimensions: 5"D x 7"W x 9"H
Included Components: Blender Jar
Power Source: Corded Electric
Number of Speeds: 1
Voltage: 240 Volts
Blade Material: Stainless Steel
Item Weight: 14 ounces
UPC: 829486147609
