Dolphin SPB-8X

Dolphin Bluetooth Portable Speaker SPB-8X User Manual

Model: SPB-8X | Brand: Dolphin

INTRODUCTION

Thank you for choosing the Dolphin Bluetooth Portable Speaker SPB-8X. This manual provides essential information for setting up, operating, and maintaining your speaker to ensure optimal performance and longevity. The SPB-8X is designed for portability and delivers high-definition sound with versatile connectivity options.

Key Features:

- Built-in phone holder for convenient device access.
- Wavesync Technology for immersive and crystal-clear audio performance.
- Hands-free call function for easy communication.
- Hi-Definition sound for precision and clarity in music playback.
- Long-lasting battery for extended playtime.
- Bluetooth and AUX connectivity.
- Integrated FM Radio.

WHAT'S IN THE BOX

- Dolphin Bluetooth Portable Speaker SPB-8X
- Charging Cable

PRODUCT OVERVIEW

Familiarize yourself with the components and controls of your Dolphin SPB-8X speaker.

Figure 1: Front view of the Dolphin SPB-8X Portable Speaker, showcasing the dual speaker grilles, central control panel, and integrated phone holder.

Figure 2: Rear view of the speaker, highlighting the USB and AUX input ports for wired connections.

Figure 3: The speaker with a smartphone securely placed in its integrated phone holder, demonstrating its convenience for media viewing.

Control Panel:

- **M (Mode) Button:** Press to switch between Bluetooth, FM Radio, and AUX modes.
- **- (Volume Down) Button:** Press to decrease volume. Hold to skip to the previous track.
- **+ (Volume Up) Button:** Press to increase volume. Hold to skip to the next track.
- **Play/Pause Button:** Press to play or pause audio. In call mode, press to answer or end a call.

SETUP GUIDE

1. Charging the Speaker:

1. Connect the provided charging cable to the speaker's charging port.
2. Connect the other end of the cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The charging indicator light will illuminate. Once fully charged, the light may change color or turn off.
4. A full charge provides hours of playtime.

2. Powering On/Off:

- To power on, press and hold the Power button (usually integrated with the Mode button or a separate switch) until you hear an audible prompt.
- To power off, press and hold the Power button again until the speaker shuts down.

3. Bluetooth Pairing:

1. Ensure the speaker is powered on and in Bluetooth mode (indicated by an audible prompt or LED). If not, press the 'M' (Mode) button to switch to Bluetooth.
2. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
3. Select "Dolphin SPB-8X" from the list of devices.
4. Once paired, you will hear a confirmation sound. The speaker is now ready to play audio wirelessly.
5. The Bluetooth range is approximately 30 feet (9 meters).

4. AUX Connection:

- Connect one end of a 3.5mm audio cable (not included) to the AUX input port on the speaker (refer to Figure 2).
- Connect the other end of the cable to the audio output jack of your device.
- The speaker will automatically switch to AUX mode, or you may need to press the 'M' (Mode) button to select AUX.

5. FM Radio Operation:

- Press the 'M' (Mode) button to switch to FM Radio mode.
- To auto-scan and save available stations, press and hold the Play/Pause button. The speaker will scan and store stations automatically.
- Use the '-' and '+' buttons to navigate between saved stations.

6. Using the Phone Holder:

- The integrated phone holder is located on the top surface of the speaker.
- Simply place your smartphone or small tablet into the slot for convenient hands-free viewing while listening to audio.

7. Wavesync Technology (Pairing Two Speakers):

Wavesync Technology allows you to pair two Dolphin SPB-8X speakers together for a true stereo sound experience.

Figure 4: Two Dolphin SPB-8X speakers wirelessly connected using Wavesync Technology for enhanced audio.

1. Ensure both SPB-8X speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (this will be the primary speaker), press and hold the 'M' (Mode) button for a few seconds until you hear a pairing tone, indicating it's searching for another speaker.
3. The second speaker will automatically connect to the primary speaker. You will hear a confirmation tone once connected.
4. Now, connect your device to the primary speaker via Bluetooth as described in step 3. Audio will play through both speakers in stereo.

OPERATION

Volume Control:

- Press the '+' button to increase the volume.
- Press the '-' button to decrease the volume.

Track Navigation:

- Hold the '+' button to skip to the next track.
- Hold the '-' button to go back to the previous track.

Play/Pause:

- Press the Play/Pause button to pause the current audio playback. Press again to resume.

Hands-Free Calling:

When connected via Bluetooth, the speaker supports hands-free calling.

Figure 5: The speaker facilitating a hands-free call, demonstrating its built-in microphone capabilities.

- **Answer Call:** Press the Play/Pause button when an incoming call rings.

- **End Call:** Press the Play/Pause button during a call to hang up.
- **Reject Call:** Press and hold the Play/Pause button when an incoming call rings.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the speaker's exterior. Do not use abrasive cleaners or solvents.
- **Water Resistance:** The speaker has a water-resistant design, but it is NOT waterproof. Do not submerge it in water or expose it to heavy rain. Wipe off any splashes immediately.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the speaker before first use and recharge it regularly, even if not in frequent use. Avoid completely draining the battery.

TROUBLESHOOTING

Problem	Possible Solution
Speaker does not power on.	Ensure the battery is charged. Connect the charging cable and allow it to charge for at least 30 minutes before attempting to power on again.
No sound from the speaker.	Check the volume level on both the speaker and your connected device. Ensure the speaker is in the correct mode (Bluetooth, AUX, FM). If using Bluetooth, ensure it's properly paired.
Bluetooth pairing fails.	Ensure the speaker is in Bluetooth pairing mode. Turn off Bluetooth on your device and turn it back on. Forget "Dolphin SPB-8X" from your device's Bluetooth list and try pairing again. Move the speaker closer to your device.
Poor FM radio reception.	Relocate the speaker to an area with better signal. Extend any built-in antenna if available.
Wavesync pairing fails.	Ensure both speakers are SPB-8X models and are not connected to any other Bluetooth devices. Try resetting both speakers and repeating the Wavesync pairing process.

SPECIFICATIONS

Feature	Detail
Model Name	SPB-8X
Brand	Dolphin
Speaker Type	Portable Bluetooth Speaker
Connectivity Technology	Bluetooth, Auxiliary
Wireless Communication Technology	Bluetooth
Bluetooth Range	30 Feet
Audio Output Mode	Surround, Stereo

Feature	Detail
Speaker Maximum Output Power	10 Watts
