Tvilum 70332hl

Tvilum 3 Drawer Chest, Jackson Hickory - Instruction Manual

Model: 70332hl

Introduction

This manual provides instructions for the assembly, operation, and maintenance of your Tvilum 3 Drawer Chest, Jackson Hickory. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

Refer to the instructions manual for detailed safety guidelines. Always ensure the chest is placed on a stable, level surface. Do not allow children to climb on the chest. To prevent tipping, it is recommended to secure the chest to a wall using appropriate anti-tip hardware, if provided.

Package Contents

Before assembly, verify that all components are present. A complete list of parts and hardware is typically included in the packaging. If any parts are missing or damaged, contact Tvilum customer support.

Ensure you have adequate space and the necessary tools (e.g., screwdriver, hammer) before beginning assembly. Follow the step-by-step instructions provided by the BILT app or the included paper manual.

Operating the Chest

The Tvilum 3 Drawer Chest features three drawers designed for storage.

To open a drawer, gently pull the handle. To close, push the drawer firmly until it is fully seated.

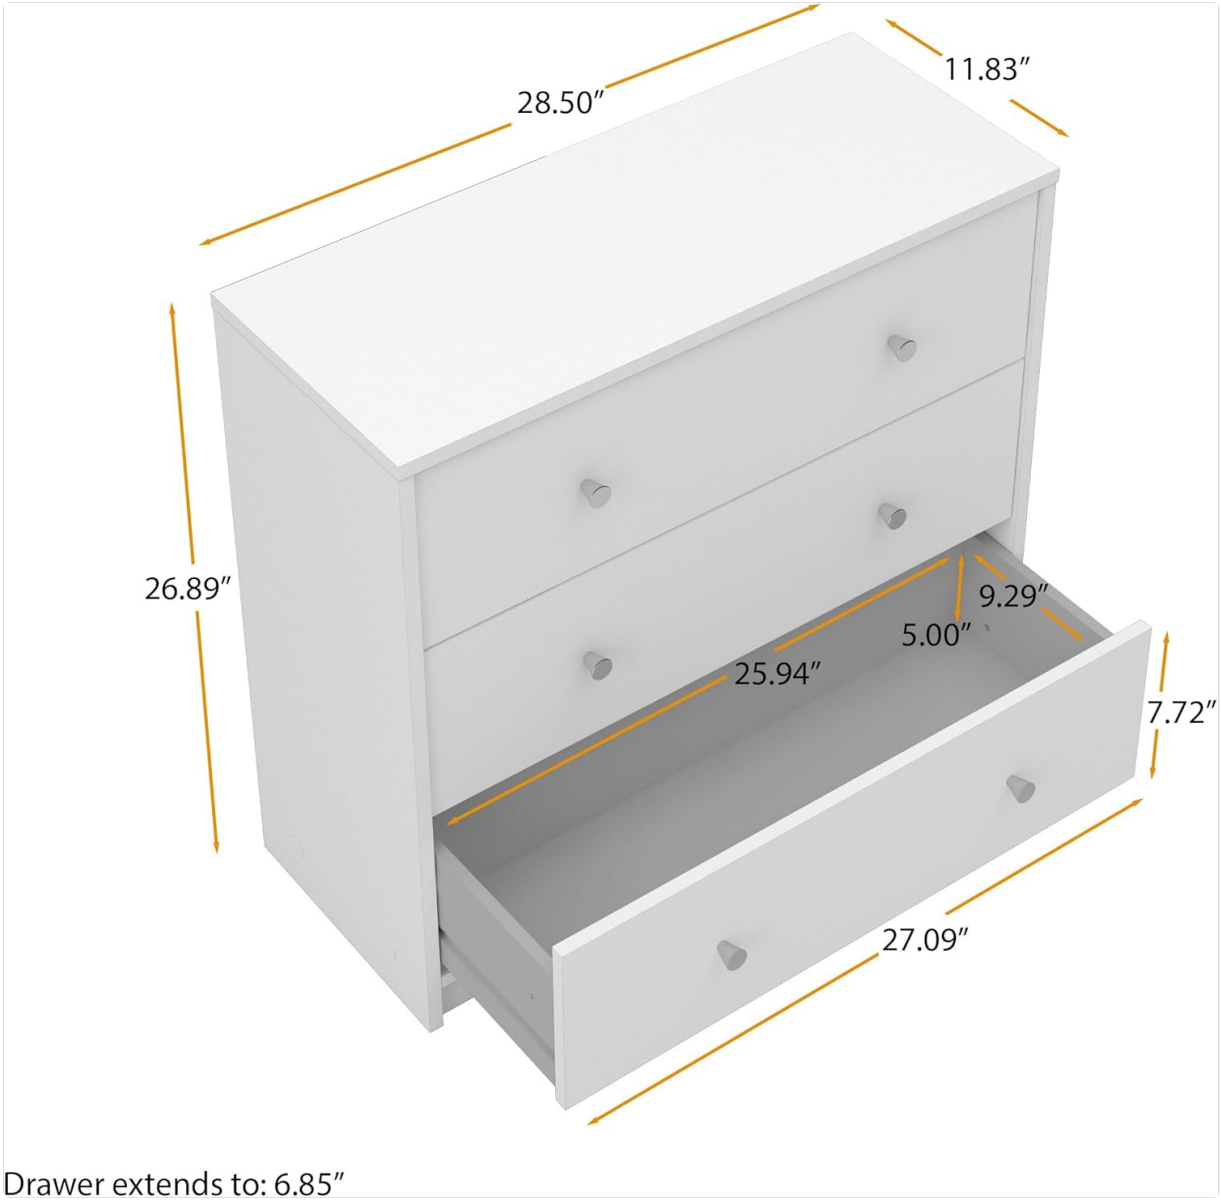

Image: Side view of the chest with one drawer partially open, illustrating internal drawer dimensions and overall product dimensions.

Avoid overloading drawers to ensure smooth operation and prevent damage. The drawers are designed with high sides for ample storage capacity.

Maintenance and Care

The product features a fade-resistant foil surface that is easy to clean.

To clean, wipe with a damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.

Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary to maintain stability.

Troubleshooting

- **Drawers not closing smoothly:** Check for obstructions within the drawer slides. Ensure the chest is on a level surface.
- **Drawers feeling wobbly or loose:** Verify that all assembly hardware is securely tightened. Refer to the assembly instructions for specific fastener locations.

- **Drawer bottom panel issues:** Ensure the drawer bottom panels are correctly seated in their grooves. If they frequently dislodge, consider applying a small amount of wood glue to secure them in place during assembly.
