MAINTENANCE AND CLEANING

Regular cleaning is essential to maintain hygiene and prolong the life of your reusable mask.

- **Washing:** Hand wash or machine wash the mask in cold water with mild detergent.
- **Drying:** Air dry the mask completely. Do not tumble dry, as this may affect the fabric's integrity or mask's shape.
- **Storage:** Store the clean, dry mask in a clean, breathable bag or container when not in use.
- **Frequency:** Wash the mask after each use.

TROUBLESHOOTING

- **Mask feels too tight/loose:** Ensure the ear loops are properly positioned. While the mask is designed for kids, fit can vary. If too loose, consider gently twisting the ear loops before placing them around the ears to shorten them slightly.
- **Discomfort:** If the child experiences discomfort, ensure the mask is not pulled too tight. Take breaks from wearing the mask if possible.
- **Mask is damaged:** If the mask shows signs of wear, tear, or damage, discontinue use and replace it with a new one.
