MINISO Pittura Nail Polish 01 Black Instruction Manual

Model: 1100004186

1. INTRODUCTION

This manual provides detailed instructions for the proper use and care of your MINISO Pittura Nail Polish in 01 Black. Designed for a long-lasting and chip-resistant finish, this nail enamel helps strengthen nails while providing a vibrant, glossy color.

2. SAFETY INFORMATION

-
- For external use only.
 - Keep out of reach of children.
 - Avoid contact with eyes. In case of contact, rinse thoroughly with water.
 - Flammable: Keep away from heat, sparks, open flames, and hot surfaces. No smoking.
 - Use in a well-ventilated area.
 - Discontinue use if irritation or allergic reaction occurs.

3. PRODUCT FEATURES

- **Color:** 01 Black
- **Finish:** Glossy
- **Durability:** Long-lasting and chip-resistant formula.
- **Nail Health:** Designed to strengthen nails.
- **Application:** Smooth application for a perfect finish.

4. SETUP & NAIL PREPARATION

Proper nail preparation is crucial for a long-lasting manicure.

1. **Clean Nails:** Ensure your nails are clean, dry, and free of any old polish, oils, or lotions. Use a nail polish remover if necessary.
2. **Shape Nails:** File your nails to your desired shape.
3. **Push Back Cuticles:** Gently push back your cuticles using a cuticle pusher.
4. **Buff Nails (Optional):** Lightly buff the surface of your nails to create a smooth base for polish application.
5. **Apply Base Coat (Recommended):** Apply a thin layer of clear base coat to protect your nails and help the polish adhere better. Allow it to dry completely.

5. APPLICATION INSTRUCTIONS

Follow these steps for a flawless application of your MINISO Pittura Nail Polish:

1. **Shake Bottle:** Gently roll the nail polish bottle between your palms to mix the color. Avoid shaking vigorously, as this can create air bubbles.
2. **First Coat:** Apply a thin, even coat of MINISO Pittura Nail Polish to each nail. Start from the base of the nail near the cuticle and brush towards the tip.
3. **Allow to Dry:** Let the first coat dry for 2-3 minutes until it is tacky to the touch.
4. **Second Coat:** Apply a second thin coat for richer color and opacity.
5. **Allow to Dry Completely:** Wait 5-10 minutes for the second coat to dry thoroughly.
6. **Apply Top Coat (Recommended):** For extended wear and a high-gloss finish, apply a clear top coat. This also helps prevent chipping.
7. **Final Drying:** Allow the top coat to dry completely. Avoid heavy activities for at least an hour after application to prevent smudging.

Image 5.1: Ensure the brush is properly loaded for smooth application.

6. NAIL ART TECHNIQUES: DOTTING MANICURE

Explore creative nail art with your MINISO Pittura Nail Polish. The following video demonstrates a dotting manicure technique that can be adapted using various nail polish colors, including your 01 Black shade.

Your browser does not support the video tag.

Video 6.1: A tutorial demonstrating how to create a dotting manicure. This technique can be applied using MINISO Pittura Nail Polish 01 Black as a base or for creating dots with other colors.

To create a dotting manicure:

1. Apply your base color (e.g., MINISO Pittura 01 Black) and let it dry completely.
2. Using a dotting tool or the tip of a bobby pin, pick up a small amount of a contrasting nail polish color.
3. Gently press the tool onto your nail to create dots. Vary the size and placement for different effects.
4. Allow the dots to dry before applying a clear top coat to seal the design.

7. CARE & MAINTENANCE

- **Storage:** Store the nail polish bottle upright in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Seal Tightly:** Always ensure the cap is tightly sealed after each use to prevent the polish from drying out or thickening.
- **Cleaning:** Wipe any excess polish from the neck of the bottle before closing to ensure a proper seal.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Streaky application	Too much polish on the brush, uneven application, or polish too thick.	Wipe excess polish from the brush. Apply thinner, even coats. If polish is thick, use a few drops of nail polish thinner (not remover).
Nail polish chips quickly	Improper nail preparation, no base/top coat, or exposure to harsh chemicals.	Ensure nails are clean and dry before application. Always use a base coat and a top coat. Wear gloves for household chores.
Polish is thick or clumpy	Exposure to air, improper storage, or old product.	Add 1-2 drops of professional nail polish thinner (not acetone or nail polish remover) and gently roll the bottle. Store tightly sealed in a cool, dry place.
Bubbles in polish	Shaking the bottle vigorously, applying thick coats, or high humidity.	Gently roll the bottle instead of shaking. Apply thin coats. Ensure nails are completely dry before applying polish.

9. SPECIFICATIONS

Attribute	Detail
Brand	MINISO
Product Name	Pittura Nail Polish
Color	01 Black
Model Number	1100004186
Finish Type	Glossy
Item Form	Liquid Enamel
Net Quantity	1 Count (9ml bottle, inferred from video)
Item Weight	80 g
Product Dimensions (LxWxH)	8 x 3 x 2 Centimeters
Special Feature	Chip Resistant
