## DHOME ANICEMOON

# DHOME Aqualine Pro Upholstered Headboard Instruction Manual

Model: ANICEMOON (Brown Fabric, 160cm)

## 1. PRODUCT OVERVIEW

---

The DHOME Aqualine Pro Upholstered Headboard is designed to enhance your bedroom with both style and comfort. It features a robust wood structure and is upholstered in high-quality Aqualine Rio fabric, known for its soft feel and stain-resistant properties. This headboard is 4 cm thick and includes all necessary hardware for easy wall mounting.

## 2. SAFETY INFORMATION AND DELIVERY INSPECTION

---

Your safety and satisfaction are important. Please read the following instructions carefully before proceeding with installation.

### Important Delivery Note:

- **Before signing for delivery**, verify that the received packages correspond to the packages listed on the shipping label.
- If any package is missing, it is crucial to indicate this on the carrier's PDA (Personal Digital Assistant) or the physical delivery receipt.
- If you sign without noting missing items, we cannot be held responsible for them, nor can we replace them.
- **After verifying the number of packages**, carefully inspect the condition of the item.
- Any transport-related incidents, damages, or defects to the external packaging must also be noted on the carrier's receipt or PDA.
- We only accept transport interruption claims that have been explicitly noted on the carrier's signature receipt.
- During major promotions and holidays, shipments may experience an additional day's delay.

## 3. SETUP AND INSTALLATION

---

The DHOME Aqualine Pro Headboard is designed for easy wall mounting. Please ensure you have the appropriate tools and follow these steps for secure installation.

### Tools Required (Not Included):

- Drill
- Measuring tape
- Pencil
- Level

### Installation Steps:

1. **Unpack the Headboard:** Carefully remove the headboard from its reinforced packaging. Inspect for any visible damage before proceeding.
2. **Identify Mounting Points:** The headboard comes with pre-attached mounting hardware (brackets) on the back.
3. **Mark Wall Positions:** Measure the desired height for your headboard on the wall. Use a level to ensure the marks are straight. Mark the positions for the corresponding wall anchors/screws, aligning them with the headboard's brackets.
4. **Drill Pilot Holes:** Drill pilot holes at the marked positions on the wall. Ensure the drill bit size is appropriate for your wall anchors.
5. **Insert Wall Anchors:** Insert suitable wall anchors (not included, choose based on your wall type) into the pilot holes.
6. **Attach Headboard:** Carefully lift the headboard and align its brackets with the installed wall anchors/screws. Securely hang the headboard on the wall. Due to its 4 cm thickness, ensure a firm and stable attachment.

## 4. OPERATING INSTRUCTIONS

---

The DHOME Aqualine Pro Headboard is designed for static use as a decorative and supportive element for your bed. Once securely mounted, no further operational steps are required.

- Ensure the headboard is firmly attached to the wall before leaning against it.
- Avoid applying excessive force or weight to the headboard.

## 5. MAINTENANCE AND CARE

---

To maintain the appearance and longevity of your DHOME Aqualine Pro Headboard, follow these care instructions:

### Cleaning the Aqualine Fabric:

- The Aqualine fabric is stain-resistant and designed for easy cleaning.
- For general cleaning, gently wipe the surface with a soft, damp cloth.
- For spills or stains, blot immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain.
- Use a mild soap solution if necessary, applying it sparingly to a clean cloth and then wiping the affected area. Follow with a clean, damp cloth to remove any soap residue.
- Allow the fabric to air dry completely. Do not use harsh chemicals, abrasive cleaners, or excessive moisture.
- Regular light vacuuming with an upholstery attachment can help remove dust and debris.

## 6. TROUBLESHOOTING

---

This section addresses common issues related to delivery and initial setup.

### Missing Parts or Damaged Product Upon Delivery:

- **Issue:** Packages are missing or the product is visibly damaged upon arrival.
- **Solution:** Refer to the [Safety Information and Delivery Inspection](#) section (Section 2). It is critical to note any discrepancies or damages on the carrier's delivery receipt **before signing**. Failure to do so may prevent us from being able to assist with replacements or claims.

### Headboard Not Mounting Securely:

- **Issue:** The headboard feels unstable or does not hang properly on the wall.
- **Solution:** Ensure that the wall anchors used are appropriate for your wall type and are securely installed. Verify that the pilot holes were drilled to the correct size. Double-check that the headboard's pre-attached brackets are correctly aligned with the wall anchors/screws. Use a level to ensure proper alignment.

## 7. SPECIFICATIONS

---
