## INTRODUCTION

This manual provides instructions for setting up, operating, and maintaining your Little Live Pets Cozy Dozy Kip The Koala interactive plush toy. Kip is designed to be a cuddly companion with over 25 sounds and reactions, perfect for nap time and imaginative play.

## WHAT'S IN THE BOX

- 1x Cozy Dozy Kip The Koala Plush Animal
- 1x Pacifier (attached)
- 1x Blanket (attached)
- 1x Instruction Manual (this document)
- 2x AA Batteries (included)

## SAFETY INFORMATION

**WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.**

Always supervise young children during play. Ensure all components are securely attached before use.

## SETUP

### 1. Battery Installation

Your Cozy Dozy Kip comes with 2 AA batteries already installed. To access the battery compartment, locate the velcro closure on Kip's back. Open the closure and use a small screwdriver to open the battery

cover. Insert or replace 2 AA batteries, ensuring correct polarity. Close the battery cover and secure the velcro closure.

## 2. Power On

After installing batteries, locate the power switch inside the battery compartment. Slide the switch to the "ON" position to activate Kip. There is also a "TRY ME" mode for demonstration purposes.

## 3. Initial Interaction

Kip comes with an attached pacifier and blanket. The pacifier is designed to be inserted into Kip's mouth to trigger various sounds and eye movements. Removing the pacifier will cause Kip to wake up and open its eyes. The blanket can be wrapped around Kip for comfort.

## OPERATING INSTRUCTIONS

---

Kip the Koala is an interactive plush toy with over 25 sounds and reactions. Engage with Kip in the following ways:

- **Pacifier Interaction:** Insert the pacifier into Kip's mouth to hear sucking sounds and watch Kip's eyes gently close. Removing the pacifier will cause Kip to wake up and open its eyes.
- **Tickle Kip:** Gently tickle Kip's belly to hear giggling sounds and other happy reactions.
- **Rub Kip's Head:** Pet or rub Kip's head to elicit sleepy sounds, snores, and eye movements.
- **Wrap in Blanket:** Wrap Kip in its soft blanket to encourage sleepy sounds and help it drift off to sleep.

## MAINTENANCE

---

- **Cleaning:** Surface wash only. Do not immerse Kip in water. Use a damp cloth to gently clean any soiled areas.
- **Storage:** When not in use for extended periods, turn the power switch to the "OFF" position to conserve battery life. Store in a clean, dry place away from direct sunlight.

## TROUBLESHOOTING

---

- **Kip is not responding:**
  - a. Check the power switch on Kip's back to ensure it is in the "ON" position.
  - b. Replace the batteries with fresh AA batteries.

c. If Kip has been sleeping for a long time, inserting and removing the pacifier can often "wake" it up.

- **Sounds are distorted or too quiet:** This usually indicates low battery power. Replace the batteries.
