Oral-B D706.513.6X

Oral-B Genius X Limited Rechargeable Electric Toothbrush Instruction Manual

INTRODUCTION

The Oral-B Genius X Limited electric toothbrush is designed to provide a superior cleaning experience. It incorporates Artificial Intelligence technology to recognize your brushing style and offer real-time feedback via Bluetooth connectivity to a smartphone app. This manual provides essential information for the proper setup, operation, maintenance, and care of your Oral-B Genius X Limited toothbrush.

Key Features

- Superior Plaque Removal: Removes up to 100% more plaque compared to a regular manual toothbrush.
- Personalized Coaching: Provides daily personal coaching to ensure even coverage and appropriate pressure.
- Smart Connectivity: Bluetooth technology connects the toothbrush to your smartphone for tracking brushing habits.
- 360 SmartRing: Features LED lights for personalized brushing experience, integrated timer, and pressure sensor.
- 6 Brushing Modes: Customize your brushing experience based on specific oral care goals.
- Travel Case: Includes a travel case that can charge both the toothbrush and a smartphone.

SETUP

Charging the Toothbrush

Before first use, charge your Oral-B Genius X Limited toothbrush for at least 12 hours. Place the toothbrush handle on the charging base. The battery indicator light will show the charging status. A full charge provides approximately 14 days of regular use.

Attaching the Brush Head

Align the brush head with the metal shaft on the toothbrush handle and push it down until it clicks into place. To remove, simply pull the brush head straight off the shaft.

Maximize your coverage with the Oral-B App

OPERATING INSTRUCTIONS

Brushing Modes

Your Oral-B Genius X Limited toothbrush features 6 distinct brushing modes. Use the mode selection button on the handle to cycle through the available options and choose the one best suited for your oral care needs.

Pressure Sensor

The integrated 360 SmartRing lights up if you apply too much pressure during brushing, indicating that you should reduce the force to protect your gums and teeth from damage.

Visible pressure sensor
to **protect your gums**

Smart Connectivity (Bluetooth)

Connect your toothbrush to the Oral-B smartphone app via Bluetooth for personalized coaching and real-time feedback on your brushing technique. The app helps you track your brushing habits and improve coverage.

For an **optimal clean, every time**

Integrated Timer

The toothbrush features an integrated 2-minute timer to ensure you brush for the dentist-recommended duration. It also includes a quadrant timer that pulses every 30 seconds to indicate when to move to a different section of your mouth.

MAINTENANCE

Brush Head Replacement

For optimal cleaning performance and hygiene, replace your brush head every 3 months, or sooner if the bristles become frayed or worn. The brush head features indicator bristles that fade over time to signal when a replacement is due.

Smart features to
help you
clean better

Figure 4: Hands demonstrating the replacement of an Oral-B brush head, emphasizing that one brush head lasts up to 90 days for optimal cleaning.

Cleaning the Toothbrush

After each use, rinse the brush head thoroughly under running water. Detach the brush head and rinse both the brush head and the handle separately. Wipe the handle with a damp cloth. Ensure the charging base is kept clean and dry.

TROUBLESHOOTING

Common Issues and Solutions

- **Toothbrush not turning on:** Ensure the toothbrush is fully charged. Place it on the charger for at least 12 hours.
- **Battery not holding charge:** The battery may need to be replaced if it's an older unit, or ensure it's charging correctly on the base.
- **App connectivity issues:** Check that Bluetooth is enabled on your smartphone and the Oral-B app is updated to the latest version. Try restarting both the toothbrush and your phone.
- **Pressure sensor constantly lighting up:** You may be brushing too hard. Adjust your technique to

apply gentler pressure.

SPECIFICATIONS

Feature	Detail
Product Dimensions	7.68 x 3.9 x 9.96 inches; 12.96 ounces
Item Model Number	D706.513.6X
Batteries	1 AAA batteries required (included)
Manufacturer	Procter & Gamble
Brand	Oral-B
