Backyard Discovery 2206113B

Backyard Discovery Arlington 12' x 12' Cedar Wood Outdoor Gazebo Pavilion

Model: 2206113B

INTRODUCTION

The Backyard Discovery Arlington 12' x 12' Cedar Wood Outdoor Gazebo Pavilion is designed to create a comfortable and stylish outdoor living space. Crafted from 100% cedar wood and featuring a galvanized steel peak roof, this gazebo offers durability and protection from the elements. It includes an exclusive PowerPort feature for convenient outdoor power access.

Safety Information

Please read and understand all safety warnings and instructions before assembly and use of this product. Ensure the gazebo is installed on a level surface and properly anchored to prevent movement, especially in windy conditions. This product contains chemicals known to the State of California to cause cancer and reproductive harm. For more information, visit www.P65Warnings.ca.gov.

The gazebo's roof is designed to withstand up to 7,900 pounds of roof load (equivalent to 30 inches of snow) and wind speeds up to 100 mph. However, it is crucial to monitor weather conditions and take appropriate precautions during extreme weather events.

SETUP AND ASSEMBLY

The Arlington Gazebo is designed with ready-to-assemble components and includes step-by-step instructions for a hassle-free setup. For an enhanced assembly experience, Backyard Discovery partners with BILT to offer voice-narrated, 3-dimensional, and interactive instructions via their app.

It is highly recommended to have 2 to 4 strong individuals for the assembly process, particularly for lifting beams and roof panels. Organize all parts before beginning assembly; using foldable tables to sort hardware and boards at waist height can be beneficial. Ensure your starting surface is level.

OPERATING FEATURES

The Arlington Gazebo provides 144 sq. ft. of shade and protection from the elements, with an interior usable space of almost 110 sq. ft. (11 ft. x 9 in.) to accommodate various furniture arrangements.

The exclusive PowerPort feature includes three electrical outlets and three USB ports, allowing you to conveniently charge devices, add ambient lighting, or play music to enhance your outdoor experience.

MAINTENANCE

The gazebo is constructed from 100% cedar wood, which offers natural resistance to rot and decay. The galvanized steel peak roof is designed to protect against dents and corrosion, ensuring lasting durability.

To maintain the appearance and longevity of the wood, it is highly recommended to apply a sealant before assembly and reapply every two years. This will help protect the wood and cover any minor nicks or marks that may occur during handling or over time.

TROUBLESHOOTING

- **Missing or Damaged Parts:** In the event of missing or damaged components upon delivery, contact Backyard Discovery customer support immediately for replacements.
- **Assembly Alignment Issues:** If bolt holes do not align perfectly, slight adjustments to the frame or re-drilling may be necessary. Ensure all sections are square as you proceed with assembly.
- **Roof Leaks:** While the roof is designed for durability, minor leaks can occur around screw points. Apply silicone sealant or cap covers to these areas to ensure a leak-proof roof.
- **PowerPort Not Functioning:** Ensure the PowerPort is properly connected to a GFI circuit. Check for any tripped breakers or loose connections.

For further assistance, please refer to the BILT app instructions or contact Backyard Discovery customer support.

SPECIFICATIONS

Brand	Backyard Discovery
Model	2206113B
Material	Cedar Wood
Frame Material	Wood
Product Dimensions (L x W x H)	146.6" x 145" x 121.6"
Item Weight	811 Pounds
