SoBuy FST53-HGX2 Bar Stools Instruction Manual

Model: FST53-HGX2

1. PRODUCT OVERVIEW

The SoBuy FST53-HGX2 is a set of two modern bar stools designed for various settings such as kitchens, dining rooms, living rooms, balconies, and commercial spaces like coffee shops or pubs. These stools feature a simple yet stylish design, combining high-quality MDF coated with PVC for the seat and backrest, and a robust black powder-coated steel frame for durability and stability.

Image 1.1: SoBuy FST53-HGX2 Bar Stools with a matching table.

Each stool is designed to be multi-functional and blend seamlessly with contemporary decor. The product is delivered in a flat-pack format and requires self-assembly, with detailed instructions provided to facilitate the process.

2. SAFETY INFORMATION

- **Weight Limit:** Do not exceed the maximum load capacity of 120 kg (264.55 lbs) per stool. Exceeding this limit may cause damage to the stool and potential injury.
- **Stable Surface:** Always use the bar stools on a flat, stable, and level surface to prevent tipping.
- **Assembly:** Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- **Children:** Supervise children when they are using or near the bar stools to prevent accidents.
- **Moving Stools:** Lift the stools when moving them; do not drag them, as this can damage the floor or the stool legs.

3. PACKAGE CONTENTS

Your SoBuy FST53-HGX2 bar stools are delivered in a flat-pack. Please ensure all components are present and undamaged before beginning assembly. The package typically includes:

- Steel frame components (legs, crossbars)
- MDF seat panels
- MDF backrest panels
- Hardware pack (screws, washers, Allen key)
- Detailed assembly instructions

If any parts are missing or damaged, please contact customer support immediately.

4. SETUP AND ASSEMBLY INSTRUCTIONS

The SoBuy FST53-HGX2 bar stools require self-assembly. Follow these steps carefully. It is recommended to assemble the stools on a soft, clean surface to prevent scratches.

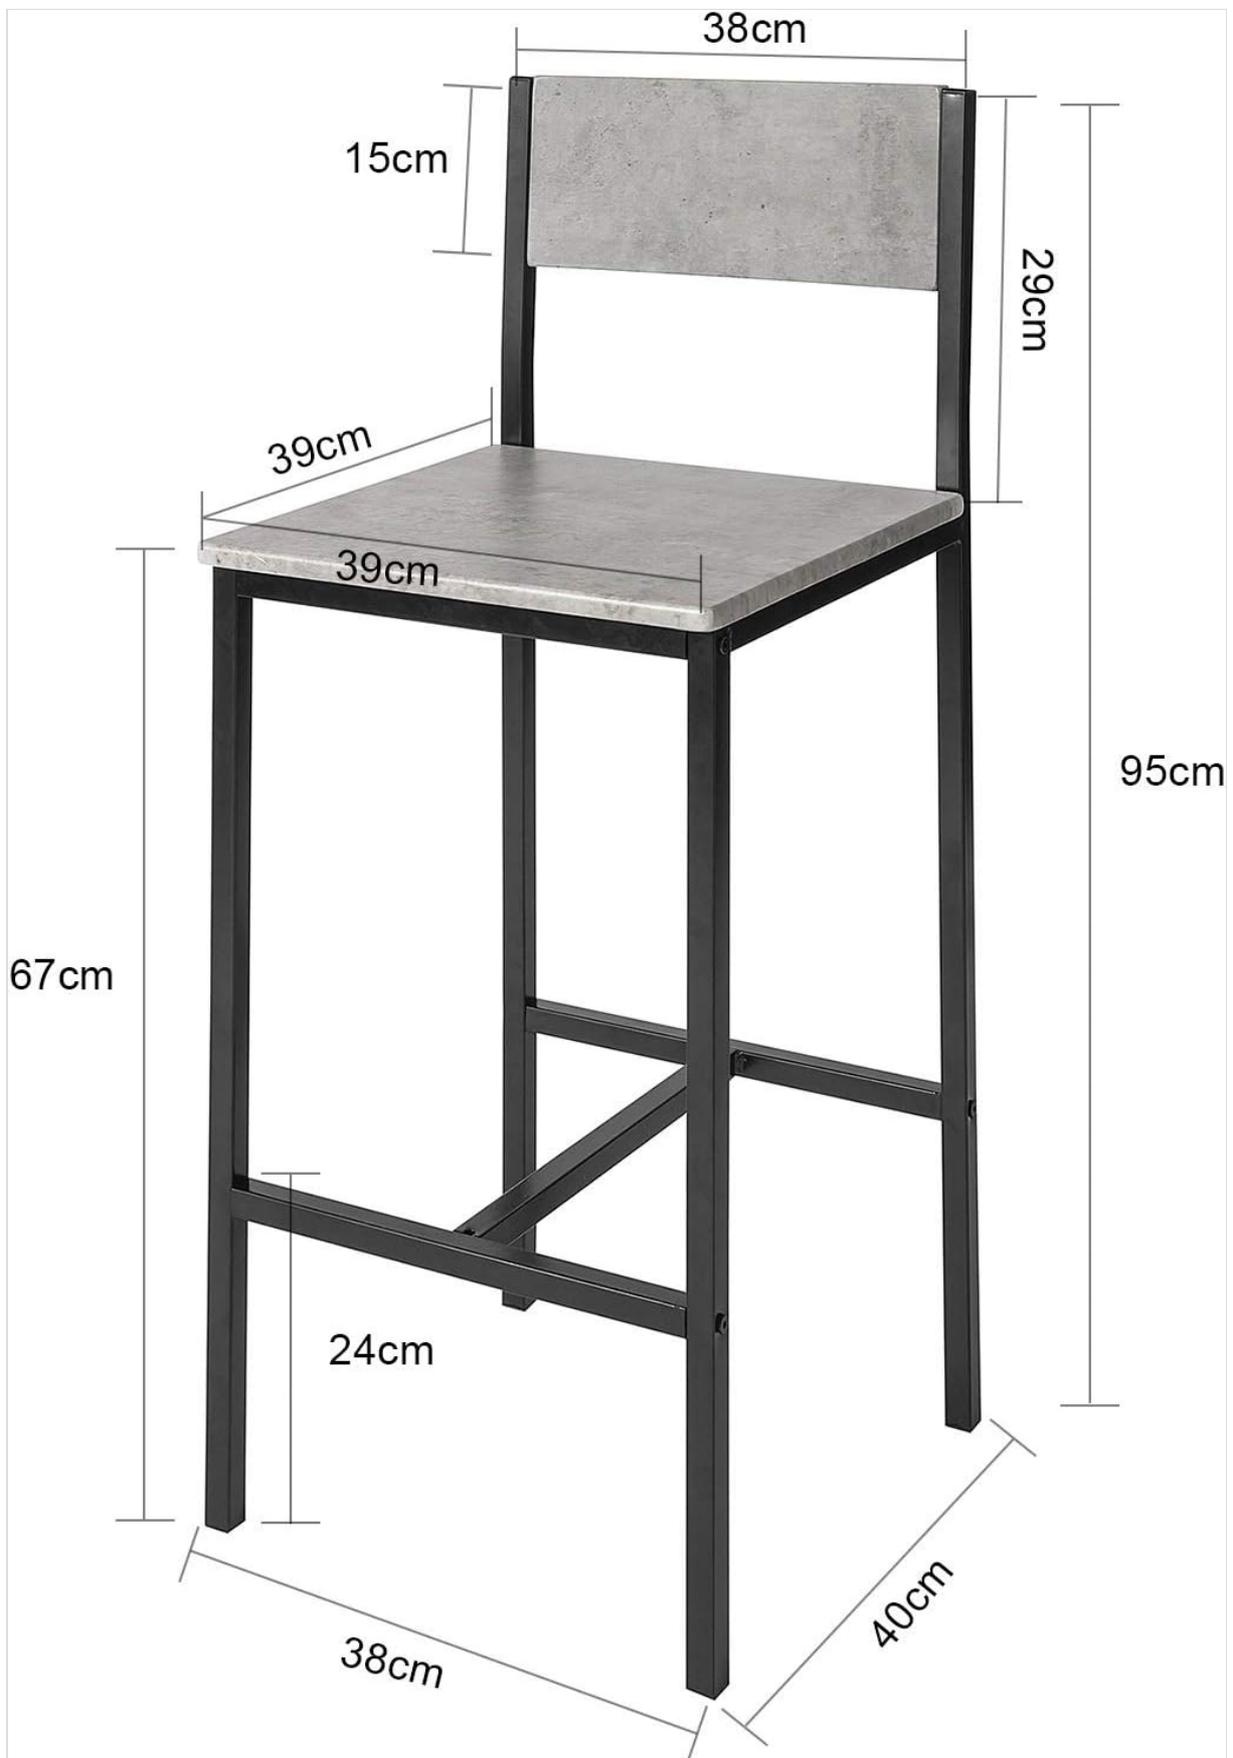

Image 4.1: Bar Stool Dimensions (L: 39cm, W: 41cm, H: 95cm, Seat Height: 67cm).

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Verify that all components listed in the package contents are present.
2. **Assemble Frame:** Attach the crossbars to the main leg frames using the provided screws and Allen key. Ensure all connections are finger-tight at this stage.
3. **Attach Seat:** Secure the MDF seat panel to the top of the assembled frame using the designated

screws.

4. **Attach Backrest:** Fasten the MDF backrest panel to the upper part of the frame.
5. **Final Tightening:** Once all parts are in place, gradually tighten all screws evenly. Do not overtighten to avoid stripping the threads or damaging the material.
6. **Stability Check:** Place the assembled stool on a flat surface and check for stability. If the stool wobbles, loosen the screws slightly, press down on the seat to level it, and then re-tighten the screws.

Refer to the detailed instructions included in your package for specific diagrams and part identification.

5. OPERATING INSTRUCTIONS

Using your SoBuy FST53-HGX2 bar stools is straightforward. Follow these guidelines for optimal use:

- **Proper Seating:** Sit centrally on the seat to distribute weight evenly. Avoid sitting on the edge or standing on the stool.
- **Weight Distribution:** Ensure the weight on the stool does not exceed the specified load capacity of 120 kg (264.55 lbs).
- **Movement:** When moving the stool, lift it by the frame rather than dragging it across the floor.
- **Placement:** Position the stools in a way that allows for easy access and egress without obstruction.

6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bar stools:

- **Cleaning:** Wipe the MDF surfaces with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by wiping with a clean, dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Frame Care:** Clean the metal frame with a damp cloth. Dry immediately to prevent rust.
- **Fastener Check:** Periodically (e.g., every 3-6 months) check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability.
- **Avoid Moisture:** Do not expose the stools to excessive moisture or direct sunlight for prolonged periods, as this can damage the MDF and PVC coating.

7. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Stool Wobbles:**
Solution: Place the stool on a flat surface. Loosen all assembly screws slightly. Press down firmly on the center of the seat to ensure all legs are evenly touching the floor. While maintaining pressure, re-tighten all screws evenly.
- **Loose Screws:**
Solution: Regularly check and tighten all screws using the provided Allen key. Do not overtighten.
- **Scratches on Floor:**
Solution: Ensure protective pads (not included) are attached to the bottom of the stool legs to prevent scratching floors.

8. SPECIFICATIONS

Feature	Detail
Model Number	FST53-HGX2
