lionto Balcony Safety Net for Cats (Model CN00710) - Instruction Manual

Model: CN00710 | Brand: lionto

1. INTRODUCTION

This manual provides detailed instructions for the proper installation, use, and maintenance of your lionto Balcony Safety Net. Designed to provide a secure environment for your cats on balconies, patios, or near windows, this transparent nylon net helps prevent falls and ensures your pet's safety. Please read all instructions carefully before installation and retain this manual for future reference.

2. SAFETY INFORMATION

Your safety and the safety of your pet are paramount. Please adhere to the following safety guidelines:

- This net is exclusively for securing pets. **Do not use it as a climbing aid or safety net for children.**
- Ensure the net is firmly tensioned and all fixing points are securely attached according to the instructions.
- Regularly check the item for damage. Do not continue to use if there is visible damage.
- Monitor the use of the net, especially with very active or heavy animals.
- **Choking Hazard:** Do not leave packaging material and small parts lying around carelessly.

IMPORTANT / WICHTIG / IMPORTANTE / BELANGRIJK / WAŻNE / VIKTIGT

EN - The article is only suitable for securing pets. Do not use as a climbing aid or safety net for children

DE - Der Artikel ist ausschließlich für die Sicherung von Haustieren geeignet. Nicht als Kletterhilfe oder Schutznetz für Kinder verwenden

FR - Cet article est exclusivement destiné à la sécurisation des animaux domestiques. Ne pas utiliser comme aide à l'escalade ou comme filet de protection pour les enfants.

IT - L'articolo è adatto solo per mettere in sicurezza gli animali domestici. Non utilizzare come ausilio per l'arrampicata o come rete di sicurezza per i bambini.

ES - El artículo sólo es adecuado para sujetar animales domésticos. No utilizar como ayuda para trepar ni como red de seguridad para niños.

PL - Artykuł nadaje się wyłącznie do zabezpieczania zwierząt domowych. Nie używać jako pomocy do wspinaczki lub siatki zabezpieczającej dla dzieci.

SE - Artikeln är endast lämplig för att säkra husdjur. Använd inte som klätterhjälp eller säkerhetsnät för barn

NL - Het artikel is alleen geschikt voor het vastzetten van huisdieren. Niet gebruiken als klimhulpmiddel of veiligheidsnet voor kinderen

EN - Choking hazard: Do not leave packaging material and small parts lying around carelessly

DE - Erstickungsgefahr: Verpackungsmaterial und Kleinteile nicht achtlos liegen lassen

FR - Risque d'étouffement : ne pas laisser traîner le matériel d'emballage et les petites pièces

IT - Pericolo di soffocamento: non lasciare il materiale di imballaggio e le piccole parti in giro senza attenzione

ES - Peligro de asfixia: no deje el material de embalaje y las piezas pequeñas tirados por descuido

PL - Ryzyko zadławienia: Nie pozostawiać materiałów opakowaniowych i małych części leżących niedbale

SE - Risk för kvävning: Låt inte förpackningsmaterial och smådelar ligga framme slarvigt

NL - Verstikkingsgevaar: Laat verpakkingsmateriaal en kleine onderdelen niet achteloos rondslingeren

3. PACKAGE CONTENTS

Before beginning installation, please verify that all components are present in your package:

- 1 x lionto Balcony Safety Net (transparent nylon)
- Fastening Rope
- Plugs

- Screws (hook screws)
- Cable Ties
- Assembly Instructions (this manual)

Image 3.1: Contents of the lionto Balcony Safety Net package.

4. SETUP AND INSTALLATION

The lionto Balcony Safety Net can be installed with or without drilling, depending on your specific needs and mounting surface. The net is designed to be cut to size for optimal adaptation.

4.1. Preparation

- **Measure the Area:** Carefully measure the dimensions of the area where the net will be installed (balcony, window, patio).
- **Cut the Net:** If necessary, cut the net to the required size using scissors. Ensure you leave a slight excess for tensioning and securing.
- **Gather Tools:** You may need a drill (if drilling), a measuring tape, and scissors.

Image 4.1: Example net dimensions (3x4m) and rope length (15m).

Image 4.2: Detail of the net's mesh size (2.5cm x 2.5cm).

4.2. Installation Steps

1. **Secure the Corners:** Begin by securing the four corners of the net to your chosen mounting points. Use the provided hook screws and plugs if drilling into a wall, or cable ties if attaching to railings or existing structures.
2. **Thread the Rope:** Thread the fastening rope through the edges of the net. This rope will be used to tension the net and secure it to the mounting points. Ensure the rope is woven through multiple mesh squares for maximum strength.
3. **Attach to Mounting Points:** Attach the rope to the remaining mounting points around the perimeter of the installation area. Use the hook screws, cable ties, or other suitable anchors.
4. **Tension the Net:** Gradually pull the rope to tension the net evenly. The net should be taut and free of significant slack. Ensure all fixing points are secure and the net is stretched tightly.
5. **Final Securement:** Use the provided cable ties to further secure the net to the rope and any supporting structures, especially at intervals along the edges, to prevent gaps. Trim any excess net or rope if necessary.

Image 4.3: Detailed views of net installation techniques.

5. OPERATION AND USAGE

Once installed, the lionto Balcony Safety Net provides a secure barrier for your pets. Ensure the net remains properly tensioned and free of any gaps that a pet could exploit.

- Regularly inspect the net for any signs of loosening or damage.
- Do not place heavy objects against the net that could compromise its integrity.
- The transparent design allows for an unobstructed view while maintaining safety.

EN - Ensure that the net is firmly tensioned and all fixing points are securely attached. Use the supplied fastening set in accordance with the instructions

DE - Stellen Sie sicher, dass das Netz fest gespannt und alle Befestigungspunkte sicher angebracht sind. Verwenden Sie das mitgelieferte Befestigungsset gemäß der Anleitung

FR - Assurez-vous que le filet est bien tendu et que tous les points de fixation sont bien fixés. Utilisez le kit de fixation fourni conformément aux instructions.

IT - Assicurarsi che la rete sia ben tesa e che tutti i punti di fissaggio siano ben saldi. Utilizzare il set di fissaggio in dotazione secondo le istruzioni.

ES - Asegúrese de que la red esté firmemente tensada y de que todos los puntos de fijación estén bien sujetos. Utilice el juego de fijación suministrado de acuerdo con las instrucciones

PL - Upewnij się, że siatka jest mocno naciągnięta, a wszystkie punkty mocowania są dobrze zamocowane. Użyj dostarczonego zestawu mocującego zgodnie z instrukcjami

SE - Se till att nätet är ordentligt spänt och att alla fästpunkter är ordentligt fastsatta. Använd den medföljande fästsetsen i enlighet med anvisningarna

NL - Zorg ervoor dat het net stevig gespannen is en dat alle bevestigingspunten goed vastzitten. Gebruik de meegeleverde bevestigingsset volgens de instructies

EN - Check the item regularly for damage. Do not continue to use if there is visible damage

DE - Überprüfen Sie den Artikel regelmäßig auf Beschädigungen. Bei sichtbaren Schäden nicht weiterverwenden

FR - Vérifier régulièrement que l'article n'est pas endommagé. En cas de dommages visibles, ne pas réutiliser l'article

IT - Controllare regolarmente che l'articolo non sia danneggiato. Non continuare a utilizzare l'apparecchio in caso di danni visibili.

ES - Compruebe periódicamente si el artículo presenta daños. No siga utilizándolo si hay daños visibles.

PL - Należy regularnie sprawdzać produkt pod kątem uszkodzeń. Nie kontynuować użytkowania, jeśli widoczne są uszkodzenia

SE - Kontrollera regelbundet om produkten är skadad. Fortsätt inte att använda om det finns synliga skador

NL - Controleer het artikel regelmatig op beschadigingen. Niet verder gebruiken als er zichtbare schade is.

Image 5.2: Net providing protection for pets in an outdoor setting.

6. MAINTENANCE

To ensure the longevity and continued effectiveness of your safety net, follow these maintenance guidelines:

- **Regular Inspection:** Periodically check the entire net for any signs of wear, tears, fraying, or damage. Pay close attention to the edges and attachment points.
- **Check Tension:** Ensure the net remains taut. Re-tension the fastening rope if any slack is observed.
- **Cleanliness:** The net can be gently cleaned with a damp cloth and mild soap if it becomes dirty. Avoid harsh chemicals that could degrade the nylon material.
- **Weather Resistance:** The net is UV and weather resistant, but extreme weather conditions (e.g., heavy snow, strong winds) may require more frequent inspection.
- **Replacement:** If significant damage is found, replace the net immediately to ensure continued safety.

EN - Monitor the use of the net, especially with very active or heavy animals

DE - Überwachen Sie die Nutzung des Netzes, insbesondere bei sehr aktiven oder schweren Tieren

FR - Surveiller l'utilisation du filet, en particulier pour les animaux très actifs ou lourds

IT - Monitorare l'uso della rete, soprattutto in caso di animali molto attivi o pesanti.

ES - Vigilar el uso de la red, especialmente con animales muy activos o pesados.

PL - Monitorowanie użycia siatki, szczególnie w przypadku bardzo aktywnych lub ciężkich zwierząt.

SE - Övervaka användningen av nätet, särskilt med mycket aktiva eller tunga djur

NL - Controleer het gebruik van het net, vooral bij zeer actieve of zware dieren

Image 6.1: Reminder to regularly check the net for damage.

7. TROUBLESHOOTING

If you encounter any issues with your lionto Balcony Safety Net, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Net is sagging or loose.	Insufficient tension during installation; rope has stretched; attachment points are loose.	Re-tension the fastening rope. Check all attachment points and tighten screws or cable ties as needed. Ensure the rope is threaded securely.
Net has a tear or hole.	Wear and tear; pet chewing; accidental damage.	For minor damage, a strong, weather-resistant repair kit might be used, but for significant damage, replace the entire net immediately to ensure safety.
Net is difficult to install.	Complex balcony structure; incorrect measurements.	Review the installation steps. Consider seeking assistance for complex installations. Ensure accurate measurements before cutting.

8. SPECIFICATIONS

Feature	Detail
Brand	lonto
Model Number	CN00710
Material	Nylon
Color	Transparent
Mesh Size	Approximately 2.5 cm x 2.5 cm (1 x 1 inch)
Dimensions (S)	3 x 4 meters (118.1 x 157.5 inches)
Item Weight	13.12 ounces
