# Ryobi R18SV7-0 18V Cordless Vacuum Cleaner Instruction Manual

Model: R18SV7-0

## 1. Introduction

Thank you for choosing the Ryobi R18SV7-0 18V Cordless Vacuum Cleaner. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new vacuum cleaner. Please read this manual thoroughly before first use and keep it for future reference.
The Ryobi R18SV7-0 is designed for effective cleaning of various surfaces, including carpets and hard floors, offering cordless convenience and powerful suction. It features a self-powered brush and an easy storage suspension device.

## 2. Safety Information

Always observe basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury.

- Read all instructions before using the appliance.
- Do not use outdoors or on wet surfaces.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or appliance with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
- Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.

- Do not use without dust bag and/or filters in place.
- Turn off all controls before unplugging.
- Use extra care when cleaning on stairs.
- This product operates on an 18V ONE+ battery system (battery and charger sold separately). Use only with specified battery packs and chargers.

## 3. Package Contents

Carefully unpack your Ryobi R18SV7-0 vacuum cleaner and check for the following items:

- Ryobi R18SV7-0 Cordless Vacuum Cleaner Unit
- Floor Head with Self-Powered Brush
- Crevice Tool
- Dusting Brush
- Wall Mount with Accessory Storage
- Instruction Manual

## 4. Setup

### 4.1 Assembly

1. Connect the extension wand to the main vacuum body until it clicks securely into place.
2. Attach the floor head to the other end of the extension wand, ensuring it locks firmly.
3. For handheld use, detach the extension wand and attach desired accessories (crevice tool or dusting brush) directly to the main vacuum body.

### 4.2 Battery Installation and Charging

The Ryobi R18SV7-0 requires an 18V ONE+ battery (not included). Ensure the battery is fully charged before first use.

1. Insert a charged 18V ONE+ battery into the battery slot on the main vacuum body until it clicks.
2. To remove the battery, press the release latch and slide the battery out.
3. Refer to your Ryobi 18V ONE+ battery charger manual for proper charging instructions.

### 4.3 Wall Mount Installation

The included wall mount provides convenient storage for your vacuum and accessories.

1. Choose a suitable location on a wall, ensuring it is sturdy enough to support the vacuum's weight.
2. Mark the drilling points using the wall mount as a template.
3. Drill holes and insert appropriate wall anchors if necessary.
4. Secure the wall mount to the wall using screws.
5. Hang the vacuum cleaner on the mount and store accessories in the designated slots.

Image: The Ryobi R18SV7-0 vacuum cleaner is shown securely mounted on its wall bracket, with the crevice tool and dusting brush stored alongside it.

# 5. Operating Instructions

## 5.1 Powering On/Off and Speed Control

The vacuum cleaner features a push-button controller for power and speed selection.

- To turn on the vacuum, press the power button.
- To switch between the two available speeds, press the speed control button.
- To turn off the vacuum, press the power button again.

## 5.2 General Operation

The Ryobi R18SV7-0 is suitable for both carpet and hard floor cleaning.

- For general floor cleaning, use the main floor head. The self-powered brush helps agitate dirt for more effective cleaning.
- For tight spaces, corners, or upholstery, detach the extension wand and use the crevice tool or dusting brush directly on the main unit.
- Maneuver the vacuum with smooth, steady strokes. The lightweight design and swivel steering allow for easy navigation around furniture.

## 6. Maintenance

Regular maintenance ensures optimal performance and extends the life of your vacuum cleaner.

### 6.1 Emptying the Dustbin

Empty the dustbin regularly, especially when the debris reaches the 'MAX' fill line, to maintain suction power.

1. Ensure the vacuum is turned off and the battery is removed.
2. Locate the dustbin release button, usually near the handle.
3. Press the button and detach the dustbin from the main unit.
4. Position the dustbin over a trash receptacle and open the bottom flap to release debris.
5. Close the flap and reattach the dustbin to the vacuum until it clicks securely.

Image: A person is shown detaching the clear dustbin from the main body of the Ryobi R18SV7-0 vacuum cleaner, preparing it for emptying.

Image: A person is shown emptying the contents of the Ryobi R18SV7-0 vacuum cleaner's dustbin into a trash can, demonstrating the ease of disposal.

## 6.2 Cleaning Filters

The vacuum cleaner uses a filter system to capture fine dust. Clean filters regularly to maintain suction.

1. With the dustbin detached, remove the filter assembly.
2. Tap the filter gently over a trash can to remove loose dust.
3. If necessary, rinse the filter under cold running water. Ensure it is completely dry before reinserting. Do not use detergent.
4. Reassemble the filter and reinsert it into the dustbin.

## 6.3 Cleaning the Brush Roll

Periodically check the brush roll for tangled hair or debris that may reduce cleaning effectiveness.

1. Ensure the vacuum is off and the battery is removed.
2. Turn the floor head upside down.
3. Locate the brush roll access cover (refer to diagrams in the full manual if available).
4. Remove any tangled hair or debris from the brush roll using scissors or a brush.
5. Reassemble the brush roll and cover.

## 7. Troubleshooting

If you encounter issues with your vacuum cleaner, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|---|---|---|
| Vacuum does not turn on. | Battery not charged or not inserted correctly. | Ensure battery is fully charged and securely inserted. |
| Poor suction. | Dustbin full; filters clogged; blockage in hose/nozzle. | Empty dustbin. Clean filters. Check for and remove any blockages. |
| Brush roll not spinning. | Debris tangled in brush roll; brush roll jammed. | Turn off and remove battery. Clear any hair or debris from brush roll. |

| Problem | Possible Cause | Solution |
|---|---|---|
| Unusual noise. | Blockage; damaged part. | Check for blockages. If noise persists, contact customer support. |
