Devoko 0099

Devoko Office Desk Chair Model 0099 User Manual

Ergonomic Mesh Chair with Lumbar Support, Flip-Up Arms, and Adjustable Height

1. SAFETY INFORMATION

For safe use, ensure the chair is properly assembled according to the instructions provided. This chair has a maximum weight capacity of **280 pounds**. Exceeding this weight may result in reduced stability or damage to the chair. Always sit centrally on the chair and avoid standing on it.

2. SETUP AND ASSEMBLY

The Devoko Office Desk Chair is designed for straightforward assembly. An installation manual is included in the packaging to guide you through each step. Assembly typically takes approximately 15 minutes.

2.1 Unpacking and Component Check

Carefully unpack all components from the box. Verify that all parts listed in the included installation manual are present and undamaged before beginning assembly.

Basic Functions of this Office Chair

Only for your style
Giving the best office experience

Adjustable Height

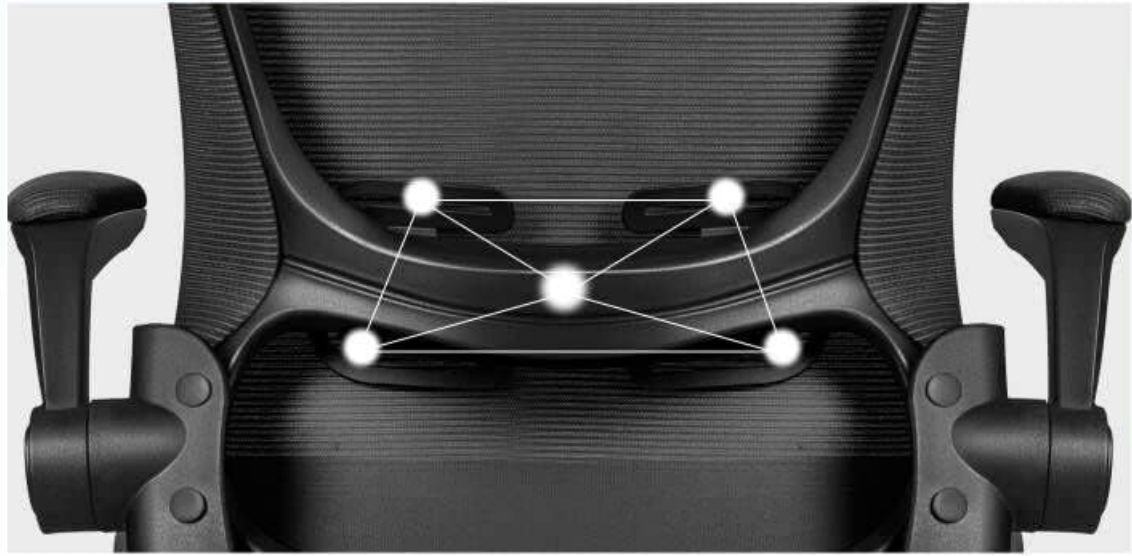

Rocking Backrest

2.2 Key Components

- **Chair Seat:** The main seating area with integrated cushion.
- **Chair Back:** The mesh backrest providing lumbar support.
- **Base:** The five-star base with wheel attachment points.
- **Wheels (Casters):** For mobility.
- **Gas Lift Cylinder:** For height adjustment.
- **Armrests:** With flip-up functionality.
- **Mechanism Plate:** Connects the seat to the gas lift and controls chair functions.

2.3 Assembly Steps (Refer to Included Manual)

Please refer to the detailed, step-by-step instructions provided in the physical installation manual included with your chair. This manual contains specific diagrams and bolt identification crucial for correct assembly. A digital version of the installation manual may also be available for download from the [Devoko product page \(PDF\)](#).

3. OPERATING INSTRUCTIONS

Your Devoko Office Desk Chair offers several adjustable features to enhance comfort and support.

3.1 Chair Adjustments

- **Adjustable Height:** Locate the lever on the right side beneath the seat. Pull the lever up to raise the seat. To lower the seat, remain seated and pull the lever up. Release the lever at the desired height.
- **Rocking Backrest:** The chair features a rocking function. To enable rocking, pull the same lever (or a separate one, depending on the specific mechanism) outwards. Push it inwards to lock the backrest in an upright position.
- **Flip-Up Armrests:** The armrests can be flipped up to allow the chair to be pushed closer to a desk or for easier entry/exit. Simply lift the armrests upwards until they lock into the vertical position. To return them, pull them down.

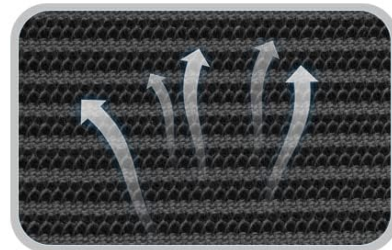

Comfy Seating

Long lasting support on work

Only for your style

Molded Sponges

Breathable Mesh

3.2 Ergonomic Lumbar Support

The chair's mid-back design includes integrated lumbar support to promote the natural curve of your spine, providing comfort during extended periods of sitting. The breathable mesh fabric further enhances comfort by allowing air circulation.

Image: Detailed view highlighting the ergonomic lumbar support structure within the mesh backrest.

3.3 Comfortable Seating

The seat features a thickened cushion made with molded sponges for long-lasting support. The entire chair is upholstered with 100% breathable mesh fabric, designed to prevent heat buildup and provide a comfortable seating experience.

Image: Close-up illustrating the construction of the seat cushion with molded sponges and the breathable mesh fabric.

4. MAINTENANCE

Regular maintenance helps prolong the life and appearance of your office chair.

4.1 Cleaning Instructions

- **General Cleaning:** Wipe clean with a damp cloth. For stubborn spots, use a mild soap solution and a soft cloth, then wipe dry.
- **Mesh Fabric:** Use a soft brush or vacuum cleaner with a brush attachment to remove dust and debris from the mesh backrest and seat.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the chair's materials.

4.2 Inspection and Tightening

Periodically check all bolts and screws to ensure they are tight. Loose fasteners can affect the chair's stability and safety. Tighten any loose connections using the appropriate tools.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your office chair.

5.1 Chair Sinks or Does Not Hold Height

- **Issue:** The chair slowly lowers or does not stay at the set height.
- **Solution:** This typically indicates a worn or faulty gas lift cylinder. Contact customer support for assistance or replacement parts.

5.2 Chair Squeaks or Wobbles

- **Issue:** The chair makes noise or feels unstable during use.
- **Solution:** Check all assembly bolts and screws. Tighten any that are loose. Applying a small amount of silicone lubricant to moving parts (e.g., where the gas lift meets the mechanism, or where the base connects to the mechanism) can help reduce squeaking.

5.3 Wheels Do Not Roll Smoothly

- **Issue:** Casters are stiff or accumulate debris.
- **Solution:** Turn the chair over and inspect the wheels. Remove any hair, dust, or debris wrapped around the axles. Clean the wheels with a damp cloth.

6. SPECIFICATIONS

Brand	Devoko
Model Number	0099
Color	Black
Material	Mesh (100% Mesh fabric), Foam (Fill Material), Stainless Steel (Frame Material)
Product Dimensions (D x W x H)	24.8"D x 23.23"W x 11.42"H
