

## JINGWEI JINGWEI1

# JINGWEI Queen Mattress, 8 inch Gel Infused Memory Foam Mattress - Instruction Manual

## 1. PRODUCT OVERVIEW

Thank you for choosing the JINGWEI 8 inch Gel Infused Memory Foam Queen Mattress. This manual provides essential information for setting up, maintaining, and understanding your new mattress to ensure a comfortable and supportive sleep experience.

The JINGWEI mattress features a multi-layer all-foam system designed for breathability, pressure relief, and optimal support. It is compressed, rolled, and shipped in a box for convenient delivery and setup.

## 2. SETUP INSTRUCTIONS

1. **Unpack the Mattress:** Carefully remove the mattress from its shipping box. Place the rolled mattress on the bed frame or flat surface where it will be used.
2. **Remove Outer Plastic:** Cut and remove the outer layer of plastic packaging. Be careful not to cut the mattress fabric.
3. **Unroll and Unseal:** Unroll the compressed mattress. Carefully cut and remove the final vacuum-sealed plastic layer. The mattress will begin to expand immediately.
4. **Allow for Full Expansion:** The mattress is recommended to air out and reshape for at least 72 hours to achieve its full size and firmness. During this time, some initial off-gassing odor may be present, which is normal and will dissipate. Ensure the room is well-ventilated.
5. **Prepare for Use:** Once fully expanded, the mattress is ready for use. It is compatible with various bed frames, including box springs, slatted bases, flat platforms, or adjustable beds.

Image 2.2: The JINGWEI Queen Mattress fully expanded on a bed frame, ready for use.

### 3. PRODUCT FEATURES

- **Multi-Layer Foam System:** The 8-inch mattress is constructed with multiple foam layers for balanced comfort and support. This includes gel memory foam for cooling, pressure relief foam, comfortable foam, and a high-density base support foam.
- **Gel Infused Memory Foam:** Designed to promote continuous airflow and breathability, helping to regulate temperature for a cooler sleep.
- **Breathable Cover:** Features skin-friendly fabrics in the mattress surface to enhance breathability.
- **Medium Firm Feel:** Engineered to be neither too soft nor too firm, providing a supportive and pressure-relieving experience suitable for various sleep positions.
- **CertiPUR-US Certified:** The foam is certified by CertiPUR-US and Oeko-Tex Standard 100, ensuring it is free from harmful substances like formaldehyde, mercury, and other heavy metals.

Image 3.2: A close-up view of the mattress surface, highlighting the breathable, textured cover material.

## 4. MAINTENANCE

- **Rotation:** To ensure even wear and prolong the life of your mattress, rotate it 180 degrees every 3-6 months. This helps distribute body weight and prevent impressions.
- **Cleaning:** Spot clean any spills or stains immediately using a mild detergent and a damp cloth. Avoid saturating the mattress with water. Do not use harsh chemicals or abrasive cleaners.
- **Protection:** Use a mattress protector to shield your mattress from spills, stains, and allergens, extending its lifespan and maintaining hygiene.
- **Ventilation:** Periodically air out your mattress by removing bedding to allow for air circulation, which helps prevent moisture buildup and keeps the mattress fresh.
- **Support:** Ensure your mattress is placed on a suitable, sturdy bed frame or foundation that provides adequate support across the entire surface.

## 5. TROUBLESHOOTING

- **Slow Expansion:** If the mattress does not fully expand within 72 hours, ensure it is placed in a warm, well-ventilated room. Cooler temperatures can slow down the expansion process. Allow a few extra days for full expansion.
- **Initial Odor (Off-Gassing):** A new memory foam mattress may have a slight, harmless odor upon unboxing. This is normal and will dissipate within a few days to a week with proper ventilation.
- **Firmness Perception:** Mattress firmness is subjective. If the mattress feels too firm or too soft initially, allow your body a few weeks to adjust to the new support system.

## 6. SPECIFICATIONS

Feature	Detail
Brand	JINGWEI
Model Number	JINGWEI1
Size	Queen
Product Dimensions	80"L x 60"W x 8"Th
Item Weight	50.9 pounds
Item Firmness Description	Medium
