HAVIT MS1006 RGB Backlit Wired Gaming Mouse User Manual

Model: MS1006

1. INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your HAVIT MS1006 RGB Backlit Wired Gaming Mouse. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

2. PRODUCT FEATURES

- **Ergonomic Design:** Engineered for comfort during extended use, featuring an anti-slipping surface that conforms to the palm.
- **RGB Backlighting:** Dynamic RGB lighting enhances the aesthetic appeal.
- **Adjustable DPI:** Multiple DPI settings (1000, 1400, 2400, 3200) for precision control.
- **7 Programmable Keys:** Provides enhanced functionality for gaming and productivity.
- **Durable Construction:** Keystroke life rated at 3,000,000 times.
- **Wired USB Interface:** Ensures stable and responsive connectivity.

3. SETUP INSTRUCTIONS

1. **Unpack the Mouse:** Carefully remove the HAVIT MS1006 mouse from its packaging.
2. **Connect to Computer:** Locate an available USB port on your computer. Insert the USB connector of the mouse firmly into the USB port.
3. **Driver Installation:** The mouse is plug-and-play. Your operating system (Windows 7, 8, 10, Vista, XP, 2000, Mac, Linux) should automatically detect and install the necessary drivers. No additional software installation is typically required for basic functionality.
4. **Verify Functionality:** Once connected, move the mouse and click the buttons to ensure it is working correctly. The RGB backlighting should illuminate.

4. OPERATING INSTRUCTIONS

4.1 Basic Operation

The HAVIT MS1006 functions as a standard wired mouse. Use the left and right click buttons for primary interactions, and the scroll wheel for navigation. The side buttons typically function as 'forward' and 'back' in web browsers and file explorers.

4.2 DPI Adjustment

The mouse features a dedicated DPI button, usually located behind the scroll wheel. Press this button to cycle through the available DPI settings: 1000, 1400, 2400, and 3200. Each press will change the mouse's sensitivity, allowing you to select the speed that best suits your task or game.

- **1000 DPI:** Suitable for precise tasks or slower cursor movement.
- **1400 DPI:** A balanced setting for general use.
- **2400 DPI:** Increased sensitivity for faster cursor movement.
- **3200 DPI:** Highest sensitivity for rapid movements, often preferred in fast-paced gaming.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your mouse.

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Sensor Care:** Keep the optical sensor on the underside of the mouse clean and free from dust or debris to ensure accurate tracking.
- **Cable Management:** Avoid sharp bends or excessive pulling on the USB cable. Store the mouse in a way that prevents the cable from becoming tangled or damaged.
- **Storage:** When not in use for extended periods, store the mouse in a clean, dry environment away from extreme temperatures.

6. TROUBLESHOOTING

If you encounter issues with your HAVIT MS1006 mouse, refer to the following common solutions:

- **Mouse Not Responding:**
 - Ensure the USB cable is securely plugged into a working USB port on your computer.
 - Try plugging the mouse into a different USB port.
 - Restart your computer.
 - Test the mouse on another computer to determine if the issue is with the mouse or the computer.
- **Inaccurate Tracking or Cursor Jumps:**
 - Clean the optical sensor on the bottom of the mouse.
 - Ensure you are using the mouse on a clean, non-reflective, and uniform surface (e.g., a mouse pad).
 - Adjust the DPI setting to a lower value if the cursor is too sensitive.
- **Buttons Not Working:**
 - Check if any debris is lodged under the buttons.
 - Ensure no software conflicts are present (e.g., other mouse drivers).
- **RGB Lighting Not Working:**
 - Verify the mouse is properly connected and receiving power.
 - If the mouse functions otherwise, the lighting issue might require contacting support.

7. SPECIFICATIONS

Model	MS1006
Interface Type	USB
Resolution (DPI)	1000, 1400, 2400, 3200
Key Number	7

Dimensions	125 x 70 x 40 mm
Keystroke Life	3,000,000 times
Cable Length	1.5 m
Movement Detection Technology	Optical
Hand Orientation	Right
OS Supported	Windows 7, 8, 10, Vista, XP, 2000, Mac, Linux

8. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the official HAVIT website or contact the retailer from whom you purchased the product. Keep your proof of purchase for warranty claims. You can often find support resources and contact information on the manufacturer's official website: www.havit.com (Note: This is a general placeholder link for HAVIT's website, actual link may vary by region.)
