Vida Designs Milton

Vida Designs Milton Radiator Cover - Extra Large

Model: Milton (3331326)
Brand: Vida Designs

1. Introduction

This instruction manual provides essential information for the assembly, installation, and maintenance of your Vida Designs Milton Radiator Cover. Designed with a modern horizontal slatted pattern, this cover enhances the aesthetic of your living space while allowing efficient heat distribution from your radiator. Please read these instructions carefully before proceeding with assembly and use.

2. Safety Information

- Keep children and pets away from hot radiators, even when covered.
- Ensure the radiator cover is securely mounted to prevent tipping.
- Do not place flammable materials directly on or inside the radiator cover.

3. Product Overview

The Vida Designs Milton Radiator Cover is constructed from engineered wood (MDF) with a painted finish. It features a modern horizontal slatted design.

Dimensions:

- **External Dimensions:** H82cm x W172cm x D19cm
- **Internal Dimensions:** H80cm x W162cm x D16cm

Important: Before purchasing or assembling, measure your radiator carefully, including any thermostats or visible pipes you wish to cover. Ensure the internal dimensions of the radiator cover are slightly larger than your radiator for a proper fit and efficient heat distribution.

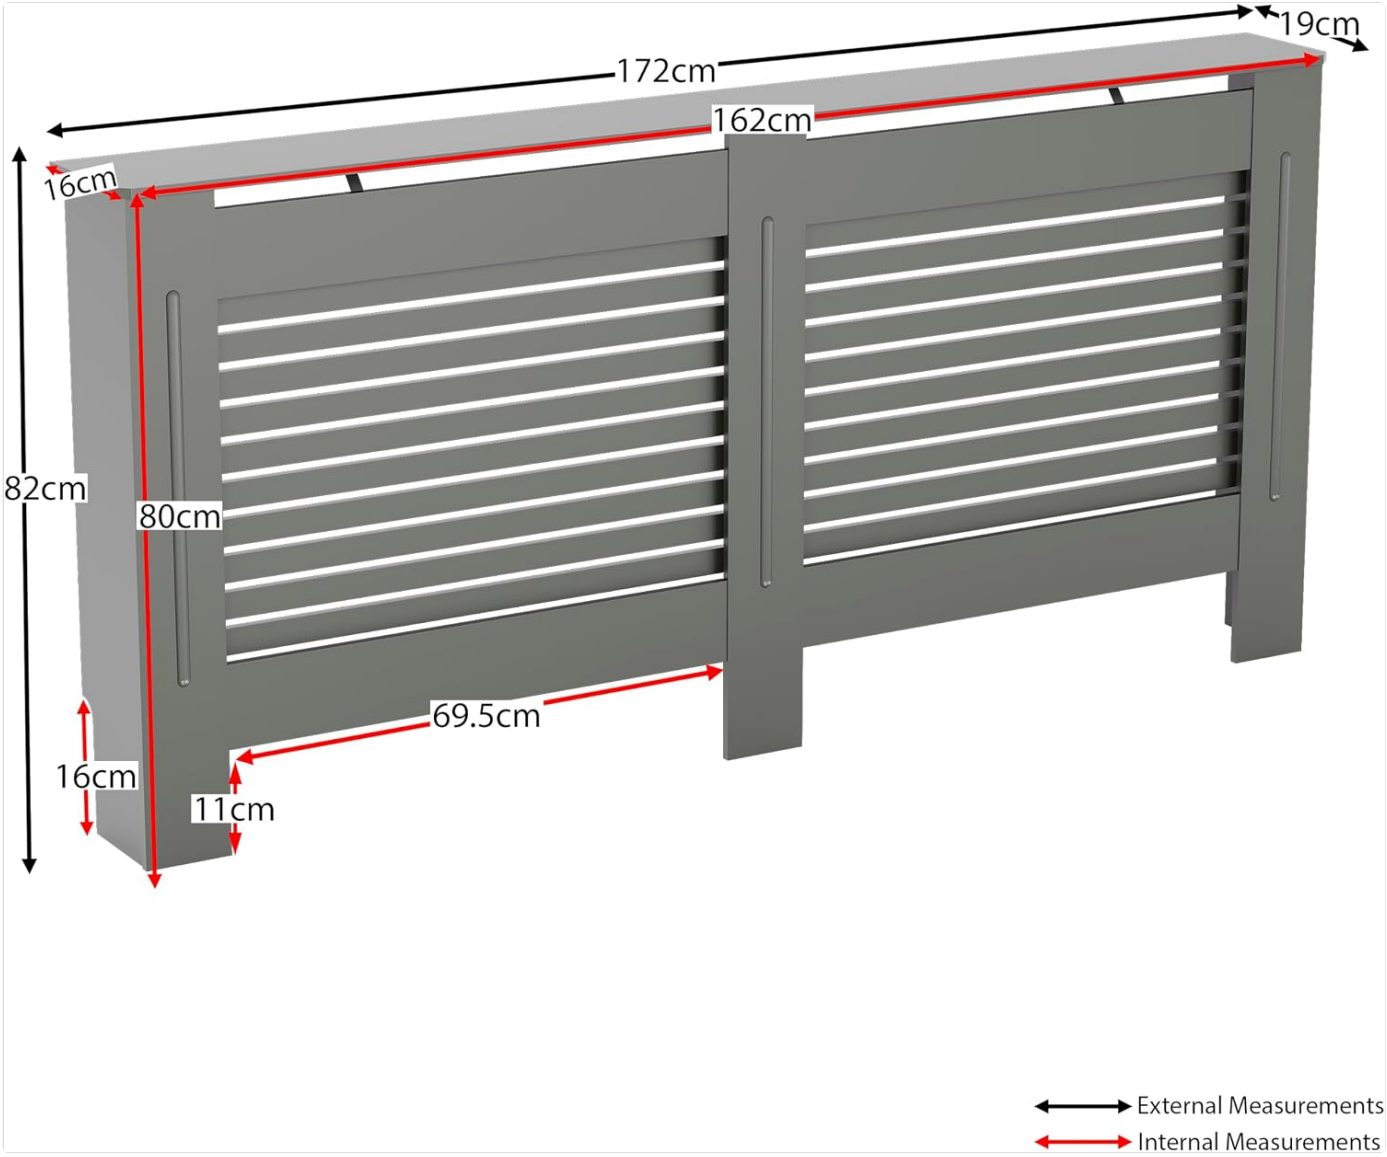

Figure 3.2: Detailed diagram illustrating the external and internal measurements of the radiator cover.

Components Included:

- Radiator Cover panels and hardware for assembly.

4. Setup and Assembly

Assembly of the Vida Designs Milton Radiator Cover is designed to be straightforward. Detailed assembly instructions are included within the product packaging. Please follow these instructions step-by-step.

General Assembly Steps:

1. Unpack all components and verify against the parts list in the included manual.
2. Assemble the side panels and top shelf according to the diagrams.
3. Attach the front slatted panel.
4. Secure the assembled cover to the wall using the provided wall mounting brackets to prevent tipping.

Figure 4.2: Close-up of the base and slatted design, illustrating the finished appearance.

5. Operating Instructions

The radiator cover functions by enclosing your radiator, providing a decorative surface and helping to direct heat into the room more effectively. The slatted design allows for air circulation.

- Ensure the internal dimensions of the cover provide sufficient clearance around your radiator for optimal heat performance.
- **Note:** The sides of this radiator cover are closed. If your radiator has a thermostat or controls on the side, you may need to remove the cover to adjust them.

6. Maintenance

To maintain the appearance and longevity of your radiator cover, follow these simple care instructions:

- Wipe the surface with a dry, soft cloth to remove dust and light marks.

- Avoid using abrasive cleaners or harsh chemicals, as these can damage the painted finish.
- Do not expose the cover to excessive moisture.

7. Troubleshooting

- **Issue: Cover does not fit over the radiator.**
  Solution: Re-check your radiator's dimensions against the internal dimensions provided in Section 3. Ensure adequate clearance for thermostats and pipes.
- **Issue: Material appears warped or damaged after use.**
  Solution: While the cover is designed for radiators, extreme heat or improper ventilation can affect engineered wood. Ensure there is sufficient airflow around the radiator and inside the cover. If damage persists, contact customer support.
- **Issue: Screws strip holes during assembly.**
  Solution: Exercise caution and do not overtighten screws, especially when working with MDF material. If a hole is stripped, wood glue or a larger screw (if appropriate and not compromising structural integrity) may be used, or contact customer support for replacement parts.

8. Specifications

Feature	Detail
Brand	Vida Designs
Model Name	Milton
Model Number	3331326
Color	Olive Grey
Size	Extra Large
Material	Engineered Wood (MDF)
Product Dimensions (External)	19D x 172W x 82H cm
Item Weight	11.5 Kilograms
