## Bepuzzled 31070

# BePuzzled Peanuts Snoopy Heart 3D Crystal Puzzle Instruction Manual

Model: 31070

## INTRODUCTION

This manual provides instructions for assembling the BePuzzled Peanuts Snoopy Heart Original 3D Crystal Puzzle. This unique puzzle features translucent, interlocking pieces that form a three-dimensional figure of Snoopy holding a heart, accompanied by Woodstock, on a pink base. Designed for ages 12 and up, this puzzle offers a rewarding challenge and results in a beautiful display piece.

## SETUP

1. **Unpack Components:** Carefully remove all puzzle pieces from the packaging.
2. **Verify All Pieces:** Count the pieces to ensure all components are present. Refer to the included diagram (if any) for a complete list of pieces. If any pieces are missing, contact customer support.
3. **Prepare Work Area:** Choose a clean, well-lit, and flat surface for assembly. This will help prevent loss of small pieces and provide a stable environment for construction.
4. **Sort Pieces:** It is recommended to sort the translucent pieces by shape or size if possible, to aid in identification during assembly.

## ASSEMBLY INSTRUCTIONS

The BePuzzled 3D Crystal Puzzles are designed with uniquely shaped, interlocking translucent pieces. Assembly typically involves connecting these pieces in a specific sequence to form the three-dimensional figure. Patience and careful handling are key to a successful build.

- **Identify Core Pieces:** Begin by identifying the central pieces that form the core structure of Snoopy and Woodstock. These often serve as the foundation for the rest of the puzzle.
- **Interlock Pieces:** Gently interlock the pieces. Avoid excessive force, as the pieces are delicate. If a piece does not fit easily, re-examine its shape and orientation.
- **Build Layer by Layer:** Many 3D crystal puzzles are built in layers. Follow the natural contours and connections of the pieces to gradually form the figure.

- **Utilize Visual Aids:** If you encounter difficulty, refer to the images on the product packaging or seek online step-by-step solutions provided by BePuzzled/University Games.
- **Secure the Base:** Once Snoopy and Woodstock are assembled, carefully attach them to the provided pink heart-shaped base.

Video 2: A general demonstration of how 3D Crystal Puzzles are built, showing the interlocking process.

## MAINTENANCE

- **Cleaning:** To clean your assembled puzzle, gently wipe it with a soft, dry cloth. Avoid using abrasive cleaners or harsh

chemicals, as these may scratch or damage the translucent plastic.

- **Storage:** Store the puzzle in a stable location away from direct sunlight or extreme temperatures to prevent discoloration or warping of the plastic pieces.

## TROUBLESHOOTING

### Pieces Not Fitting

If pieces do not seem to fit, ensure you are not applying excessive force. The pieces are designed to interlock smoothly. Re-examine the piece's shape and the corresponding slot. Sometimes rotating a piece 180 degrees can resolve the issue. Refer to the visual guides or online solutions if available.

### Missing Pieces

In the rare event of missing pieces, please contact BePuzzled customer support for assistance. Keep your product packaging and any purchase information handy.

## SPECIFICATIONS

<b>Product Dimensions</b>	5.75 x 3.75 x 0.1 inches
<b>Item Weight</b>	4.2 ounces
<b>Model Number</b>	31070
<b>Manufacturer Recommended Age</b>	12 years and up
<b>Manufacturer</b>	Bepuzzled
<b>Number of Pieces</b>	Approximately 37-38 pieces

*Note: The exact number of pieces for this specific model (Snoopy Heart) is not explicitly stated in the provided data, but similar Peanuts 3D Crystal Puzzles often have around 37-38 pieces.*

## WARRANTY INFORMATION

Specific warranty details for BePuzzled products are typically provided with the product packaging or can be found on the manufacturer's official website. Please retain your proof of purchase for any warranty claims.

## CUSTOMER SUPPORT & ONLINE RESOURCES

For additional assistance, step-by-step solutions, or to inquire about missing pieces, please visit the official University Games or BePuzzled website. Online solutions are available to help with assembly if you get stuck.
