LEGO Friends Tiger Hot Air Balloon Jungle Rescue 41423 Instruction Manual

Model: 41423

INTRODUCTION

This instruction manual provides detailed guidance for assembling, operating, and maintaining your LEGO Friends Tiger Hot Air Balloon Jungle Rescue set (Model 41423). Please read all instructions carefully before beginning assembly to ensure a correct and enjoyable building experience.

The set includes components to build a hot air balloon, a jungle waterfall scene, two mini-doll figures (Emma and Andrea), two tiger cubs, a parrot, and a baby turtle. This set is designed for builders aged 7 and up.

SETUP AND ASSEMBLY

Follow these steps to assemble your LEGO Friends Tiger Hot Air Balloon Jungle Rescue set. It is recommended to sort pieces by color and type before starting.

- 1. Unboxing and Part Identification:** Carefully open the box and empty all contents. Identify the numbered bags containing the LEGO elements. Refer to the included building guide for step-by-step visual instructions.
- 2. Building the Jungle Waterfall:** Begin by constructing the base of the jungle waterfall scene. This involves assembling the rock formations, water elements, and foliage. Ensure all pieces are firmly connected.
- 3. Assembling the Hot Air Balloon:** Proceed to build the hot air balloon structure, including the basket and the balloon canopy. Pay attention to the chain mechanism that connects the basket to the rescue equipment.

4. **Adding Details and Figures:** Integrate the animal figures (tiger cubs, parrot, baby turtle) and mini-doll figures (Emma and Andrea) into the scene. Place accessories such as the camera and walkie-talkies.

OPERATING THE SET

Once assembled, the LEGO Friends Tiger Hot Air Balloon Jungle Rescue set offers several interactive features for imaginative play.

- **Hot Air Balloon Movement:** The hot air balloon can be manually moved up and down. The basket is designed to hold a mini-doll figure or a small animal figure for rescue scenarios.
- **Waterfall Function:** The waterfall section includes a tilting function. This allows for dynamic play where characters can be "upended" into the water, simulating a rescue situation.
- **Animal Rescue Scenarios:** Position the tiger cubs in their cave home or near the waterfall. Use the hot air balloon to simulate rescuing them from precarious situations.
- **Exploring the Jungle:** The set includes various jungle elements like trees and plants, encouraging exploration and storytelling with the mini-doll figures.

MAINTENANCE

Proper care will ensure the longevity and cleanliness of your LEGO set.

- **Cleaning:** To clean LEGO bricks, use a mild soap solution and lukewarm water (not exceeding 40°C or 104°F). Gently scrub with a soft brush or cloth. Rinse thoroughly with clear water and air dry at room temperature. Do not use hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.
- **Storage:** Store your LEGO set in a cool, dry place away from direct sunlight to prevent color fading and material degradation. Keep small pieces in a container to avoid loss.
- **Disassembly:** If disassembling the set for storage, do so carefully to avoid stressing or breaking individual elements.

TROUBLESHOOTING

If you encounter any issues during assembly or play, refer to the following common solutions:

- **Missing Pieces:** Double-check all packaging and surrounding areas. If a piece is genuinely missing,

contact LEGO Customer Service for replacement parts.

- **Parts Not Fitting:** Ensure you are using the correct pieces as indicated in the instruction manual. Some pieces may look similar but have subtle differences. Apply gentle, even pressure when connecting bricks.
- **Set Falls Apart Easily:** Verify that all connections are firm and secure. Re-examine the steps where the structure feels weak to ensure no steps were missed or pieces incorrectly placed.

SPECIFICATIONS

Feature	Detail
Model Number	41423
Brand	LEGO
Product Dimensions	7.52 x 13.94 x 2.76 inches (packaging)
Item Weight	0.047 ounces
Number of Pieces	302
Recommended Age	7 years and up
Release Date	August 21, 2020
