

LEGO 75941

LEGO Jurassic World Indominus rex vs. Ankylosaurus 75941 Building Toy Instruction Manual

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and care of your LEGO Jurassic World Indominus rex vs. Ankylosaurus (75941) building set. This set allows for the recreation of classic moments from the Jurassic World movie, featuring two detailed dinosaur figures, a gyrosphere deployment station, and five minifigures.

The set includes a posable Indominus rex and Ankylosaurus dinosaur figures, along with minifigures such as Owen Grady, Claire Dearing, Gray Mitchell, and Zach Mitchell, enabling diverse role-play scenarios. The gyrosphere station features a ticket booth, a functional turnstile, and a gyrosphere-launch mechanism. Additionally, a buildable jungle scene with trees can be knocked over using the Ankylosaurus's swiping tail feature.

SETUP AND ASSEMBLY

The LEGO Jurassic World Indominus rex vs. Ankylosaurus 75941 set consists of 537 LEGO building elements. Assembly is guided by the included step-by-step instructions. It is recommended to sort the building elements by color and type before beginning construction to facilitate the process.

Follow the detailed visual instructions provided in the physical manual that accompanies your set. Each step illustrates the placement of specific bricks and components to construct the Indominus rex, Ankylosaurus, gyrosphere, gyrosphere deployment station, and jungle elements.

OPERATING FEATURES

Once assembled, the LEGO Jurassic World Indominus rex vs. Ankylosaurus set offers several interactive features:

- **Gyrosphere Launch:** Place a minifigure inside the gyrosphere. Position the gyrosphere at the deployment station and activate the trigger mechanism to launch it.
- **Ankylosaurus Tail Swipe:** The Ankylosaurus figure features a movable tail. Utilize this feature to knock over the buildable trees in the jungle scene.
- **Posable Dinosaurs:** Both the Indominus rex and Ankylosaurus figures have articulated parts, allowing for dynamic posing and play.

- **Minifigure Interaction:** The included minifigures can be placed in various positions around the gyrosphere station and jungle, facilitating imaginative role-play.

MAINTENANCE

To ensure the longevity and cleanliness of your LEGO set, follow these maintenance guidelines:

- **Cleaning:** Use a soft cloth dampened with mild soap and water to gently clean the LEGO bricks and figures. Avoid harsh chemicals or abrasive materials. Rinse thoroughly with clean water and allow to air dry completely before reassembly or storage.
- **Storage:** Store the assembled set or individual pieces in a clean, dry environment away from direct sunlight and extreme temperatures. Consider using a container to prevent dust accumulation and loss of small parts.
- **Handling:** Handle the set with care to prevent accidental disassembly or damage to delicate components.

TROUBLESHOOTING

If you encounter issues during assembly or play, consider the following:

- **Missing Pieces:** In the rare event of missing pieces, please refer to the official LEGO customer service for assistance. They can provide replacement parts.
- **Assembly Difficulties:** Double-check the step-by-step instructions carefully. Ensure all pieces are correctly oriented and firmly connected. Sometimes, a small error in an earlier step can affect subsequent assembly.
- **Loose Connections:** If parts feel loose, ensure they are fully pressed together. LEGO bricks are designed to fit snugly.

SPECIFICATIONS

Feature	Detail
Brand	LEGO
Model Name	Indominus Rex vs. Ankylosaurus
Model Number	75941
Number of Pieces	537
Age Range	8 years and up
Material Type	Plastic
Item Dimensions (L x W x H)	21.26 x 11.1 x 3.09 inches
Item Weight	2.65 g
Included Components	LEGO Building Elements
