VASAGLE LSC88BX

VASAGLE LSC88BX Industrial Sideboard with Sliding Doors - User Manual

Model: LSC88BX

INTRODUCTION

Thank you for choosing the VASAGLE LSC88BX Industrial Sideboard. This versatile storage unit features a vintage brown finish with a black steel frame, designed to complement various interior styles. It includes practical sliding doors and height-adjustable internal shelves for flexible storage. This manual provides essential information for safe assembly, operation, and maintenance of your new sideboard.

SAFETY INFORMATION

- For safety reasons, children should not climb on or play with this product.
- Always attach this product to the wall using the included anti-tip device to prevent accidental tipping.
- Do not exceed the maximum static load capacity for the top surface (30 kg) or shelves (10 kg).
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.

PACKAGE CONTENTS

Before assembly, please verify that all components listed below are present:

- 1 x Sideboard/Cabinet
- 1 x Assembly Tool Bag (includes screwdriver)
- 1 x Anti-tip Accessories
- 1 x Instruction Manual

SETUP AND ASSEMBLY

Assembly of this cabinet is designed to be straightforward. Follow the easy-to-understand instructions provided in the included manual, using the numbered parts and the supplied screwdriver.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify each part using the numbering system in the assembly manual.
3. Follow the step-by-step diagrams and instructions to connect the frame and panels.
4. Install the sliding door mechanism according to the instructions.
5. Insert the adjustable shelf pins into the desired height positions for the internal shelves.
6. Attach the anti-tip device to the back of the sideboard and secure it to a wall stud using appropriate hardware.
7. Adjust the leveling feet at the bottom of the cabinet to ensure stability on uneven floors.

This image displays the VASAGLE LSC88BX sideboard, highlighting its total dimensions: 70 cm in width, 30 cm in depth, and 80 cm in height.

This image provides specific internal dimensions for the shelves: 20.2 cm and 21.2 cm heights, and 30.2 cm depth, useful for planning storage.

OPERATING INSTRUCTIONS

Sliding Doors

The sideboard features a single sliding door that can be moved left or right to cover either section of the cabinet. Gently slide the door along its track to access the desired compartment or to conceal items.

This image illustrates the functionality of the sliding door, showing how it can be moved to cover either the left or right section of the cabinet.

Adjustable Shelves

The two internal shelves are height-adjustable. To change a shelf's height:

1. Remove all items from the shelf.
2. Carefully lift the shelf and remove the four shelf pins supporting it.
3. Reinsert the shelf pins into the desired set of holes on the side panels. Ensure all four pins are at the same height.
4. Place the shelf back onto the pins, ensuring it is level and secure.

Details of the adjustable shelf pins are shown, indicating three possible height settings. Also visible are the adjustable feet, designed to stabilize the cabinet on uneven floors.

MAINTENANCE

- **Cleaning:** Wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the sideboard with a dry, soft cloth.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Placement:** Avoid placing the sideboard in direct sunlight or near heat sources to prevent warping or fading.

TROUBLESHOOTING

- **Wobbly Cabinet:** If the cabinet feels unstable, ensure all assembly screws are tightened. Adjust the leveling feet at the bottom of the unit until it stands firmly on the floor.
- **Sliding Door Sticks:** Check the sliding track for any obstructions or debris. Ensure the door is properly seated in the track. If the issue persists, verify that the track components were installed correctly during

assembly.

- **Damaged Parts:** If any parts are damaged or missing upon arrival, please contact customer support for assistance. Do not attempt to assemble the product with damaged components.
