# User Manual: Replacement Remote Control for Daewoo Air Conditioners

Compatible with Models: DSB-F0934ELH-V, DSB-F1234ELH-V, DSB-F1834ELH-V, DSB-F2434ELH-V

## 1. INTRODUCTION

---

This manual provides instructions for the setup, operation, and maintenance of your replacement remote control for Daewoo Air Conditioners. This remote is specifically designed to be compatible with Daewoo models DSB-F0934ELH-V, DSB-F1234ELH-V, DSB-F1834ELH-V, and DSB-F2434ELH-V. Please read this manual thoroughly before use to ensure proper functionality.

## 2. PRODUCT OVERVIEW

---

The replacement remote control is designed for ease of use, featuring clearly labeled buttons for various air conditioner functions. It operates on AAA batteries (not included).

**Figure 1:** Front view of the remote control, displaying temperature in Celsius and various control buttons.

**Figure 2:** Wall mount bracket for convenient storage of the remote control.

## 3. SETUP

---

### 3.1 Battery Installation

1. Locate the battery compartment cover on the back of the remote control.
2. Slide the cover downwards or press the latch to open it.
3. Insert two (2) AAA 1.5V batteries, ensuring the positive (+) and negative (-) terminals match the markings inside the compartment.
4. Replace the battery compartment cover, sliding it back into place until it clicks securely.

**Note: Batteries are not included with this product.**

### 3.2 Initial Use

This remote control requires no programming. Once batteries are correctly installed, it is ready for immediate use with compatible Daewoo Air Conditioner models.

**Important: This is not a universal Daewoo AC remote control. Please ensure your air conditioner model is listed as compatible before use. If you are unsure, contact the seller for assistance.**

## 4. OPERATING INSTRUCTIONS

---

Familiarize yourself with the buttons on your remote control:

- **Power Button (Green Circle):** Turns the air conditioner ON or OFF.
- **Temperature Adjustment (Green Arrows):** Increases or decreases the set temperature.
- **MODE Button:** Cycles through operating modes (e.g., Cool, Heat, Fan, Dry, Auto).
- **ECO Button:** Activates or deactivates energy-saving mode.

- **TIMER Button:** Sets the ON/OFF timer for the air conditioner.
- **FAN Button:** Adjusts the fan speed.
- **SLEEP Button:** Activates sleep mode for comfortable night operation.
- **DISPLAY Button:** Controls the display on the air conditioner unit.
- **SWING Buttons** (*Horizontal and Vertical Arrows*): Controls the direction of the air flow louvers.
- **HEALTH Button:** Activates specific health-related functions (if available on your AC unit).
- **TURBO Button:** Activates maximum cooling/heating for rapid temperature change.

**Note: The temperature display on this remote control is in Celsius only.**

## 5. TROUBLESHOOTING

---

### Remote Control Not Responding:

- **Check Batteries:** Ensure batteries are inserted correctly with the correct polarity (+/-) and are not depleted. Replace with fresh AAA batteries if necessary.
- **Line of Sight:** Ensure there is a clear line of sight between the remote control and the air conditioner's receiver. Obstructions can block the signal.
- **Distance:** Operate the remote within the effective range of the air conditioner.
- **Compatibility:** Double-check that your Daewoo air conditioner model is listed as compatible with this remote control.

## 6. SPECIFICATIONS

---

- **Product Model Number:** 20200212-A1-10-
- **Compatible Daewoo AC Models:** DSB-F0934ELH-V, DSB-F1234ELH-V, DSB-F1834ELH-V, DSB-F2434ELH-V
