Yaheetech 3-Piece Patio Porch Furniture Set Instruction Manual

Model: B085CCH392

INTRODUCTION

Thank you for choosing the Yaheetech 3-Piece Patio Porch Furniture Set. This set includes a square side table and two comfortable armchairs, crafted with hand-woven PE rattan and robust powder-coated metal frames. Designed for both practicality and style, it provides an inviting space for relaxation and conversation in your outdoor area. This manual provides detailed instructions for assembly, operation, and maintenance to ensure long-lasting enjoyment of your furniture set.

SAFETY INFORMATION

Always assemble the furniture according to the provided instructions to ensure stability and safety. This product weighs approximately 35.3 pounds when assembled. Ensure it is secured properly to prevent tip-overs, especially in windy conditions. Keep small parts away from children during assembly.

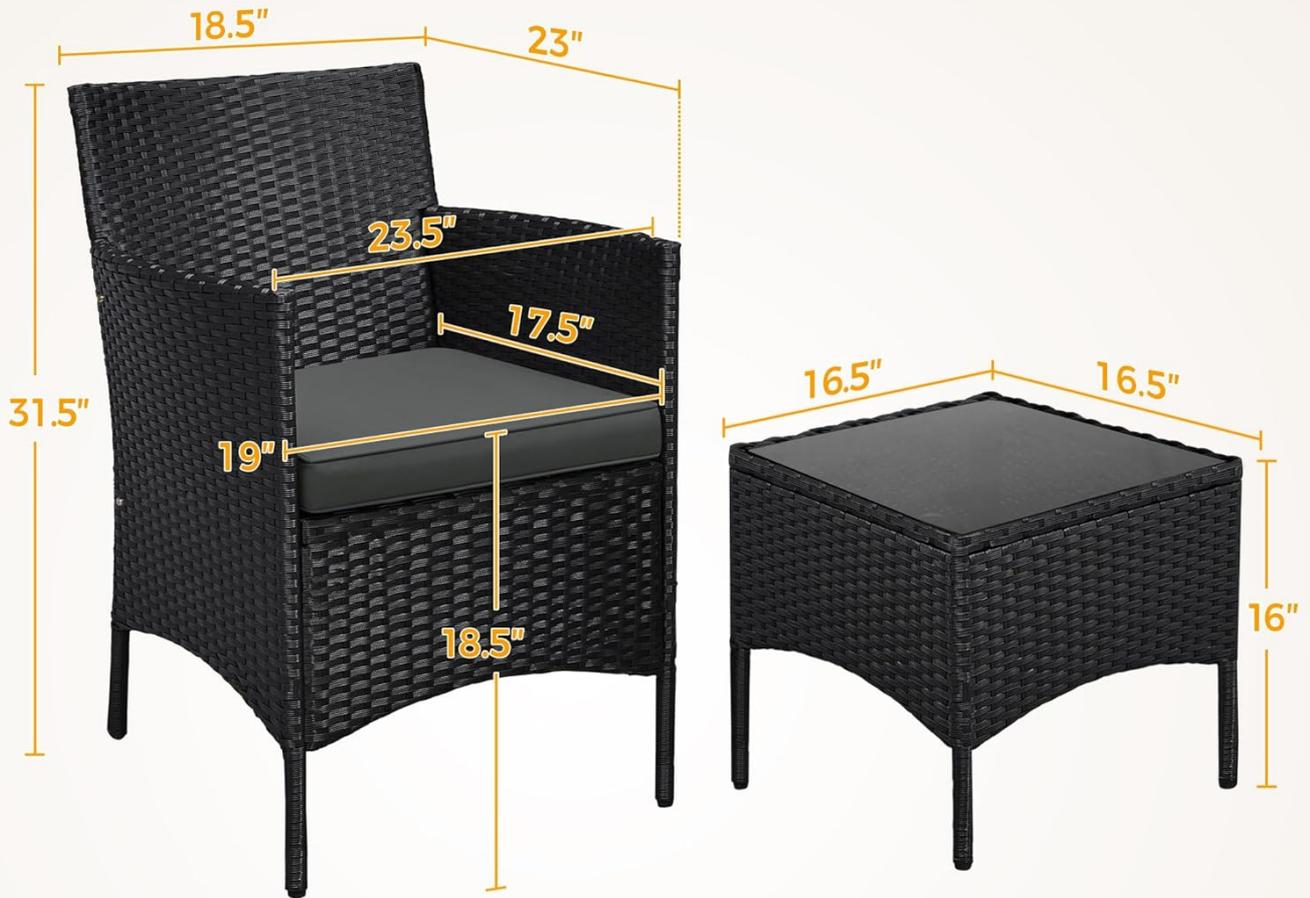

SETUP AND ASSEMBLY

This furniture set requires assembly. Please follow the steps below carefully. An official installation manual in PDF format is available for download via the manufacturer's website or the product listing page.

- Unpack All Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list are present and undamaged.
- Identify Hardware:** Separate and identify all screws, bolts, and tools provided.
- Initial Fastening:** When attaching parts, insert all screws and bolts loosely first. **Do not fully tighten any screws until all pieces are together and aligned.** This allows for minor adjustments and prevents misalignment issues.
- Assemble Chairs:** Follow the specific instructions for assembling each chair, ensuring all connections are secure but not overtightened initially.
- Assemble Table:** Assemble the side table. If holes do not align perfectly, slightly loosen adjacent connections to allow for minor movement, then re-tighten once aligned.
- Final Tightening:** Once all components are assembled and aligned, gradually tighten all screws and bolts securely. Do not overtighten.

Size: inch

Maximum Weight Capacity:
Chair: 286 lb
Table: 22 lb

OPERATING INSTRUCTIONS

The Yaheetech Patio Porch Furniture Set is designed for comfortable outdoor use. Its compact size makes it suitable for various spaces such as gardens, decks, courtyards, or poolside areas.

- **Placement:** Position the furniture set on a flat, stable surface.
- **Cushion Use:** Place the high-density foam cushions on the chair seats for enhanced comfort. The cushions are designed to resist deformation.
- **Table Use:** The glass-top table provides a convenient surface for drinks, books, or small decorative items. The tempered glass top offers good impact resistance.
- **Weather Resistance:** The PE rattan and powder-coated metal frames are weather-resistant, allowing the set to be left outdoors without significant concern for damage from typical weather conditions.

MAINTENANCE AND CARE

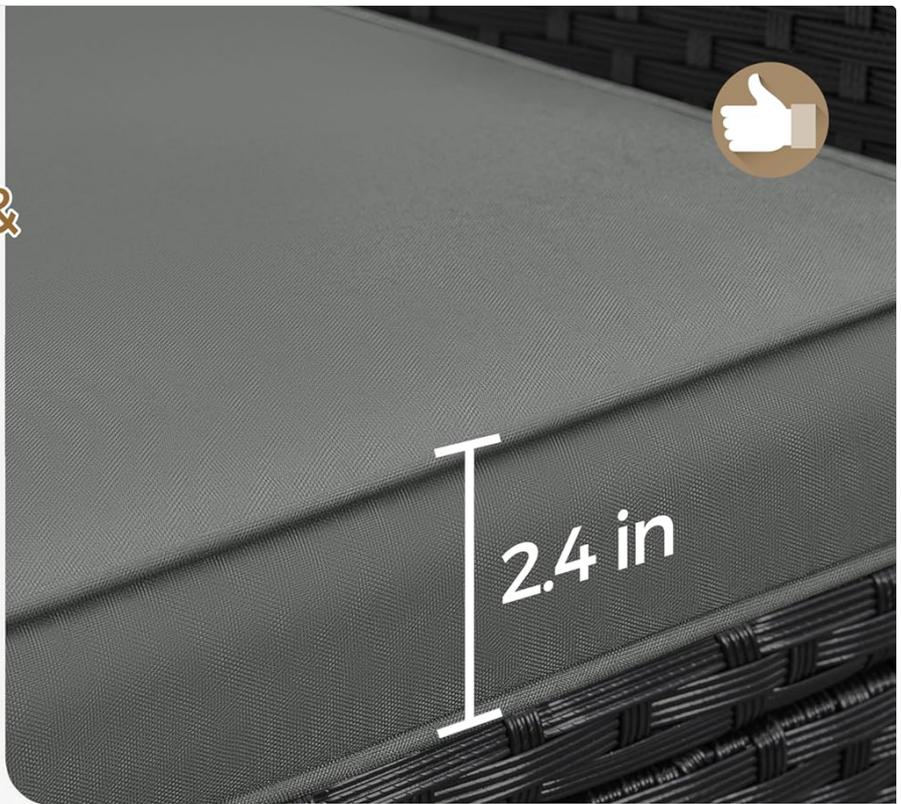

Proper care will extend the life and appearance of your Yaheetech Patio Porch Furniture Set.

- **General Cleaning:** Wipe the furniture surfaces with a dry cloth to remove dust and light debris. For more stubborn dirt, use a damp cloth with mild soap and water, then wipe dry.
- **Cushion Care:** The water-resistant cushion covers feature zippers, making them removable for cleaning. Hand wash or machine wash on a gentle cycle with cold water and mild detergent. Air dry thoroughly before reattaching to the cushions.
- **Rattan and Frame:** The PE rattan is durable and weather-resistant. The powder-coated metal frames are designed to resist rust. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Winter Storage:** While weather-resistant, storing the furniture indoors or covering it with a protective cover during harsh winter months will further prolong its lifespan.

TROUBLESHOOTING

If you encounter any issues with your furniture set, please refer to the following common solutions:

- **Wobbly Chairs/Table:** Ensure all bolts and screws are fully tightened. If a part seems misaligned, slightly loosen all connections on that component, adjust the alignment, and then re-tighten.
- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, please contact Yaheetech customer support immediately for assistance.
- **Cushions Sliding:** If cushions tend to slide, consider adding non-slip pads or Velcro strips to the underside of the cushions and the chair seat to keep them in place.

RATTAN TABLE

The table top is made of tempered glass with good impact resistance
Six suckers provide strong adsorption
Anti-skid foot pads bring extra stability

RATTAN CHAIR

The comfortable cushion is breathable, resilient, and will not deform easily
Non-slip mats under the chair legs to prevent floor from scratching
