The rear of the tablet is shown in this image, featuring a bluish-black finish. The Alcatel logo is prominently displayed vertically in the center. The rear camera lens is visible in the upper left corner, indicating its position for photography and video recording.

3.3 Keyboard Components

The detachable keyboard features a standard QWERTY layout with additional function keys for quick access to tablet features. It connects physically to the tablet via a magnetic connector, providing a stable and reliable connection without the need for Bluetooth pairing or separate charging.

- **Function Keys (Fn):** Used in combination with other keys for shortcuts (e.g., volume, brightness, screenshot).
- **Magnetic Connector:** Ensures secure attachment and communication with the tablet.
- **Protective Case:** The keyboard doubles as a protective cover for the tablet when closed.

4. SETUP

4.1 Charging the Tablet

1. Connect the USB charging cable to the tablet's charging port.
2. Connect the other end of the USB cable to the power adapter.
3. Plug the power adapter into a wall outlet.
4. Allow the tablet to charge until the battery indicator shows a full charge.

It is recommended to fully charge the tablet before first use.

4.2 Attaching the Keyboard

The keyboard attaches magnetically to the tablet. Align the tablet with the magnetic connector on the keyboard case until it snaps into place. Ensure the tablet is seated firmly.

- Avoid exposing the tablet to extreme temperatures.
- Do not allow the battery to fully discharge frequently.
- Use only the provided charger or a certified compatible charger.

6.3 Software Updates

Regularly check for and install software updates to ensure your tablet has the latest features, security patches, and performance improvements.

1. Go to **Settings > System > System update**.
2. Follow the on-screen instructions to check for and install updates.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your tablet. If the problem persists, contact customer support.

Problem	Possible Solution
Tablet does not power on.	Ensure the tablet is charged. Connect to the charger and wait a few minutes before attempting to power on again.
Wi-Fi connection issues.	Restart your Wi-Fi router. Go to Settings > Network & internet > Wi-Fi, turn Wi-Fi off and then on again. Forget the network and reconnect.
Keyboard not responding.	Ensure the tablet is correctly seated in the magnetic connector. Detach and reattach the keyboard. Restart the tablet.
Tablet is slow or unresponsive.	Close unused applications. Clear cache data. Restart the tablet. If issues persist, consider a factory reset (back up data first).
Screen is frozen.	Press and hold the Power button for approximately 10-15 seconds to force a restart.
