# PRITECH Rechargeable Callus Remover BCM-1138 Charging Cable User Manual

Model: BCM-1138 / HF-V050A1000

## INTRODUCTION

This manual provides essential information for the safe and effective use of your PRITECH Rechargeable Callus Remover BCM-1138 Charging Cable. Please read this manual thoroughly before use and retain it for future reference.

This product is designed specifically for charging the PRITECH Rechargeable Callus Remover (Model BCM-1138). It is not intended for use with other devices.

## PRODUCT OVERVIEW

Image 1: The PRITECH Rechargeable Callus Remover Charging Cable (Model HF-V050A1000).

Image 2: The charging cable connected to the PRITECH Rechargeable Callus Remover.

Image 3: Close-up view of the charging cable's connection point to the device.

The PRITECH charging cable, model HF-V050A1000, is a white USB cable designed for specific PRITECH devices. It features a standard USB-A connector on one end and a proprietary connector on the other, compatible with the PRITECH Rechargeable Callus Remover BCM-1138.

## SETUP AND CHARGING INSTRUCTIONS

---

Follow these steps to properly charge your PRITECH Rechargeable Callus Remover:

1. **Plug the charging cable into a power source:** Insert the USB-A end of the charging cable into a compatible USB power adapter (not included) or a USB port on a computer. Ensure the power source provides 5V⋯1A output for optimal charging.
2. **Connect the charging cable to the PRITECH Rechargeable Callus Remover:** Carefully insert the proprietary connector end of the cable into the charging port of your PRITECH Rechargeable Callus Remover.
3. **Check for charging indication:** The device typically has an indicator light that illuminates or changes color to show that it is charging. Refer to your callus remover's manual for specific charging indications.
4. **Disconnect after charging:** Once the device is fully charged, disconnect the cable from both the device and the power source.
5. **Store the cable safely:** Store the charging cable in a dry, cool place, away from direct sunlight and extreme temperatures, to prevent damage.

## SPECIFICATIONS

---

Feature	Detail
Model Number (Cable)	HF-V050A1000
Input Voltage	100-240V ~ 50/60Hz 0.2A
Output Voltage/Current	5V...1A
Product Dimensions	3.35 x 1.57 x 1.97 inches (0.71 ounces)
Item Weight	20 Grams
Color	White
Manufacturer	PRITECH
Country of Origin	Bosnia and Herzegovina

## MAINTENANCE AND CARE

---

- **Cleaning:** Use a soft, dry cloth to wipe the cable clean. Do not use abrasive cleaners or immerse the cable in water.
- **Storage:** When not in use, coil the cable loosely and store it in a cool, dry place. Avoid sharp bends or kinks, especially near the connectors, as this can damage the internal wires.
- **Handling:** Always grasp the plug when connecting or disconnecting the cable from a power source or device. Do not pull on the cord itself.
- **Inspection:** Periodically inspect the cable for any signs of damage, such as frayed wires, exposed insulation, or bent connectors. If damage is found, discontinue use immediately and replace the cable.

## TROUBLESHOOTING

---

If you encounter issues with your charging cable, consider the following:

- **Device not charging:**
  - Ensure the cable is securely plugged into both the power source and the callus remover.
  - Try a different USB power adapter or USB port.
  - Verify that the power source is active and providing power.
  - Check the charging port on your callus remover for any debris or damage.
- **Slow charging:**
  - Ensure your power adapter provides the recommended 5V...1A output. Lower output adapters may charge slower.
  - Avoid using USB hubs or unpowered USB ports, which may not provide sufficient power.
- **Cable appears damaged:**
  - If the cable shows any signs of physical damage (fraying, cuts, bent connectors), discontinue use immediately to prevent electrical hazards. Replace the cable with an official PRITECH replacement.

## WARRANTY AND SUPPORT

---

For warranty information or technical support regarding your PRITECH Rechargeable Callus Remover BCM-1138 Charging Cable, please contact PRITECH customer service. Refer to the original product packaging or the PRITECH official website for contact details.
