Sharper Image Calming Heat Pad

Sharper Image Calming Heat Massaging Weighted Heating Pad

Model: Calming Heat Pad

INTRODUCTION

The Sharper Image Calming Heat Massaging Weighted Heating Pad is designed to provide targeted heat therapy and soothing massage to your muscles and joints. Its weighted design ensures the pad stays securely in place, delivering consistent relief. This manual provides essential information for safe and effective use of your heating pad.

IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of burns, electric shock, fire, or injury to persons, this product must be used in accordance with the following instructions:

- Do not use while sleeping. Do not use on an infant.
- Do not use on areas of insensitive skin.
- Do not use on a person with poor blood circulation.
- Never pull this pad by the supply cord.
- Always place pad on top of the body, do not sit on or crush the pad.
- Do not use pins or other metallic means to fasten this pad.
- This product has a built-in 2-hour auto shut-off for heat setting and a 15-minute shut-off for massage setting to prevent overheating.
- Consult a physician before use if you have any medical conditions.

PRODUCT FEATURES

- **Weighted & Massaging:** Calming Heat's weighted design provides targeted heat therapy to your joints and muscles, helping to ease aches and pains. The unique weighted feature helps the pad stay in place.
- **King Size Comfort:** Measures 12" x 24" – large enough for various body parts. Includes a 9-foot extra-long power cord for convenient use.
- **Super Soft Velveteen:** Made with a plush, luxurious material for comfort on neck, back, legs, knees, or shoulders.
- **Comfortable Massaging Vibrations:** Optional vibrating massage settings enhance heat therapy with gentle massage.
- **18 Relaxing Combinations:** High-density comfort fill provides pressure, soothing heat, and vibration. Choose from 3 heat levels and 6 massage levels.

SETUP AND OPERATION

Initial Setup:

1. Unpack the Calming Heat Massaging Weighted Heating Pad and its controller.
2. Ensure the pad and cord are free from any damage or kinks.
3. Plug the heating pad into a standard electrical outlet.

Using the Controller:

The controller allows you to select your desired heat and massage settings. It features separate buttons for heat and massage functions.

Figure 4: The controller with heat and massage settings.

- **Heat Settings:** Press the "Heat" button to cycle through 3 heat levels: Low, Medium, and High. Indicator lights will show the selected level.
- **Massage Settings:** Press the "Massage" button to cycle through 6 massage levels. Indicator lights will show the selected level.
- **Combinations:** You can use heat and massage functions simultaneously for 18 relaxing combinations.
- **Auto Shut-Off:** The heat function automatically turns off after 2 hours, and the massage function turns off after 15 minutes for safety.

Application:

Place the soft, plush side of the heating pad directly against the body part requiring relief. The weighted design helps keep the pad in position without needing to hold it.

EXTRA LARGE

12 in x 24 in
(30.48 cm x 60.96 cm)

PRO TIP:

Fold unit in half and allow Calming Heat™ to run on the high setting for 2 minutes before each use. adjust heat as needed and then apply the lighter grey side to your body.

IMPORTANT:

Get comfortable and use Calming Heat™ with the controller next to you instead of on or under the heating pad while in use. This will ensure that the controller does not overheat and become inoperable.

CARE AND MAINTENANCE

- **Cleaning:** Unplug the pad and allow it to cool completely before cleaning. Spot clean with a damp cloth and mild detergent. Do not submerge the pad or controller in water.
- **Drying:** Air dry completely before storing or re-using. Do not machine wash or tumble dry.
- **Storage:** Store the pad in a cool, dry place. Do not wrap the cord tightly around the controller or pad, as this may damage the internal wiring.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Pad not heating or massaging.	Not properly plugged in; auto shut-off activated; internal wiring issue.	Ensure securely plugged into outlet. If auto shut-off, unplug and replug to reset. If problem persists, contact customer support.
Lights on controller are off.	No power; controller malfunction.	Check power outlet. Ensure cord is fully inserted into the pad. If still off, contact customer support.
Pad feels too hot or not hot enough.	Incorrect heat setting selected.	Adjust heat setting using the "Heat" button on the controller.
