SAFETY INFORMATION

WARNING: Choking hazard. Small parts. Not suitable for children under 3 years. This product is recommended for ages 15 and up.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Charizard model kit components
- Dragonite model kit components
- Display stand
- New parts for enhanced detail
- Redesigned sticker sheet
- Instruction manual

ASSEMBLY INSTRUCTIONS (SETUP)

This model kit is designed for snap-together assembly, requiring no glue, paint, or specialized tools. Follow the numbered steps in the included instruction booklet for best results.

1. **Preparation:** Carefully remove all parts from their runners. Use a hobby nipper or a sharp craft knife for clean cuts to avoid stress marks.
2. **Identify Parts:** Refer to the parts diagram in the instruction booklet to identify each component.
3. **Assemble Sections:** Follow the step-by-step diagrams to connect the parts. Ensure each piece snaps securely into place.
4. **Apply Stickers:** Apply the redesigned stickers as indicated in the manual for added detail. Use tweezers for precise placement.
5. **Final Assembly:** Connect the assembled sections of Charizard and Dragonite.
6. **Attach to Display Stand:** Secure the completed figures onto the provided display stand.

DISPLAY AND POSING (OPERATING)

Once assembled, the Charizard and Dragonite figures can be posed and displayed. The figures feature articulation points allowing for various dynamic poses. Utilize the included display stand to showcase your completed models securely.

CARE AND MAINTENANCE

To ensure the longevity and appearance of your model kit:

- **Cleaning:** Dust the figures regularly with a soft, dry cloth or a soft brush. Avoid using harsh chemicals or abrasive materials.
- **Handling:** Handle the models carefully to prevent accidental breakage of small parts.
- **Storage:** Store the model in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation or discoloration.

TROUBLESHOOTING

If you encounter issues during assembly or with the completed model:

- **Parts Not Fitting:** Ensure parts are oriented correctly. Apply gentle, even pressure. If a part is too tight, carefully trim excess plastic from the connection points using a hobby knife.
- **Loose Connections:** If parts are too loose, a small amount of hobby cement (sold separately) can be applied to secure them, though this is generally not required for snap-fit kits.
- **Missing or Damaged Parts:** Refer to the customer support section for assistance with missing or damaged components.
