## WORKPRO W082050

# WORKPRO Miter Saw Stand & 5-in-1 Portable Workbench Instruction Manual

Brand: WORKPRO

Model: W082050

## INTRODUCTION

The WORKPRO 5-in-1 Portable Workbench is a versatile tool designed to enhance efficiency and adaptability in various work environments, including woodworking, repair, and masonry. This multi-functional unit can transform from a robust workbench into a miter saw stand, dolly, creeper, or platform, offering unparalleled utility and portability for professionals and DIY enthusiasts alike.

## IMPORTANT SAFETY INFORMATION

Always read and understand all instructions before using this product. Failure to follow all instructions listed below may result in electric shock, fire, and/or serious personal injury.

- Ensure the workbench is placed on a stable, level surface before use.
- Do not exceed the maximum load capacity of 330 lbs (150 kg).
- Verify all locking mechanisms are securely engaged before applying weight or operating power tools.
- Keep hands and body clear of moving parts during folding, unfolding, and adjustment.
- When using the integrated power outlets, ensure the total load does not exceed the rated capacity and use appropriate extension cords.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, gloves, and hearing protection, when operating power tools on the workbench.
- Do not use the workbench as a ladder or step stool unless specifically configured as a platform and all safety guidelines for platform use are followed.

## ASSEMBLY INSTRUCTIONS

The WORKPRO workbench requires minimal assembly. Follow these steps to set up your unit:

- 1. Unpack Components:** Carefully remove all parts from the packaging. Verify all components listed in the packing list are present.

- 2. Attach Wheels and Casters:**

Secure the large anti-skid wheels to the designated rear positions and the swivel casters to the front underside of the workbench using the provided hardware. Ensure all bolts are tightened securely.

*Image: Detail view of the 2" swivel casters and 5" anti-skid wheels for enhanced mobility.*

- 3. Attach Handle:**

Fasten the wide handle to the designated attachment points on the workbench frame. This handle aids in portability when the unit is folded.

- 4. Unfold Legs:**

Gently pull the legs outwards until they fully extend and the locking mechanisms engage. Ensure all four legs are securely locked in place before use.

## FEATURES AND FUNCTIONS

### 1. Folding & Telescoping Legs

The workbench features quick-folding legs for easy storage and transport. The telescoping legs offer three adjustable height settings (approximately 22", 26", and 30" from the ground), allowing users to customize the working height for various tasks and comfort levels. Large non-slip feet ensure a stable stance.

## 2. Robust Steel Frame & Reversible Panel

Constructed with a sturdy light metal frame, the workbench boasts a carrying capacity of up to 330 lbs (150 kg). The detachable countertop is reversible, offering two distinct surfaces:

- **Anti-Skid Grain Surface:** Ideal for standing on or stacking heavy goods, providing enhanced grip and stability.
- **Smooth Surface with Scale & Protractor:** Features a linear scale up to 31-1/2" (81 cm) and a protractor for precise measurements and angle cutting.

### 3. Super Mobility (Dolly & Creeper Functionality)

Equipped with two swivel casters and two large anti-skid wheels, the workbench offers excellent mobility. When folded, it can be utilized as a dolly for transporting materials or as a creeper for working in low-clearance areas, such as under vehicles.

#### **4. Quick Loading Miter Saw Stand**

The workbench features a dedicated miter saw stand that can be quickly loaded and disassembled using four metal toggle latches. The two tool mounts on the miter saw stand are adjustable via screws, allowing for secure attachment of various miter saw models.

## PRODUCT SPECIFICATIONS

Attribute	Detail
Brand	WORKPRO
Model Number	W082050
Material	Steel, Wood, Plastic
Product Dimensions	23"D x 47.75"W x 30"H (58.4cm D x 121.3cm W x 76.2cm H)
Adjustable Heights	Approx. 22", 26", 30" (55.9cm, 66cm, 76.2cm)

Item Weight	22 lbs (10 kg)
Load Capacity	330 lbs (150 kg)
UPC	820909760078
Assembly Required	Yes

## MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your WORKPRO workbench:

- **Cleaning:** Wipe down all surfaces with a damp cloth after each use to remove dust, sawdust, and debris. For stubborn grime, use a mild detergent and rinse thoroughly.
- **Lubrication:** Periodically apply a light lubricant to moving parts, such as leg hinges and wheel axles, to ensure smooth operation.
- **Inspection:** Regularly inspect all bolts, nuts, and locking mechanisms for tightness. Tighten any loose fasteners. Check for any signs of wear, damage, or corrosion on the frame, panel, and wheels. Replace damaged parts immediately.
- **Storage:** Store the workbench in a dry, protected area when not in use to prevent rust and damage.

## TROUBLESHOOTING

If you encounter issues with your WORKPRO workbench, refer to the following common problems and solutions:

- **Problem:** Legs do not lock securely.  
**Solution:** Ensure the telescoping legs are fully extended and the red locking tabs are properly engaged. Apply downward pressure on the workbench surface to ensure pins snap into place.
- **Problem:** Workbench is unstable or wobbly.  
**Solution:** Check that all leg locking mechanisms are fully engaged and all assembly bolts are tightened. Ensure the workbench is on a flat, level surface.
- **Problem:** Miter saw stand rails are loose.  
**Solution:** Tighten the adjustment screws on the miter saw tool mounts. Ensure the metal toggle latches are fully secured.
- **Problem:** Power outlets are not working.  
**Solution:** Check if the extension cord is properly plugged into the input socket. Press the reset switch on the power strip. Ensure the extension cord is functional and the power source is active.
- **Problem:** Wheels are not rolling smoothly.  
**Solution:** Inspect wheels for debris or obstructions. Clean thoroughly and apply a light lubricant to the axles and swivel mechanisms.

## **WARRANTY AND SUPPORT**

WORKPRO products are manufactured to high-quality standards. For warranty information, technical support, or to order replacement parts, please contact WORKPRO customer service. Keep your purchase receipt as proof of purchase.

Visit the official WORKPRO website or refer to your product packaging for the most up-to-date contact information.
