Mont Alpi MAi805-DFC Deluxe Modular Outdoor Kitchen Island BBQ Grill User Manual

Model: MAi805-DFC | Brand: Mont Alpi

INTRODUCTION

This manual provides comprehensive instructions for the safe and efficient setup, operation, and maintenance of your Mont Alpi MAi805-DFC Deluxe Modular Outdoor Kitchen Island BBQ Grill. Please read this manual thoroughly before assembly or operation to ensure proper use and to prevent injury or damage. Keep this manual for future reference.

SETUP AND ASSEMBLY

The Mont Alpi MAi805-DFC outdoor kitchen island is designed for modular attachment, with main components arriving

largely pre-assembled. Final assembly involves connecting these modules and preparing the unit for use.

Unpacking and Placement

- Carefully unpack all components and inspect for any shipping damage.
- Ensure the installation area is level and stable. The unit is equipped with gliding castor wheels for initial positioning, but it should be secured once in its final location.
- Refer to the dimensions diagram for space requirements.

Figure 2: Technical diagram illustrating the dimensions of the outdoor kitchen island.

Modular Attachment

Connect the individual modules (grill unit, side burner unit, refrigerator unit) according to the provided hardware. Ensure all connections are secure and stable.

Fuel Connection

The grill is designed for propane use and includes a propane hose and regulator. For natural gas conversion, a separate Mont Alpi Natural Gas Conversion Kit is required and sold separately. Follow the instructions provided with the conversion kit for safe installation.

OPERATING INSTRUCTIONS

Grill Operation

- The main grill features 6 tubular stainless steel high-efficiency burners.
- To ignite, ensure the gas supply is open. Push and turn a control knob to the 'High' position. The electronic ignition will spark to light the burner.
- Control knobs feature LED lights: blue when off, red when on, indicating active burners.

- The double-lined grill hood includes a temperature gauge for monitoring internal cooking temperature.
- Internal cooking lights provide visibility during evening use.

Figure 3: Grill section with hood open, showcasing the rotisserie and internal lighting.

Infrared Side Burner

The infrared side burner is suitable for searing, pan-frying, or boiling. Operate it independently using its dedicated control knob.

Infrared Rear Burner and Rotisserie

- The infrared rear burner is designed for use with the rotisserie kit.
- Install the 120V 4-Watt heavy-duty electric motor rotisserie kit (included) according to its specific instructions. It can hold up to 25 lbs.
- Ensure the rotisserie motor is securely mounted and the spit rod is properly balanced before turning on the rear burner.

Refrigerator Operation

The outdoor-rated MAF refrigerator features 304 stainless steel construction and a glass door. It includes interior blue backlighting, temperature control, adjustable shelves, and a lockable door.

- Plug the refrigerator into a suitable 115V outdoor-rated electrical outlet.
- Adjust the internal temperature using the control dial located inside the unit.
- The shelves are adjustable to accommodate various item sizes.
- Use the provided key to lock the door for security.

KEY FEATURES

INFRA-RED REAR BURNER

Perfect for rotisserie cooking and pizzas. **PLUS** - Extra large stainless-steel warming rack, internal oven lights.

ACCU-TEMP

Oversize Temperature Gauge

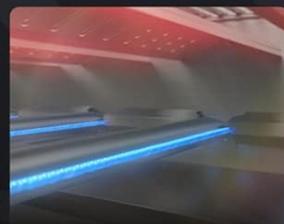

SEAR PLATES

Heavy duty stainless steel infra-red system sear plates, provide even distribution of heat and easy to control heat.

LED ILLUMINATED KNOBS

Blue when off, red when on.
PLUS - A bottle opener (the most important tool for any outdoor cooking)

HEAVY DUTY BURNERS

304 Stainless steel heavy duty burners

Figure 5: Adjustable shelving within the refrigerator unit.

Storage Drawers and Cabinets

The outdoor kitchen includes spacious storage drawers and cabinets for utensils and accessories. The drawers feature smooth gliding mechanisms.

Figure 6: Open storage drawers for accessories and tools.

MAINTENANCE AND CARE

Regular maintenance ensures the longevity and optimal performance of your Mont Alpi outdoor kitchen.

Cleaning Stainless Steel Surfaces

- The unit is constructed from 304 marine-grade stainless steel, known for its durability and corrosion resistance.
- Clean stainless steel surfaces with a mild detergent and a soft cloth. Always wipe in the direction of the grain to prevent streaking.
- Avoid abrasive cleaners or scouring pads, which can scratch the surface.

Grease Tray Cleaning

The easy-access full front pull-out grease tray should be cleaned regularly to prevent grease buildup and potential flare-ups. Allow the grill to cool completely before removing and cleaning the tray.

Weather Protection

A water-resistant outdoor-rated weather cover is included to protect your grill from the elements when not in use. Ensure the grill is cool and clean before covering.

TROUBLESHOOTING

This section addresses common issues you might encounter. For problems not listed here or if solutions do not resolve the issue, please contact Mont Alpi customer support.

Common Issues

- **Burner Not Igniting:** Check gas supply, ensure igniter is sparking, clean burner ports if clogged.
- **Uneven Heating:** Ensure burners are clean and free of debris. Check for proper gas flow.
- **Refrigerator Not Cooling:** Verify power connection, check temperature settings, ensure door seal is intact.

SPECIFICATIONS

Feature	Detail
Model Number	MAi805-DFC
Product Dimensions (D x W x H)	23" x 94" x 46"
Countertop Height	35"
Grill Unit Dimensions	43" x 23" x 47"
Left Side Burner Unit Dimensions	25" x 23" x 35"
Right Side Unit Dimensions	25" x 23" x 35"
Total Heat Output	115,000 BTU
Main Burner Count	6 (tubular stainless steel)
Side Burner	1 (infrared)
Rear Burner	1 (infrared ceramic)
Cooking Surface Area	990 Square Inches (38" x 18")
