3. SETUP AND ASSEMBLY

Assembly is required for this product. Please follow the instructions below to correctly assemble your Beyblade.

3.1. Included Components

Your package should contain the following:

- Beyblades (Union Diabolos 00E.Br Super Dragon Ver. components)

3.2. Assembly Steps

1. Carefully unbox all components.
2. Identify the Energy Layer, Forge Disc, and Performance Tip (Driver).
3. Align the Forge Disc with the Energy Layer and twist until it locks into place.
4. Attach the Performance Tip (Driver) to the assembled Energy Layer and Forge Disc, ensuring it clicks securely.
5. Verify that all parts are firmly attached before use.

For detailed visual instructions, please refer to the diagrams on the product packaging or official online resources.

4. OPERATING INSTRUCTIONS

To operate your Beyblade Burst, you will need a Beyblade launcher (sold separately) and a Beyblade Burst Beystadium (sold separately).

4.1. Launching Your Beyblade

1. Attach your assembled Beyblade to a Beyblade Burst launcher. Ensure it is securely clicked into place.
2. Hold the launcher firmly with one hand and the rip-cord with the other.
3. Aim the Beyblade towards the center of a Beyblade Burst Beystadium.
4. Pull the rip-cord swiftly and forcefully to launch the Beyblade into the stadium.

4.2. Battling

Engage in battles with other Beyblades in a Beyblade Burst Beystadium. The objective is to burst your opponent's Beyblade, out-spin them, or knock them out of the stadium.

5. MAINTENANCE

Proper maintenance will extend the life and performance of your Beyblade.

- **Cleaning:** Wipe down your Beyblade with a dry, soft cloth after use to remove dust and debris. Do not use water or harsh chemicals.

- **Storage:** Store your Beyblade in a cool, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect all parts for wear and tear. Replace any damaged components to maintain optimal battling performance.
- **Avoid Impact:** While designed for battling, avoid unnecessary drops or impacts on hard surfaces outside of a Beystadium.

6. TROUBLESHOOTING

If you encounter issues with your Beyblade, consider the following common solutions:

- **Beyblade not launching properly:** Ensure the Beyblade is securely attached to the launcher. Check the rip-cord for any damage or kinks.
- **Beyblade losing spin quickly:** Verify that all Beyblade components are assembled correctly and tightly. Inspect the Performance Tip (Driver) for excessive wear.
- **Beyblade bursting too easily:** Ensure the Beyblade is assembled correctly. Some Beyblades are designed with different burst resistances; this may be a characteristic of the specific model.
- **Parts feel loose:** Re-assemble the Beyblade, ensuring each component clicks firmly into place.

If problems persist, please refer to the official TOMY or Takara Tomy support channels.
