Nanoblock Pokemon Character Building Set Instruction Manual

Models: Gyarados (NBPM_023), Charizard (NBPM_008), Pikachu (NBPM_001)

1. Introduction

This manual provides detailed instructions for assembling the Nanoblock Pokemon Character Building Set, featuring Gyarados, Charizard, and Pikachu. Nanoblocks are micro-sized building blocks designed for intricate and detailed models. Please read all instructions carefully before beginning assembly.

2. Safety Information

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.
This product contains very small parts. Keep all pieces out of reach of young children and pets to prevent accidental ingestion. Recommended age for assembly is 14 years and up due to the small size and complexity of the blocks. Always work in a well-lit area and on a clean, stable surface to prevent loss of pieces.

Image 2.1: A single Nanoblock piece shown on a fingertip, highlighting the micro-size of the building blocks.

3. Package Contents

Your Nanoblock Pokemon Character Building Set bundle includes three individual Nanoblock kits:

- **Nanoblock Pikachu (NBPM_001):** Approximately 130 pieces.
- **Nanoblock Charizard (NBPM_008):** Approximately 200 pieces.
- **Nanoblock Gyarados (NBPM_023):** Approximately 170 pieces.

Each kit contains:

- Micro-sized building blocks in various colors and shapes.
- Illustrated assembly instructions specific to the character.

Image 3.1: The three assembled Nanoblock Pokemon characters: Pikachu, Gyarados, and Charizard.

4. Setup

1. **Prepare Your Workspace:** Choose a clean, flat, and well-lit surface. A tray or mat can help contain the small pieces.
2. **Unpack Carefully:** Open one Nanoblock kit at a time. Empty the contents onto your prepared workspace.
3. **Sort Pieces (Optional but Recommended):** For easier assembly, you may wish to sort the blocks by color or shape.
4. **Review Instructions:** Familiarize yourself with the specific instruction sheet provided in each character's package before starting to build.

5. Operating (Assembly Instructions)

Each Nanoblock kit comes with its own detailed, step-by-step pictorial instructions. Follow these instructions carefully for optimal assembly. The general principle involves layering blocks from the base upwards.

5.1 General Assembly Tips

- **Precision is Key:** Nanoblocks require precise placement due to their small size. Use tweezers if necessary for

very small or hard-to-reach pieces.

- **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure.
- **Layer by Layer:** Build your model layer by layer, following the numerical sequence in the instructions.
- **Double-Check:** Periodically compare your progress with the instruction diagrams to catch any errors early.

5.2 Pikachu Assembly (NBPM_001)

This kit contains approximately 130 pieces. Follow the specific instruction sheet included in the Pikachu package.

Image 5.2: Packaging for the Nanoblock Pikachu kit, indicating 130 pieces.

5.3 Charizard Assembly (NBPM_008)

This kit contains approximately 200 pieces. Follow the specific instruction sheet included in the Charizard package.

Image 5.6: Packaging for the Nanoblock Gyarados kit, indicating 170 pieces.

Image 5.7: Gyarados packaging held in a hand, showing its approximate dimensions of 7.2 inches (18 cm) in length.

6. Maintenance

- **Cleaning:** To clean your assembled Nanoblock models, gently dust them with a soft brush or a can of compressed air. Avoid using water or harsh cleaning agents.
- **Storage:** Store assembled models in a stable location away from direct sunlight, extreme temperatures, and areas where they might be easily knocked over.
- **Disassembly:** If disassembling, do so carefully to avoid damaging the blocks. Store loose blocks in a sealed container to prevent loss.

7. Troubleshooting

- **Missing Pieces:** Carefully re-check your workspace and packaging. Due to the small size, pieces can be easily overlooked. If a piece is genuinely missing, contact the manufacturer's support.
- **Blocks Not Connecting Firmly:** Ensure the studs on the blocks are aligned correctly with the holes. Apply firm, even pressure. If blocks are damaged, they may not connect properly.
- **Model Instability:** Review the assembly steps to ensure all blocks are correctly placed and firmly connected. Incorrect placement of even a few blocks can affect overall stability.
- **Difficulty with Small Pieces:** Consider using fine-tipped tweezers or a block separator tool (not included) for precise placement and separation of very small blocks.

8. Specifications

Product Name	Nanoblock Pokemon Character Building Set (Gyarados, Charizard, Pikachu)
Brand	nanoblock (Kawada)
Model Numbers	NBPM_001 (Pikachu), NBPM_008 (Charizard), NBPM_023 (Gyarados)
ASIN	B085WR7BMR
Total Pieces (Approx.)	Pikachu: 130, Charizard: 200, Gyarados: 170

Assembled Size (Approx.)	Charizard: 52 x 52 x 48 mm (2.05 x 2.05 x 1.9 inches) Gyarados: 44 x 58 x 60 mm (1.7 x 2.3 x 2.35 inches) Pikachu: (Dimensions not specified in product data, but similar to others)
Product Dimensions (Package)	4 x 7 x 6 inches (bundle)
Item Weight (Bundle)	3.63 ounces
Recommended Age	14 years and up

9. Warranty and Support

For questions regarding assembly, missing parts, or product information, please refer to the contact information provided on the individual Nanoblock kit packaging or visit the official Nanoblock website. Specific warranty details may vary by region and retailer.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
