deleyCON 2m Lightning 8 Pin USB Charging Data Cable User Manual

Model: MK399

1. INTRODUCTION

This manual provides instructions for the deleyCON 2m Lightning 8 Pin USB Charging Data Cable (Model MK399). This MFi (Made for iPhone, iPad, and iPod) certified cable is designed for reliable charging and data synchronization of compatible Apple devices. It features a Lightning connector on one end and a USB Type-A connector on the other.

Image 1.1: The deleyCON 2m Lightning to USB-A cable, showcasing both the Lightning and USB-A connectors.

2. SAFETY INFORMATION

- Do not expose the cable to extreme temperatures, direct sunlight, or moisture.
- Avoid bending or twisting the cable excessively, especially near the connectors, to prevent damage.
- Keep out of reach of children.
- Disconnect the cable by pulling the connector head, not the cable itself.
- If the cable appears damaged, discontinue use immediately.

3. PACKAGE CONTENTS

The deleyCON 2m Lightning 8 Pin USB Charging Data Cable package includes:

- 1 x deleyCON 2m Lightning 8 Pin USB Charging Data Cable (White)

4. SETUP

To set up your deleyCON Lightning cable for charging or data transfer:

1. Locate the Lightning port on your Apple device (iPhone, iPad, or iPod).
2. Gently insert the Lightning connector end of the cable into your device's Lightning port until it clicks securely into place.
3. Connect the USB Type-A end of the cable to a compatible power source (e.g., a USB wall adapter, car charger, power bank) for charging, or to a computer's USB port for data synchronization.

5. OPERATING INSTRUCTIONS

5.1 Charging Your Device

Once connected to a power source, your Apple device will begin charging automatically. The MFi certification ensures optimal charging performance and compatibility with your device's power management system.

Image 5.1: An iPhone connected to a wall adapter via the deleyCON Lightning cable for charging.

5.2 Data Synchronization

When connected to a computer, the cable facilitates data transfer between your Apple device and the computer. This allows for syncing media, documents, and other files using iTunes or Finder (macOS Catalina or later).

5.3 Fast Charging Capability

The deleyCON Lightning cable is designed to support fast charging for compatible Apple devices, utilizing the New C94 Connector technology. This allows for quicker power delivery compared to older C48 connectors.

Image 5.2: Visual comparison highlighting the New C94 Connector for fast charging versus the Old C48 Connector for normal charging.

6. COMPATIBILITY

The deleyCON Lightning 8 Pin USB Charging Data Cable is MFi certified and compatible with a wide range of Apple devices and accessories that feature a Lightning port:

6.1 iPhone Models

- iPhone 5, 5c, 5s
- iPhone 6, 6 Plus, 6s, 6s Plus
- iPhone SE (1st, 2nd, and 3rd Gen.)

7. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the cable and connectors. Do not use liquid cleaners or solvents.
- **Storage:** Store the cable in a cool, dry place away from direct sunlight when not in use. Avoid tightly coiling the cable to prevent internal damage.
- **Handling:** Always grasp the connector head when plugging or unplugging the cable. Avoid pulling on the cable itself.

8. TROUBLESHOOTING

- **Device not charging:**
 - Ensure both ends of the cable are securely connected.
 - Try a different power source or USB port.
 - Check if the Lightning port on your device is clean and free of debris.
 - Test the cable with another compatible device if possible.
- **Device not syncing data:**
 - Verify the cable is connected to a computer, not just a power adapter.
 - Ensure iTunes or Finder is updated to the latest version.
 - Restart both your Apple device and computer.
 - Check your computer's USB ports for functionality.
- **"Accessory not supported" message:**
 - This cable is MFi certified. If this message appears, ensure your device's software is up to date.
 - Disconnect and reconnect the cable.
 - Clean the Lightning port on your device.

9. SPECIFICATIONS

Feature	Detail
Brand	deleyCON
Model Number	MK399
Cable Type	Lightning to USB Type A
