KLIM Light v2 Wireless Gaming Keyboard (Spanish ES Layout) User Manual

Model: k69es

1. INTRODUCTION

The KLIM Light v2 is a high-performance wireless gaming keyboard designed for an optimal typing and gaming experience. Featuring a Spanish ES layout, vibrant RGB backlighting, and a long-lasting rechargeable battery, this keyboard offers instant connectivity and enhanced durability. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your KLIM Light v2 keyboard.

2. SETUP

2.1 Package Contents

- KLIM Light v2 Wireless Gaming Keyboard
- USB Receiver
- USB Charging Cable

2.2 Connecting the Keyboard

1. Locate the USB receiver, typically stored in a compartment on the keyboard.
2. Plug the USB receiver into an available USB port on your computer, console (PS4/PS5, Xbox), or other compatible device.
3. The keyboard will automatically connect. No additional drivers are required for installation.

The KLIM Light v2 Wireless Gaming Keyboard, featuring a Spanish ES layout, is shown with its compact USB receiver, ready for instant plug-and-play connectivity.

2.3 Charging the Keyboard

The KLIM Light v2 keyboard features a built-in rechargeable Lithium Ion battery. To charge:

1. Connect the supplied USB charging cable to the keyboard's charging port.
2. Plug the other end of the USB cable into a powered USB port (e.g., computer, USB wall adapter).
3. The charging indicator light will illuminate. Once fully charged, the light will turn off or change color.
4. The keyboard can be used while charging. A full charge typically takes 4-6 hours.

BATERÍA FABRICADA PARA DURAR

This image illustrates the keyboard's power management features, including adjustable backlighting brightness, an automatic stand-by mode after 120 seconds of inactivity, and its extended battery capacity.

3. OPERATING INSTRUCTIONS

3.1 Backlighting Control

The KLIM Light v2 features stunning rainbow RGB backlighting. You can adjust the lighting to suit your preference:

- **Brightness Adjustment:** Use the dedicated keys (often Fn + arrow keys or specific lighting keys) to cycle through different brightness levels or turn the backlighting off completely.
- **Lighting Modes:** Switch between static and breathing modes using the designated function keys.
- **Note:** The colors of the rainbow backlighting are fixed and not customizable.

LIGHT V2 ES PERFECTO PARA:

VIDEOJUEGOS

TRABAJO

The keyboard's vibrant rainbow RGB backlighting is displayed, emphasizing its quiet membrane keys and soft-touch typing experience, ideal for use in low-light environments.

3.2 Key Functions

- **Membrane Keys:** The keyboard utilizes membrane keys with a short travel distance, providing a responsive and quiet typing experience.
- **Multimedia Keys:** Access various multimedia functions (e.g., volume control, play/pause) using the Fn key in combination with the corresponding function keys (F1-F12).
- **Low Profile Design:** The low-profile keys contribute to comfortable and efficient typing.

3.3 Power Saving Mode

To conserve battery life, the keyboard features an automatic stand-by mode. After approximately 120 seconds of inactivity, the keyboard will enter a low-power state. Press any key to wake it up instantly.

4. MAINTENANCE

4.1 Battery Management

- Regularly charge the keyboard to maintain optimal battery performance.

- Avoid completely draining the battery frequently, as this can reduce its overall lifespan.
- If the keyboard is not used for an extended period, charge it periodically to prevent deep discharge.

4.2 Cleaning

To clean your KLIM Light v2 keyboard:

- Disconnect the keyboard from its power source and turn it off.
- Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution.
- Wipe the keycaps and surface gently. Avoid excessive moisture.
- The keyboard has an IP03 water resistance rating, offering protection against light splashes, but it is not fully waterproof and should not be submerged.

An overview of the KLIM Light v2's key features, including its wireless connectivity, RGB lighting, anti-ghosting technology, 2ms response time, compact design, IP03 water resistance, and long-lasting battery.

5. TROUBLESHOOTING

5.1 Connectivity Issues

- **Keyboard not responding:** Ensure the USB receiver is securely plugged into a working USB port. Try a

different USB port.

- **Intermittent connection:** Ensure the keyboard is within the operating range (up to 10 feet) of the USB receiver and there are no significant obstructions.
- **Lag or delay:** Ensure the keyboard is sufficiently charged. Low battery can affect wireless performance.

5.2 Charging Issues

- **Keyboard not charging:** Verify the USB charging cable is properly connected to both the keyboard and a powered USB source. Try a different USB cable or port.
- **Battery not holding charge:** If the battery life significantly decreases or the keyboard fails to hold a charge after repeated attempts, contact KLIM customer support.

5.3 Key Not Responding

- Ensure the keyboard is fully charged.
- If specific keys are unresponsive, try cleaning around the keycap to remove any debris.
- If the issue persists, contact customer support for further assistance.

5.4 General Support

For any issues not covered in this section, please refer to the KLIM customer support resources mentioned in the Warranty and Support section.

6. SPECIFICATIONS

Feature	Specification
Product Dimensions	17.13 x 5.47 x 1.14 inches
Item Weight	1.19 pounds

7. WARRANTY AND CUSTOMER SUPPORT

KLIM stands behind the quality of its products. The KLIM Light v2 Wireless Gaming Keyboard comes with an unbeatable **5-year warranty**. If you encounter any issues or have questions regarding your product, KLIM provides **24/7 customer support**. Please visit the official KLIM website or contact their support team directly for assistance.

01

OUR MISSION

Our mission is to make sure that you always work and play in the best conditions.

02

QUALITY MATTERS

Other sellers settle for average components and a put little effort in quality control. This leads to their keyboards breaking down very frequently.

03

PERFORMANCE

KLIM keyboards give you the best of both worlds: great performance, a pleasant typing experience, incredible durability and stunning aesthetics.

04

TOP MANUFACTURER

KLIM is the leading manufacturer of wireless and wired keyboards with more than TWO MILLION units sold & 80 000 positive reviews on Amazon.

05

THE TEAM

From the design to the engineering to customer service, we take our job very seriously and strive to provide the best product possible at a fair price.

06

OUR PROMISE

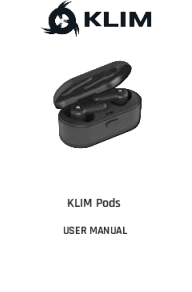

We are the only manufacturer to offer a **5 YEAR PROTECTION** on our entire range of keyboards

We always stand behind our products so you can always be satisfied with your purchase

KLIM's commitment to quality and customer satisfaction is underscored by its 5-year product protection, ensuring long-term reliability for your keyboard.

Opis

KLIM Light V2 bezprzewodowa klawiatura układ ES smukła, trwała, ergonomiczna, cicha klawiatura podświetlana bezprzewodowa klawiatura do gier do laptopa PC Mac PS4 Xbox - Nowa wersja
Producent: KLIM

Korzysta z nowoczesnej wykładki i klawiszy w obrotach bezprzewodowej klawiatury gamingowej KLIM Light V2. Produkt posiada czujnik światła rozpoznający ciemność i automatycznie włącza podświetlenie klawiszy, zapewniając idealną widoczność podczas gry. Zapewnia idealną ergonomię i komfort użytkownika dzięki wyjątkowo wąskiemu kształtowi i technologii angling. Klawiatura jest na tyle lekka, aby móc używać jej w dowolnym miejscu. Dzięki technologii bezprzewodowej, nie wymaga podłączenia do komputera. Dzięki technologii bezprzewodowej, nie wymaga podłączenia do komputera.

KLIM Light V2 to inwestycja w produktywność i jakość gry. Dzięki zastosowaniu klawiszy z przełącznikami 10 milionów nacisków, zapewnia idealną wydajność i precyzję. Klawiatura jest idealna dla graczy, którzy chcą mieć idealną klawiaturę. Dzięki technologii bezprzewodowej, nie wymaga podłączenia do komputera. Dzięki technologii bezprzewodowej, nie wymaga podłączenia do komputera.

Ta smukła bezprzewodowa klawiatura gamingowa KLIM Light V2 jest idealnym rozwiązaniem dla entuzjastów gier i osób, którzy chcą mieć idealną klawiaturę. Dzięki technologii bezprzewodowej, nie wymaga podłączenia do komputera. Dzięki technologii bezprzewodowej, nie wymaga podłączenia do komputera.

- **WYSOKA WYDAJNOŚĆ I JAKOŚĆ W UŻYCIU** - Klawiatura z zastosowaniem klawiszy z przełącznikami 10 milionów nacisków. Klawiatura jest idealna dla graczy, którzy chcą mieć idealną klawiaturę.
