PROALLER B0861VPLS6

PROALLER Electric Heated Foot Warmer Instruction Manual

Model: B0861VPLS6

1. INTRODUCTION AND OVERVIEW

The PROALLER Electric Heated Foot Warmer is designed to provide soothing warmth and comfort for your feet and can also be used for other body parts. It features a soft flannel and sherpa material, multiple heat settings, and an automatic shut-off function for safety and convenience. This manual provides detailed instructions for safe and effective use of your new foot warmer.

2. SAFETY INFORMATION

Important Safeguards

- Use with caution to prevent burns from overheating.
- This product is ETL certified, meeting standard safety requirements.
- Do not use while sleeping.
- Do not use with damaged cords or plugs.
- Keep out of reach of children and pets.
- Do not use on infants, invalids, or anyone insensitive to heat.
- Always unplug the unit when not in use or before cleaning.

3. SETUP

Unpacking

Carefully remove the foot warmer and all components from the packaging. Inspect the product for any signs of damage. Retain packaging for future storage or transport.

Initial Placement

Place the foot warmer on a flat, stable surface where you intend to use it, such as under a desk, on a sofa, or on a bed. Ensure there is enough space around the unit for proper air circulation.

Connecting Power

Connect the power cord to the foot warmer and then plug it into a standard electrical outlet. Ensure the connection is secure.

4. OPERATING INSTRUCTIONS

Power On/Off

Press the power button on the control unit to turn the foot warmer ON. Press it again to turn the unit OFF.

Adjusting Heat Levels

The foot warmer offers 3 temperature settings: Low (Green Light), Medium (Orange Light), and High (Red Light). Press the temperature control button to cycle through the heat levels (104°F, 122°F, 149°F) to select your desired warmth.

Auto-Off Timer

The unit is equipped with a 2-hour automatic shut-off feature to prevent burns and save energy. This ensures safety even if you forget to turn it off.

5. MULTIPLE USES

While primarily designed as a foot warmer, its unique pocket design and flexible material allow for versatile use across various body parts to provide warmth and pain relief.

For Feet

Insert your feet into the dual pockets. The soft, thick sherpa lining and pocket design help retain warmth and prevent cold air from entering, providing continuous warmth for cold feet, plantar fasciitis, and arthritis relief.

Speacial Pocket Design

Provides continuous warmth with better coverage

Image: A close-up of the foot warmer highlighting its special pocket design, which provides continuous warmth and better coverage for the feet.

Full Body Application

The foot warmer can also be used as a heating pad for other areas of the body:

- **Abdomen:** Cover the abdomen to help reduce pain, such as during menstrual periods.
- **Hands/Thighs:** Use to warm cold hands or thighs, delivering heat to relieve tense muscles and stiff joints.
- **Back:** Place on the back to soothe overloaded spine and provide soreness relief.

Full Body Care

Ultra soft flannel and microplush offer more comfort

6. MAINTENANCE

Cleaning Instructions

The PROALLER Electric Heated Foot Warmer is designed for easy care. To clean:

1. Ensure the unit is unplugged from the power outlet and has completely cooled down.
2. Simply remove the power cord and control unit by detaching it from the pad.
3. The fabric pad is machine washable. Wash gently on a cold cycle.
4. Do not iron.
5. Do not tumble dry. Air dry completely before reattaching the control unit and using again.

7. TROUBLESHOOTING

If you experience any issues with your PROALLER Electric Heated Foot Warmer, please refer to the following common solutions:

- **Unit not turning on:** Ensure the power cord is securely plugged into both the foot warmer and the electrical outlet. Check if the outlet is functional by plugging in another device.
- **No heat:** Verify that a heat level has been selected on the control unit. Allow a few minutes for the pad to warm up. If the unit has been on for 2 hours, the auto-off feature may have activated; simply turn it back on.
- **Overheating or unusual smell:** Immediately unplug the unit and discontinue use. Contact customer support.

For persistent issues not resolved by these steps, please contact PROALLER customer support.
