

Apple MXQU2AB/A

Apple Magic Keyboard for 12.9-inch iPad Pro (Arabic Layout)

Model: MXQU2AB/A

INTRODUCTION

The Apple Magic Keyboard is designed to enhance the functionality of your 12.9-inch iPad Pro, offering a full-size keyboard, a trackpad, and device protection. It connects magnetically to your iPad Pro, providing a floating cantilever design for adjustable viewing angles and integrated charging capabilities.

- Provides a responsive typing experience on iPad.
- Features a trackpad for precise control within iPadOS.
- Includes a USB-C port for pass-through charging of the iPad Pro.
- Equipped with backlit keys for use in various lighting conditions.
- Offers front and back protection for the iPad Pro.
- Compatible with iPad Pro 12.9-inch (3rd generation) and iPad Pro 12.9-inch (4th generation).

SETUP

1. **Attaching the iPad Pro:** Open the Magic Keyboard. Align your 12.9-inch iPad Pro with the magnetic back panel of the keyboard. The iPad Pro will magnetically snap into place. Ensure the Smart Connector on the iPad aligns with the corresponding pins on the keyboard.
2. **Adjusting the Viewing Angle:** Once attached, you can smoothly adjust the iPad Pro to your preferred viewing angle. The floating cantilever design allows for angles up to 130 degrees.
3. **Initial Connection:** The Magic Keyboard connects automatically to your iPad Pro via the Smart Connector. No Bluetooth pairing is required.

Side profile view of the Apple Magic Keyboard with an iPad Pro attached, illustrating the floating cantilever design. The iPad appears to float above the keyboard base.

OPERATION

Typing

The Magic Keyboard features a full-size, backlit keyboard with a scissor mechanism, providing 1mm of travel for a comfortable and responsive typing experience. The Arabic layout includes specific characters for the Arabic language.

Trackpad

The integrated trackpad supports multi-touch gestures, allowing for precise cursor control and navigation within iPadOS. Refer to your iPad Pro's iPadOS settings for customizing trackpad gestures and sensitivity.

Charging

The Magic Keyboard includes a USB-C port on its hinge. This port can be used to charge your iPad Pro, freeing up the iPad Pro's own USB-C port for other accessories. Connect a USB-C power adapter and cable to the keyboard's USB-C port to initiate charging.

Viewing Angle Adjustment

The cantilever design allows for smooth adjustment of the iPad Pro's viewing angle up to 130 degrees. This flexibility enables comfortable use in various environments, such as a desk or lap.

Composite image detailing key features: backlit keys, the USB-C port for charging the iPad Pro, the integrated trackpad, and the 130-degree adjustable viewing angle.

MAINTENANCE

Cleaning

To clean your Magic Keyboard, gently wipe the exterior surfaces with a soft, lint-free cloth. Avoid using abrasive materials, solvents, or aerosol sprays. Do not allow moisture to enter any openings.

Storage

When not in use, close the Magic Keyboard to protect both the keyboard and the iPad Pro. The closed design provides front and back protection against scratches and minor impacts.

TROUBLESHOOTING

Keyboard Not Responding

- Ensure the iPad Pro is correctly seated and aligned with the Smart Connector on the Magic Keyboard.

- Remove and reattach the iPad Pro to the Magic Keyboard.
- Restart your iPad Pro.
- Ensure your iPad Pro's iPadOS is updated to the latest version.

Backlight Issues

- Check the keyboard brightness settings in your iPad Pro's Control Center or Settings app under 'General' > 'Keyboard' > 'Hardware Keyboard'.
- Ensure the ambient light sensor on your iPad Pro is not obstructed, as it automatically adjusts backlight intensity.

Charging Issues

- Verify that the USB-C cable and power adapter are functioning correctly and are securely connected to the Magic Keyboard's USB-C port and a power source.
- Try using a different USB-C cable and power adapter.
- Ensure the iPad Pro's USB-C port is clean and free of debris if attempting to charge directly through the iPad.
