Tupperware 400ml Multicolour Plastic Food Containers (6-Piece Set) - User Manual

Model: 9O-6532-AXH8

1. INTRODUCTION

Thank you for choosing the Tupperware 400ml Multicolour Plastic Food Containers. This 6-piece set is designed to provide a reliable and convenient solution for food storage and transport. Featuring an air and liquid-tight design, these containers help keep your food fresh for longer, whether in the refrigerator or on the go.

This manual provides essential information on the proper use, care, and maintenance of your new Tupperware containers to ensure their longevity and optimal performance.

Image 1.1: Tupperware 400ml Multicolour Plastic Food Containers (6-Piece Set).

2. SETUP AND FIRST USE

Before using your Tupperware containers for the first time, please follow these steps:

1. **Unpack:** Carefully remove all containers and lids from their packaging.
2. **Inspect:** Check each container and lid for any signs of damage. If any item is damaged, do not use it and contact customer support.
3. **Wash:** Wash all containers and lids thoroughly with warm, soapy water. Rinse them completely and allow them to air dry or dry with a clean cloth before first use.

Image 2.1: Containers ready for washing before first use.

3. OPERATING INSTRUCTIONS

These containers are designed for efficient food storage and transport.

3.1 Sealing the Container

1. **Fill:** Place food into the container, ensuring not to overfill. Leave a small space between the food and the rim of the container.
2. **Position Lid:** Place the lid onto the container, aligning it properly.
3. **Seal:** Press down firmly on the center of the lid, then work your way around the edges with your thumbs to create a complete air and liquid-tight seal. You should hear a slight "click" or feel the seal engage.

3.2 Opening the Container

To open, locate the small tab on the edge of the lid. Lift this tab gently but firmly to break the seal, then lift the lid off.

3.3 Carrying and Storage

- The liquid-tight seal makes these containers ideal for carrying curries, dal, or yogurt without spills.

- For refrigerator storage, ensure the lids are properly sealed to maintain freshness.
- When not in use, the bowls can be stacked easily to save storage space.

Image 3.1: Key features of the Tupperware containers, including sealing and opening mechanisms.

4. MAINTENANCE AND CARE

Proper care will extend the life of your Tupperware containers.

- **Cleaning:** These containers are dishwasher safe. For hand washing, use warm water and mild dish soap. Avoid abrasive cleaners or scouring pads, which can scratch the plastic.
- **Drying:** Ensure containers and lids are completely dry before storing to prevent odors or mildew.
- **Stain Prevention:** To minimize staining from tomato-based sauces or other colorful foods, rinse containers immediately after use. For stubborn stains, a paste of baking soda and water can be applied and left for a few hours before washing.
- **Temperature:** These containers are refrigerator safe. **DO NOT** use them in the microwave or freezer, as this can

damage the plastic and compromise the seal.

- **Storage:** Store containers with lids slightly ajar or separately to allow air circulation and prevent odors.
