NANIA 582643

NANIA Mycarsit Beline Group 1/2/3 Car Seat User Manual

Brand: NANIA | Model: 582643

1. Introduction

The NANIA Mycarsit Beline Group 1/2/3 Car Seat is designed for children weighing 9 to 36 kg. This car seat is approved according to ECE R44/04 standards and is manufactured and tested in France under strict regulations. It is a versatile and comfortable car seat that adapts to your child's growth.

Key Features:

- Beline Group 1/2/3 car seat for children from 9 to 36kg, approved according to ECE R44/04 standard, manufactured and tested in France.
- 5-point harness with double shoulder adjustment for children from 9 to 18kg; from 15kg, the child is secured with the vehicle's seat belt.
- Positions only forward-facing in the rear of the vehicle with the 3-point seat belt.
- Lateral protection and adjustable headrest in multiple positions to adapt to the child's morphology.
- Padded cover, great comfort with reducer cushions. Removable and hand washable.

2. Important Safety Information

Always read this manual carefully before installation and use. Failure to follow instructions can lead to serious injury. Keep this manual for future reference.

- Only install the car seat forward-facing in the rear of the vehicle using the 3-point seat belt.
- Ensure the car seat is securely fastened to prevent movement.
- For children 9-18 kg, use the integrated 5-point harness with double adjustment.
- From 15 kg, the child can be secured directly with the vehicle's 3-point seat belt.
- The car seat features a curved headrest for lateral protection in case of impact.
- Never leave a child unattended in the car seat.
- Do not modify the car seat in any way.

3. Setup: Installation Guide

Step 1: Preparing the Car Seat

Ensure all components are present and undamaged before beginning installation.

Step 2: Positioning the Car Seat

Place the Beline car seat on the rear seat of your vehicle, ensuring it is facing forward.

Step 3: Securing with Vehicle Seat Belt (for all groups)

Thread the vehicle's 3-point seat belt through the designated guides on the car seat. Ensure the belt is taut and free of twists. Refer to the diagram below for correct belt routing.

4. Operating Instructions

Using the 5-Point Harness (9-18 kg)

For children weighing 9 to 18 kg, use the integrated 5-point harness. Adjust the shoulder straps to the correct height, ensuring they are at or slightly above your child's shoulders. Fasten the buckle securely.

Using the Vehicle's 3-Point Seat Belt (from 15 kg)

Once your child reaches 15 kg, the 5-point harness can be removed (refer to maintenance section for removal instructions). Secure your child directly with the vehicle's 3-point seat belt. Ensure the lap belt is low across the hips and the shoulder belt rests across the chest and collarbone, not the neck.

Adjusting the Headrest

The headrest is adjustable to multiple positions to adapt to your child's morphology and provide optimal lateral protection. To adjust, locate the adjustment mechanism (usually at the back or top of the headrest) and slide it up or down until it is at the appropriate height for your child.

Image: Diagram illustrating the adjustable headrest feature.

5. Care and Maintenance

Cleaning the Cover

The car seat cover is removable and hand washable. Follow these steps:

1. Carefully remove the cover from the car seat frame.
2. Hand wash the cover using mild soap and cold water.
3. Do not bleach, tumble dry, or iron.
4. Allow the cover to air dry completely before reattaching it to the car seat.

Frame Cleaning

Wipe the plastic and metal parts of the car seat frame with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.

Harness Removal (for booster mode)

When transitioning to booster mode (from 15 kg), the 5-point harness can be removed. Refer to the detailed instructions in the original product manual for the specific steps to safely detach the harness. Ensure all harness components are stored securely if you plan to reuse them.

6. Troubleshooting

If you encounter any issues with your NANIA Mycarsit Beline car seat, please refer to the following common solutions:

- **Car Seat Feels Loose:** Ensure the vehicle's 3-point seat belt is threaded correctly through all designated guides and pulled taut. Check for any twists in the belt.
- **Harness Adjustment Difficulty:** Ensure the harness straps are not twisted. Check that the adjustment mechanism is free of obstructions.
- **Headrest Not Adjusting:** Verify that the adjustment lever or button is fully engaged when attempting to move the headrest.
- **Child Discomfort:** Ensure the harness or seat belt is properly adjusted to your child's size. Check for any bunched fabric or obstructions.

For further assistance, please contact NANIA customer support.

7. Product Specifications

Feature	Detail
Model Number	582643
Recommended Minimum Weight	9 Kilograms
Maximum Supported Weight	36 Kilograms
Main Material	Beline
Special Features	Car seat
Number of Items in Package	1
Style	Princess Luxe
Batteries Required	No
Orientation	Forward-facing
