Technical Precision ST-120B

Technical Precision Replacement Battery for SPORTDOG ST-120B Dog Collar and Fence

Model: ST-120B

1. PRODUCT OVERVIEW

This document provides instructions for the Technical Precision Replacement Battery, designed for use with SPORTDOG ST-120B dog collars and fence systems. This rechargeable battery is engineered to provide reliable power for your device.

2. SAFETY INFORMATION

Read all safety warnings and instructions before using this product. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Do not disassemble, crush, puncture, or short-circuit the battery.
- Do not expose the battery to high temperatures (above 60°C / 140°F) or direct sunlight.
- Do not immerse the battery in water or other liquids.
- Keep the battery away from children and pets.
- Use only the charger specified for your SPORTDOG ST-120B device.
- Dispose of used batteries according to local regulations. Do not dispose of with household waste.
- If the battery shows signs of damage, swelling, or leakage, discontinue use immediately.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- 1 x Technical Precision Replacement Battery for SPORTDOG ST-120B

4. SETUP AND INSTALLATION

Follow these steps to install the replacement battery into your SPORTDOG ST-120B device:

1. Ensure the SPORTDOG device is turned off and disconnected from any power source.
2. Locate the battery compartment on your SPORTDOG ST-120B collar or fence system. Refer to your original SPORTDOG device manual for specific instructions on opening the compartment.
3. Carefully remove the old battery. Note the orientation of the battery terminals.
4. Insert the new Technical Precision replacement battery, ensuring the terminals align correctly with the device's contacts. Do not force the battery into place.
5. Securely close the battery compartment.
6. It is recommended to fully charge the new battery before its first use.

5. OPERATING INSTRUCTIONS

This battery functions as a power source for your SPORTDOG ST-120B device. Its operation is integrated with the device itself.

Charging the Battery

1. Connect your SPORTDOG ST-120B device to its original, compatible charger.
2. Plug the charger into a standard electrical outlet.
3. Observe the charging indicator on your SPORTDOG device (refer to your device's manual for indicator details).
4. Allow the battery to charge completely before disconnecting. Overcharging is generally prevented by modern chargers, but it's good practice to disconnect once fully charged.

The battery is rechargeable and designed for multiple charge cycles.

6. MAINTENANCE

Proper maintenance can extend the life of your battery:

- **Storage:** If storing the device for an extended period, ensure the battery is partially charged (around 50%) and store it in a cool, dry place. Avoid storing fully charged or fully depleted batteries for long durations.
- **Cleaning:** Keep the battery contacts clean and free of debris. Use a dry, soft cloth to wipe them if necessary.
- **Temperature:** Avoid exposing the battery to extreme temperatures, both hot and cold, as this can degrade performance and lifespan.

7. TROUBLESHOOTING

If you encounter issues with your replacement battery, consider the following:

Problem	Possible Cause	Solution
Device does not power on after battery installation.	Battery not installed correctly; battery is fully discharged; device malfunction.	Re-check battery orientation and connection. Charge the battery fully. If the issue persists, consult your SPORTDOG device manual or contact Technical Precision support.
Battery does not charge.	Charger not connected properly; faulty charger; battery issue.	Ensure charger is securely connected to both the device and power outlet. Try a different compatible charger if available. If the problem continues, the battery or device may be faulty.
Battery life is shorter than expected.	Battery not fully charged; environmental factors (extreme cold/heat); battery aging.	Ensure full charge cycles. Operate and store the device within recommended temperature ranges. Battery capacity naturally diminishes over time.

8. SPECIFICATIONS

Feature	Detail
Model Name	ST-120B DOG COLLAR AND FENCE BATTERY
Brand	Technical Precision
Voltage	7 Volts
Reusability	Rechargeable
Unit Count	1.0 Count

9. WARRANTY INFORMATION

Technical Precision products are manufactured to high standards. For specific warranty details regarding this replacement battery, please refer to the warranty information provided at the time of purchase or contact Technical Precision customer support directly. Keep your proof of purchase for warranty claims.

10. SUPPORT

If you have any questions or require assistance with your Technical Precision Replacement Battery, please contact our customer support team. For the most current contact information, please visit the official Technical Precision website or refer to your purchase documentation.

For issues related to the SPORTDOG ST-120B device itself, please consult the original SPORTDOG manual or their customer support.
