Safety Information

To ensure safe operation and prevent damage to the appliance or injury, please adhere to the following safety guidelines:

- **Electrical Safety:** Always unplug the machine from the power outlet before cleaning, maintenance, or if it is not in use. Do not immerse the main unit or power cord in water or other liquids. Keep the machine away from water sources to prevent electrical hazards.
- **Handling Hot Liquids:** Be extremely careful when handling hot liquids and steam generated during operation. Use oven mitts or a cloth if necessary. Allow the appliance to cool down before opening or cleaning.
- **Sharp Objects:** The appliance contains sharp blades. Exercise caution when cleaning the grinding blade to avoid injury.
- **Supervision:** This appliance is not intended for use by persons with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- **Proper Use:** Use the appliance only for its intended purpose as described in this manual. Do not use attachments not recommended by the manufacturer.

- **Damage:** Do not operate the appliance if the power cord or plug is damaged, or if the appliance malfunctions or has been dropped or damaged in any manner. Contact customer support for assistance.
- **Food Safety:** Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition. Ensure all ingredients are fresh and suitable for consumption.

Product Overview

The Joyoung DJ12U-A903SG Soy Milk Maker consists of several key components designed for optimal performance and ease of use.

Image: All components of the Joyoung DJ12U-A903SG Soy Milk Maker, including the main unit, power cord, measuring cup, and strainer.

Key Features:

- **8-in-1 Functionality:** Versatile programs for various recipes.
- **High-Quality Steel Grinding Blade:** Ensures fine grinding for smooth results.
- **Intelligent Temperature Control:** Prevents burning and ensures proper cooking.
- **304 Food-Grade Stainless Steel:** Durable, hygienic, and easy to clean interior.
- **Double-Layered Cup:** Provides insulation and reduces operational noise.

Setup and First Use

Before using your Joyoung Soy Milk Maker for the first time, follow these steps:

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
2. **Initial Cleaning:** Wash the stainless steel cup, grinding head, and all accessories (measuring cup, strainer) with warm, soapy water. Rinse thoroughly and dry completely.
3. **Placement:** Place the main unit on a stable, flat, and heat-resistant surface, away from direct sunlight or heat sources. Ensure adequate ventilation around the appliance.
4. **Power Connection:** Connect the power cord to the appliance and then plug it into a standard 120V electrical outlet.

Operating Instructions

The Joyoung DJ12U-A903SG offers multiple functions for diverse culinary needs. Here are general operating steps:

General Steps for Beverage Preparation:

1. **Prepare Ingredients:** Measure the required amount of ingredients (e.g., soaked or dried soybeans, rice, nuts) using the provided measuring cup.
2. **Add Ingredients:** Place the prepared ingredients into the stainless steel cup.
3. **Add Water:** Fill the cup with water up to the indicated fill line (1200ml for full capacity). Ensure the water level is between the minimum and maximum marks.
4. **Attach Grinding Head:** Securely place the grinding head assembly onto the cup, ensuring it is properly seated and

locked.

5. **Select Program:** Plug in the appliance. The indicator lights will illuminate. Press the desired function button on the control panel (e.g., "Soy Milk", "Rice Paste", "Juice", "Porridge").
6. **Start Operation:** Press the "Start" button to begin the selected program. The appliance will automatically process the ingredients, including grinding and heating as per the program.
7. **Completion:** Once the program is complete, the appliance will typically emit a series of beeps and the indicator light will change. Unplug the machine from the power outlet.
8. **Serve:** Carefully remove the grinding head. Pour the prepared beverage or food into a serving container. For smoother soy milk, you may use the provided strainer to separate any remaining pulp.

Specific Program Notes:

- **Soy Milk:** For best results, pre-soak soybeans for 6-8 hours before use. This can improve texture and nutrient extraction.
- **Rice Paste/Porridge:** Ensure grains are thoroughly washed. Adjust water quantity for desired consistency.
- **Juice:** This function is for blending fruits and vegetables. No heating is involved.

Maintenance and Cleaning

Regular cleaning and maintenance will prolong the life of your soy milk maker and ensure hygienic operation.

1. **Unplug First:** Always unplug the appliance from the power outlet and allow it to cool completely before cleaning.
2. **Cleaning the Cup:** Rinse the stainless steel cup immediately after use to prevent food residue from drying and sticking. Use a soft sponge or cloth with mild dish soap. The seamless design of the 304 food-grade stainless steel lining makes it easy to clean.
3. **Cleaning the Grinding Head:** Carefully clean the grinding blade and the underside of the grinding head. Use a brush if necessary to remove any stuck particles. Avoid direct contact with the sharp blades.
4. **Exterior Cleaning:** Wipe the exterior of the main unit with a damp cloth. Do not use abrasive cleaners or immerse the main unit in water.
5. **Storage:** Ensure all parts are completely dry before storing the appliance in a cool, dry place.

Troubleshooting

If you encounter issues with your Joyoung Soy Milk Maker, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in; power outage; loose connection.	Ensure the power cord is securely plugged into a working outlet. Check your home's circuit breaker.
Motor not running or weak grinding.	Overloaded with ingredients; ingredients too hard; grinding head not properly seated.	Reduce the amount of ingredients. Ensure ingredients are properly soaked if required. Re-seat the grinding head firmly.
Soy milk is not smooth or contains large particles.	Insufficient grinding time; ingredients not properly soaked; too many ingredients.	Ensure the correct program is selected. Pre-soak soybeans for longer. Reduce ingredient quantity. Use the strainer after processing.

Problem	Possible Cause	Solution
Liquid overflows during operation.	Overfilled cup; too many ingredients.	Do not exceed the maximum fill line. Reduce the quantity of ingredients.
Soy milk is not hot enough.	Incorrect program selected; machine malfunction.	Ensure a heating program (e.g., "Soy Milk", "Porridge") is selected. If the issue persists, contact customer support.

If the problem persists after attempting these solutions, please contact Joyoung customer support for further assistance.

Specifications

Detailed technical specifications for the Joyoung DJ12U-A903SG Fully Automatic Soy Milk Maker:
