IRIS USA 533307

IRIS USA 20 Gallon Eco-Friendly Lockable Storage Bins - Instruction Manual

Model: 533307

1. PRODUCT OVERVIEW

The IRIS USA 20 Gallon Eco-Friendly Lockable Storage Bins are designed for robust and versatile storage. These heavy-duty containers are made from 100% recycled materials, offering a sustainable solution for organizing various items. They feature secure buckle-up latches and a stackable design, making them ideal for garages, basements, workshops, or moving. The integrated design also allows for optional padlocking and strapping for enhanced security and transport.

Image 1.1: A single navy 20-gallon storage bin with its lid securely latched, showcasing the overall product design.

Key Features:

- **Eco-Friendly Construction:** Made from 100% recycled materials, contributing to environmental sustainability.
- **Durable Design:** Crafted from high-quality, heavy-duty plastic for long-lasting use.
- **Secure Latching System:** Features tight buckle-up latches to ensure the lid remains securely in place, protecting contents from dust and moisture.
- **Stackable:** Grooved lids and bodies allow for stable and secure stacking, maximizing vertical storage space.
- **Lockable:** Built-in holes by the handles accommodate a padlock (not included) for added security.
- **BPA-Free and Acid-Free:** Safe for storing a wide range of items, including documents, clothing, and food.

2. UNPACKING AND INITIAL SETUP

Your IRIS USA storage bins arrive fully assembled and ready for use. No complex assembly is required.

Steps:

1. Carefully remove the storage bins from their packaging.
2. Inspect each bin and lid for any signs of damage during transit.
3. Ensure all buckle latches are present and functional.
4. The bins are now ready to be filled and organized.

Store-It-All
20 Gallon

3. OPERATING INSTRUCTIONS

3.1 Using the Buckle-Up Latches

The bins are equipped with buckle-up latches on both ends to secure the lid to the base, protecting your items from dust and moisture.

- To close: Align the lid with the bin. Press down firmly on the lid. Push the buckle latches inwards until they snap securely over the rim of the bin.
- To open: Pull the buckle latches outwards from the rim of the bin. Lift the lid.

Image 3.1: A close-up of the buckle-up latches on the side of the storage bin, showing how they secure the lid to the base.

3.2 Stacking the Bins

The grooved design of the lids and bases allows for stable and secure stacking, optimizing vertical storage space.

- Ensure the lid of the bottom bin is securely latched.
- Place the next bin directly on top, aligning its base with the grooves on the lid of the bin below.
- Avoid stacking bins beyond a stable height, especially with heavy contents, to prevent tipping.

Stackable
Easy to stack to utilize vertical space

Image 3.2: Multiple navy storage bins stacked vertically, demonstrating their stackable design to utilize vertical space efficiently.

3.3 Securing with a Padlock (Optional)

For added security, the bins feature integrated holes near the handles that allow for the use of a padlock (not included).

- Ensure the lid is securely latched.
- Insert the shackle of a standard padlock through the designated holes on the lid and the handle.
- Lock the padlock to secure the contents.

Lock it Up

Add an extra layer of protection.

Image 3.3: A close-up view of a padlock attached to the integrated locking mechanism on the storage bin's lid, illustrating the lockable feature.

3.4 Strapping Down for Transport (Optional)

The grooved lids provide tie-down options for securing the bins during transport, such as in a vehicle or on a dolly.

- Ensure the lid is securely latched.
- Pass straps or bungee cords (not included) through the grooves on the lid to secure the bin to a stable surface or other items.

4. MAINTENANCE AND CARE

To ensure the longevity and cleanliness of your IRIS USA storage bins, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the bins and lids with a damp cloth and mild soap. Avoid abrasive cleaners or harsh chemicals, as these can damage the plastic. Rinse thoroughly and dry completely before storing items.
- **Storage:** When not in use, store bins in a cool, dry place away from direct sunlight to prevent material degradation over time.
- **Weight Capacity:** Do not exceed the maximum recommended weight of 65 pounds per bin to prevent damage to the bin or its contents.

Take Your Garage From Messy to Organized

5. TROUBLESHOOTING

While IRIS USA storage bins are designed for durability, occasional issues may arise. Here are some common concerns and their potential solutions:

- **Lid Does Not Latch Securely:**

- Ensure the lid is correctly aligned with the bin.
- Check for any obstructions around the rim or latches.
- Inspect the buckle latches for any visible damage or cracks. If a latch is broken, it may prevent a secure seal.

- **Bin Appears Damaged Upon Arrival:**

- If you receive a bin with broken components (e.g., latches, cracks), document the damage with photographs.
- Contact the retailer or manufacturer's customer support for assistance with replacement or return.

- **Difficulty Stacking Bins:**

- Verify that the lid of the lower bin is properly seated and latched.
- Ensure the bins are placed on a flat, level surface.
- Avoid overfilling bins, as bulging contents can interfere with proper stacking.

6. SPECIFICATIONS

Detailed specifications for the IRIS USA 20 Gallon Eco-Friendly Lockable Storage Bins:

Image 6.1: An open navy storage bin filled with various items, demonstrating its practical capacity for storage.

Feature	Detail
Brand	IRIS USA
