KAWADA CN-24

KAWADA Nano Block CN-24 Cara Nano Korilakkuma Instruction Manual

Model: CN-24

Introduction

This manual provides instructions for assembling the KAWADA Nano Block CN-24 Cara Nano Korilakkuma model. Nano Block is a micro-sized building block system designed for detailed construction. The finished Korilakkuma model is a collectible character that can be displayed on the included clear plate.

Safety Information

- **Warning:** This product contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- Recommended age for assembly is 12 years and up.
- Keep blocks away from infants and young children to prevent accidental ingestion.
- Always assemble on a clean, flat surface to prevent loss of small pieces.

Package Contents

Before beginning assembly, please verify that all components are present.

- Assorted Nano Blocks (approximately 260 pieces)
- Clear Display Plate (10 x 10 pots)
- Instruction Sheet (typically included inside the box, detailing specific assembly steps)

Setup and Assembly Instructions

The assembly of the Korilakkuma model requires careful attention to detail due to the micro-sized nature of the blocks. Refer to the detailed instruction sheet provided within the product packaging for step-by-step guidance.

1. **Preparation:** Open the package and carefully empty all blocks onto a clean, flat, well-lit surface. It is recommended to sort blocks by color and size to facilitate assembly.
2. **Follow Instructions:** Consult the included instruction sheet. It will illustrate the sequence of block placement, typically starting from the base and building upwards.
3. **Block Placement:** Nano Blocks connect by fitting the studs on top of one block into the holes on the bottom of another. Apply gentle, even pressure to ensure a secure fit.
4. **Detailing:** Pay close attention to the placement of specialized blocks, such as those for the eyes, nose, and mouth, which may be printed parts.

5. **Display Base:** Once the Korilakkuma figure is complete, attach it securely to the provided 10x10 clear display plate.

Operating Instructions (Displaying Your Model)

Once assembled, the Nano Block Korilakkuma model is designed for display. Place the model on its clear base in a stable location where it can be admired without risk of falling or being disturbed. The packaging itself can also be used as a collection case for display.

Maintenance

- **Cleaning:** To clean the assembled model, gently wipe it with a dry, soft cloth. Avoid using water or chemical cleaners, as these may damage the blocks or printed parts.
- **Handling:** Handle the model with care to prevent blocks from detaching. Avoid dropping or applying excessive force.
- **Storage:** If disassembling for storage, keep all blocks in a sealed container to prevent loss.

Troubleshooting

- **Missing Pieces:** If you believe pieces are missing, carefully re-check the packaging and your assembly area. Due to the small size, pieces can be easily overlooked. Contact KAWADA customer support if pieces are genuinely missing.
- **Difficulty Assembling:** If you encounter difficulty, review the instruction sheet carefully. Ensure blocks are oriented correctly and fully pressed into place. Sometimes, a small tool like tweezers can assist with very small or tight placements.
- **Model Instability:** Ensure all blocks are firmly connected. If the model feels unstable, retrace your steps to confirm all connections are secure, especially at the base.

Specifications

Feature	Detail
Brand	KAWADA
Model Number	CN-24
Character	Korilakkuma (Rilakkuma series)
Number of Pieces	260
Difficulty Level	2 (on a scale, typically 1-5)
