Larcele KLJM-02

Larcele Corgi Dog Micro Building Blocks Instruction Manual

Model: KLJM-02

INTRODUCTION

Thank you for choosing the Larcele Corgi Dog Micro Building Blocks set. This manual provides comprehensive instructions to guide you through the assembly process of your 4819-piece Corgi dog model. Please read all instructions carefully before beginning to ensure a smooth and enjoyable building experience.

SAFETY INFORMATION

- **Small Parts Warning:** This set contains very small building blocks. Keep out of reach of young children to prevent choking hazards.
- **Recommended Age:** While suitable for ages 6 and up, due to the tiny size and complexity, assembly is recommended for individuals aged 14 and above.
- **Adult Supervision:** Adult supervision is advised for younger builders.

PACKAGE CONTENTS

Verify that all components are present before starting assembly:

- Approximately 4819 micro building blocks (various shapes and colors).
- Detailed instruction manual (this document).
- Note: Tweezers are highly recommended for handling the small pieces but are not included in the package.

4819 PCS

Difficulty: ★ ★ ★ ★ ★

SETUP

Proper preparation is key to a successful build. Follow these steps before beginning assembly:

1. **Clear Workspace:** Ensure you have a clean, well-lit, and spacious area to work on. The small size of the bricks makes them easy to lose.
2. **Sort Bricks:** Carefully sort the micro blocks by color and shape. This will significantly speed up the assembly process and reduce frustration.
3. **Review Instructions:** Familiarize yourself with the instruction manual, paying close attention to the visual diagrams for each layer.

Video Guide: Sorting and Initial Assembly

Your browser does not support the video tag.

Video: This short video demonstrates the process of sorting the micro building blocks and the initial steps of layer-by-layer assembly, including how to identify connection points and secure bricks.

ASSEMBLY INSTRUCTIONS

The Larcele Corgi Dog model is built layer by layer. Patience and precision are essential for a successful outcome.

1. **Layer-by-Layer Construction:** Follow the provided diagrams in the manual for each layer. Each diagram shows the placement of bricks for that specific layer.
2. **Identify Connection Points:** Carefully count the studs and identify the exact connection points for each brick as shown in the instructions. Misplacing bricks in early layers can affect the stability and appearance of later layers.
3. **Secure Bricks:** Press each brick firmly into place to ensure a secure connection. Due to their small size, some bricks may require gentle but firm pressure.
4. **Use Tweezers (Optional but Recommended):** For very small or hard-to-reach areas, using a pair of fine-tipped tweezers (not included) can greatly assist in precise placement.
5. **Patience is Key:** The instructions may appear complex initially. Take your time, focus on one layer at a time, and you will find the process becomes easier as you progress.

Brick Version Information

Please note that there may be a mixed delivery of original and new versions of the micro blocks. Both versions are compatible, but their appearance may differ slightly. Refer to the image below for clarification.

MAINTENANCE

To keep your Larcele Corgi Dog model in optimal condition:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more thorough cleaning, use a slightly damp cloth and dry immediately. Avoid harsh chemicals.
- **Storage:** Store the assembled model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or warping of the plastic.
- **Disassembly:** If disassembling, do so carefully to avoid damaging the bricks. Store disassembled bricks in a secure container.

TROUBLESHOOTING

Encountering issues during assembly? Here are some common problems and solutions:

- **Bricks Not Staying Together:**

- Ensure bricks are pressed firmly into place.
- Verify that the correct bricks are being used for the specific step, as indicated in the instructions.
- Check for any debris or foreign objects between the studs and tubes that might prevent a secure connection.

- **Missing Pieces:**

- Double-check your sorted piles and the surrounding workspace. Due to their small size, pieces can easily be overlooked.
- If pieces are genuinely missing, please contact Larcele customer support with your product model (KLJM-02) and a description of the missing parts.

- **Difficulty Following Instructions:**

- Review the diagrams carefully, counting studs and identifying symmetry points.
- Watch the provided video guide for visual assistance.
- Take breaks if you feel overwhelmed. Sometimes a fresh perspective helps.

SPECIFICATIONS

Product Name	Larcele Corgi Dog Micro Building Blocks
Model Number	KLJM-02
Number of Pieces	4819
Product Dimensions (Assembled)	Approximately 12 x 6 x 12 inches (30cm x 15cm x 30cm)
Item Weight	1.86 pounds
Material	Plastic
Manufacturer Recommended Age	6 years and up (Recommended 14+ for assembly)

size
