AT&T BL102-4

AT&T BL102-4 DECT 6.0 Cordless Phone System User Manual

Model: BL102-4

PRODUCT OVERVIEW

The AT&T BL102-4 DECT 6.0 4-Handset Cordless Phone System is designed for home use, offering advanced features such as unsurpassed range, smart call blocking, caller ID announcement, audio assist, and an integrated answering machine. This system provides clear communication and enhanced control over incoming calls.

Image: The AT&T BL102-4 cordless phone system, showing the main base unit with one handset docked, and three additional handsets with their charging cradles. The system is silver and black.

SETUP

What's in the Box

- 1 Base Unit
- 4 Cordless Handsets
- 3 Handset Chargers
- 4 AC Adapters

Initial Installation

1. **Connect the Base Unit:** Plug the base unit's AC adapter into a power outlet and the telephone line cord into a telephone wall jack.
2. **Charge Handsets:** Place each cordless handset into its respective charging cradle (base unit or auxiliary charger). Ensure the handsets are properly seated for charging. The battery icon on the handset display will indicate charging status.
3. **Initial Charge:** Allow handsets to charge for at least 16 hours before first use to ensure optimal battery performance.

OPERATING INSTRUCTIONS

Making and Receiving Calls

- To make a call, press the **PHONE/FLASH** button and dial the number.
- To answer a call, press the **PHONE/FLASH** button when the phone rings.
- To end a call, press the **OFF/CANCEL** button.

Unsurpassed Range

This cordless system utilizes a unique antenna design and advanced noise-filtering technology to provide extended range and clarity, allowing you to use your phone throughout your home and yard.

Image: Diagram illustrating the extended range of the AT&T cordless phone system, showing a handset being used far from the base unit within a home environment.

Smart Call Blocker

The Smart Call Blocker feature automatically blocks robocalls from ringing through. You can also permanently blacklist any unwanted number with a single touch. The call block directory can store up to 1,000 name and number entries.

Smart Call Blocker
Save time by not checking all calls, unlike other phones

One touch block

Smart Call Blocker (SCB) - Explainer*

Caller	SCB Action	BL102 Phone
Address Book Calls, Star name List Calls	Call allowed 	Ringing 
Unknown Calls, Robo Calls	SCB instructions to caller 	Rejected  Answering Machine 
Block List Calls	Call rejected 	Rejected 

* For more details refer product support documents

Caller ID Announce
ENERGY STAR

Digitally record up to 22 mins of incoming messages, outgoing announcements, and memos. Remote access. Message retrieval from handset and base. Message time stamp.

Image: A finger pressing the 'CALL BLOCK' button on the handset, demonstrating the one-touch blocking feature.

Caller ID Announce

The handset announces the name of the caller, allowing you to screen calls without needing to look at the display. This feature helps you decide whether to answer or block the call.

Unsurpassed Range

Experience the best in unsurpassed range coverage and clarity, provided by a unique antenna design and advances in noise-filtering technology.

Image: A handset on its base, with a speech bubble indicating 'Mr. Johnson is calling...', demonstrating the Caller ID Announce feature.

Digital Answering System

The integrated digital answering system can record up to 22 minutes of incoming messages, outgoing announcements, and memos. It includes a voice guide for easier setup and allows for remote access and message retrieval from both the handset and base.

Audio Assist

Instantly boost up the call volume by clicking the Audio Assist button

Image: Close-up of the base unit's answering system controls, showing the LED message counter displaying '12' and buttons for play/stop, repeat, and skip.

Display and Keypad Features

- **Large 2-inch Screen:** High-contrast text on the extra-large screen ensures easy readability of caller ID and call history.
- **Big Buttons & Lighted Keypad:** Enlarged font and extra-large, lighted handset keypad facilitate easy dialing, especially in low-light conditions or for users with visual impairments.
- **Visual Ringer:** A bright red visual ringer makes incoming calls easily noticeable throughout your home.

Large 2-inch Screen

High-contrast text on the extra-large screen makes it easy to read incoming caller ID or call history records. Plus, the lighted handset keypad allows for easy dialing in low-light conditions.

Image: Close-up of the handset's large 2-inch screen, showing clear text display for incoming calls.

Image: A hand pressing one of the large, clearly labeled buttons on the handset keypad.

Visual ringer

The bright red visual ringer makes incoming calls easily noticed throughout your home.

Image: Top portion of the handset showing the bright red visual ringer illuminating during an incoming call.

Handset Speakerphone and Audio Assist

- **Full-Duplex Speakerphone:** The built-in speakerphone on the handset allows both parties to speak and be heard simultaneously, providing more natural conversations.
- **Audio Assist:** Instantly boost call volume by pressing the Audio Assist button, enhancing clarity for users with hearing difficulties.
- **Intercom:** Handset intercom functionality facilitates communication between handsets within the system.

Caller ID Announce

Mr. Johnson
is calling...

Screening calls has never been easier. The handset announces the name of the caller, so you don't have to scramble for the handset to see who's calling.

Image: Two handsets, one on the base and one on a charging cradle, with a speaker icon indicating the speakerphone function.

Dimensions

Handset

A: Height 7.29 inches
18.52 cm

B: Width 3.00 inches
7.62 cm

C: Length 2.83 inches
7.19 cm

MAINTENANCE

Battery Care

The product contains nickel-metal hydride rechargeable batteries. To maintain optimal battery life and performance:

- Always return the handset to its charging cradle when not in use.
- Avoid exposing batteries to extreme temperatures.
- If the phone will not be used for an extended period, remove the batteries.

Cleaning

Wipe the phone and base unit with a soft, damp cloth. Do not use cleaning sprays or harsh chemicals.

TROUBLESHOOTING

For common issues such as no dial tone, static, or charging problems, please refer to the comprehensive user manual. Many issues can be resolved by ensuring all cables are securely connected and handsets are properly charged. If

problems persist, contact customer support.
