## Casio F91W

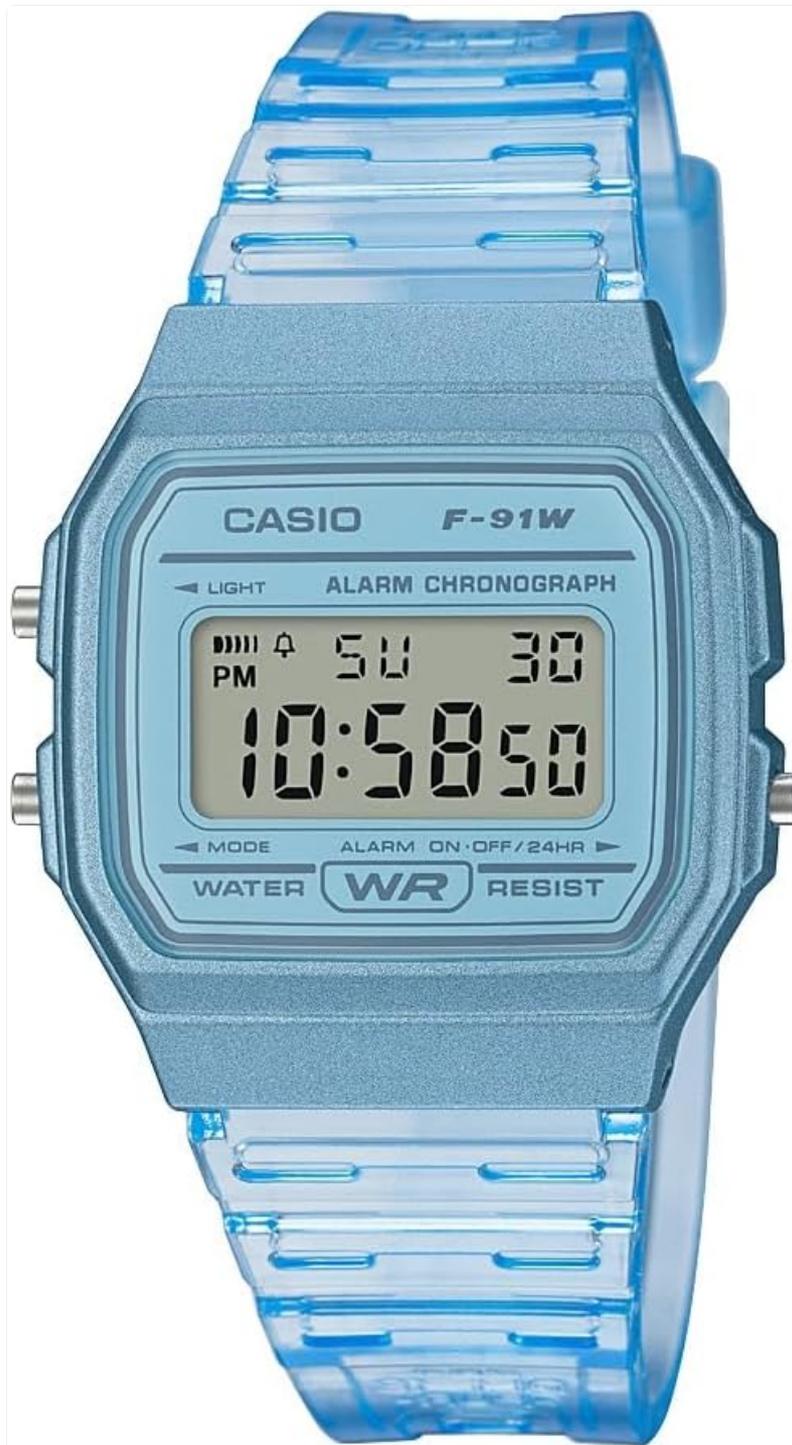

# Casio F91W Series Digital Watch Instruction Manual

Model: F91W

## INTRODUCTION

---

Thank you for choosing the Casio F91W Series Digital Watch. This classic timepiece offers reliable digital timekeeping, a stopwatch, daily alarm, and an LED light, all within a durable, water-resistant design. This manual provides comprehensive instructions to help you get the most out of your watch.

**Image 1:** Front view of the Casio F91W Digital Watch in Clear Blue. The display shows the time, day, and date, with "LIGHT", "ALARM CHRONOGRAPH", "WATER RESIST", and button labels visible.

## BUTTON FUNCTIONS

Your Casio F91W watch features three buttons for operation. Refer to the image below for their locations:

7. Press **Button B** (Mode) to move the flashing selection to the month.
8. Press **Button C** (Adjust) to advance the month.
9. Press **Button B** (Mode) to move the flashing selection to the date.
10. Press **Button C** (Adjust) to advance the date.
11. Press **Button B** (Mode) to move the flashing selection to the day of the week.
12. Press **Button C** (Adjust) to advance the day of the week.
13. Press **Button B** (Mode) to exit the Time Setting Mode and return to normal Timekeeping.

## 12/24-Hour Format Selection

In the normal Timekeeping Mode, press **Button C** (Adjust) to toggle between the 12-hour and 24-hour (military) time formats.

## OPERATING MODES

---

### Cycling Through Modes

Press **Button B** (Mode) to cycle through the watch's different functions in the following order:

- Timekeeping Mode (default display)
- Alarm Mode
- Stopwatch Mode
- Time Setting Mode (as described above)

### Using the Daily Alarm

1. From Timekeeping Mode, press **Button B** (Mode) once to enter Alarm Mode. The alarm time will be displayed.
2. Press **Button C** (Adjust) to set the alarm hour.
3. Press **Button B** (Mode) to move the flashing selection to the alarm minutes.
4. Press **Button C** (Adjust) to set the alarm minutes.
5. Press **Button B** (Mode) to exit alarm setting.
6. While in Alarm Mode, press **Button C** (Adjust) to toggle the daily alarm ON or OFF. An alarm indicator (bell icon) will appear on the display when the alarm is active.
7. To toggle the Hourly Time Signal (chime every hour) ON or OFF, press **Button A** (Light) while in Alarm Mode. A chime indicator will appear when the hourly time signal is active.

### Using the Stopwatch

The stopwatch measures elapsed time in 1/100-second increments.

1. From Timekeeping Mode, press **Button B** (Mode) twice to enter Stopwatch Mode. The display will show 00:00:00.
2. Press **Button C** (Adjust) to start the stopwatch.
3. Press **Button C** (Adjust) again to stop the stopwatch.
4. To reset the stopwatch to 00:00:00, press **Button A** (Light) while the stopwatch is stopped.

### Using the LED Light

Press **Button A** (Light) in any mode to illuminate the display for a few seconds. Note that the light is designed for basic illumination in dark conditions.

## MAINTENANCE

---

### Water Resistance

Your Casio F91W watch is marked as "WATER RESISTANT". This means it is suitable for everyday use and can withstand splashes, rain, and brief immersion in water (e.g., hand washing). It is **not** designed for swimming, diving, or prolonged water exposure. Avoid operating buttons while the watch is wet to prevent water entry.

### Cleaning Your Watch

Wipe the watch with a soft, dry cloth to remove dirt and moisture. For stubborn grime, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.

### Battery Replacement

The watch is powered by a CR2016 lithium battery, with an approximate life of 7 years. When the display becomes dim or functions become erratic, it may be time for a battery replacement. It is recommended to have the battery replaced by a qualified watch technician to ensure proper sealing and maintain water resistance.

## TROUBLESHOOTING

---

- **Display is blank or dim:** The battery may be low or depleted. Replace the battery.
- **Time is incorrect:** Re-set the time and date following the instructions in the "Setting the Time and Date" section.
- **Alarm does not sound:** Ensure the alarm is activated (bell icon visible) in Alarm Mode.
- **Hourly Time Signal does not sound:** Ensure the hourly time signal is activated (chime icon visible) in Alarm Mode.
- **Buttons are unresponsive:** Ensure the watch is not exposed to extreme temperatures or strong magnetic fields. If the issue persists after a battery change, professional inspection may be required.

## SPECIFICATIONS

---

Feature	Detail
Model Number	F-91WS-2CF (Clear Blue variant)
Display Type	Digital
Water Resistance	Yes (Water Resistant, not for swimming/diving)
Light	LED backlight
Stopwatch	1/100-second stopwatch
Alarm	Daily alarm
