WeatherTech 431330

WeatherTech Cargo Trunk Liner Instruction Manual

Model: 431330
For Mercedes AMG GLS 63, GLS-Class SUV (Behind 3rd Row)

1. Product Overview

The WeatherTech Cargo Trunk Liner is a custom-fit protective mat designed to safeguard your vehicle's trunk or cargo area from spills, dirt, and debris. Engineered with precision, it provides comprehensive coverage and features a specialized design to keep your cargo secure and your vehicle's interior pristine.

2. Key Features

- **Custom Fit:** Precisely engineered for select 2020-2020 Mercedes AMG GLS 63, 2021-2025 Mercedes GLS SUV, 2020-2020 Mercedes GLS-Class, and 2021-2025 Mercedes AMG GLS 63 SUV Models, specifically for the area behind the 3rd row seating.
- **Durable Material:** Constructed from a proprietary custom blended Thermoplastic Elastomer (TPE) that is highly wear-resistant and maintains flexibility even under extreme temperature conditions.
- **Raised Lip Design:** Features a raised outer lip that effectively contains spills, dirt, and debris, preventing them from reaching your vehicle's carpet.
- **Skid-Resistant Surface:** The textured finish helps to minimize cargo shifting during transit, keeping your items

stable.

- **Made in USA:** Proudly manufactured in the United States.
- **Color:** This specific model is available in Cocoa. Other colors like Black, Tan, and Grey are available for other models.

3. Setup and Installation

The WeatherTech Cargo Trunk Liner is designed for easy installation. Simply place the liner into your vehicle's cargo area behind the 3rd row seating. Due to packaging, the liner may arrive rolled. If it does not lie completely flat immediately, unroll it and place it in a warm environment or under sunlight for a short period, or place weights on the edges for a day or two to help it settle and conform to the vehicle's contours.

4. Operating and Usage

This cargo liner is ideal for protecting your vehicle's interior during various activities, from daily commutes to hauling supplies. Its robust design makes it suitable for:

- Transporting gardening supplies, tools, or construction materials.
- Carrying sports equipment, luggage, or groceries.
- Protecting the cargo area when transporting pets.

Optional Accessories:

- **Bumper Protector:** An optional accessory that extends over your vehicle's bumper, providing protection from scratches and scuffs when loading or unloading cargo.
- **CargoTech Cargo Containment System:** A system of movable blocks designed to help organize and secure items within the cargo liner, preventing them from shifting during travel.

It shows various scenarios of use, from sports gear to gardening supplies.

5. Maintenance and Care

Keeping your WeatherTech Cargo Trunk Liner clean is simple and helps maintain its appearance and protective qualities. For most cleaning, simply remove the liner from your vehicle, hose it down with water, and wipe it clean with a cloth. For tougher dirt or stains, a mild soap solution can be used. Ensure the liner is dry before placing it back into your vehicle.

6. Troubleshooting

Liner Not Lying Completely Flat:

If your liner appears slightly curled or not perfectly flat upon arrival, this is typically due to packaging. To resolve this:

- Place the liner in a warm area (e.g., direct sunlight) for a few hours to allow the material to relax.
- Alternatively, place heavy, flat objects (like books or small weights) on the affected areas overnight to help flatten

the liner.

- Once installed in the vehicle, the liner will typically conform to the cargo area's shape over time with use.

7. Specifications

Brand	WeatherTech
